**CONCURRENT RESOLUTIONS**

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 27

Whereas, allowing retail customers of electric generation to have access to competitive suppliers of retail electricity is being considered by many states, and has already been implemented in several other states; and

Whereas, the ability of Missouri citizens and businesses to compete in the global market may be harmed unless they have access to reliable electrical power at rates and on terms which are competitive with rates and terms in others states; and

Whereas, legislation designed to implement retail competition will require a careful examination of existing law, and the provisions of that legislation must take into account a variety of issues and factors:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby create the Task Force on Retail Electric Competition; and

Be It Further Resolved that the mission of the task force shall be to fully consider and make recommendations in a report to the General Assembly on:

- (1) The method, feasibility, and impact of implementing retail electric competition on Missouri generators of electricity and Missouri consumers of electricity;
- (2) The costs and benefits other states have experienced as a result of retail electric competition;
- (3) The taxation and regulatory issues associated with implementing retail electric competition;
- (4) The social and other public service functions provided by the regulated electric utility industry to determine the potential impact of retail electric competition on these functions;
- (5) Whether, and under what terms, retail electric competition should be offered in Missouri; and

Be It Further Resolved that the task force be authorized to call upon any department, office, division, or agency of this state to assist in gathering information pursuant to its objective; and

Be It Further Resolved that the task force shall consist of the following members:

- (1) One member of the senate of the majority party appointed by the president pro tempore of the senate, to serve as the chair of the task force;
- (2) One member of the house of representatives of the majority party appointed by the speaker of the house of representatives, to serve as the vice chair and secretary of the task force, and who will provide an agenda and report minutes of the task force;
- (3) One member of the majority party of the senate and one member of the minority party of the senate appointed by the president pro tempore of the senate;
- (4) One member of the majority party of the house of representatives and one member of the minority party of the house of representatives appointed by the speaker of the house of representatives;
- (5) The Office of the Public Counsel, or his or her designee, to serve as a member and to provide technical assistance to the task force;

(6) The Director of the Division of Energy, or his or her designee, to serve as a member and to provide technical assistance to the task force;

(7) The Chair of the Public Service Commission, or his or her designee, to serve as a member and to provide technical assistance to the task force;

(8) A representative from each of the three segments of the retail electric industry appointed by the president pro tempore of the senate from the respective nominees submitted by the statewide associations of the investor-owned electric utilities, rural electric cooperatives, and municipally-owned electric utilities;

(9) A representative of retail electric consumers appointed by the speaker of the house of representatives;

(10) Two members representing the renewable energy industry appointed by the Chair of the Public Service Commission;

(11) Two members appointed by the Chair of the Public Service Commission representing each of the regional transmission organizations whose coverage area includes Missouri: Southwest Power Pool and Midcontinental Independent System Operator; and

Be It Further Resolved that the staff of Senate Research and House Research shall provide such legal, research, clerical, technical, and bill drafting services as the task force may require in the performance of its duties; and

Be It Further Resolved that the task force, its members, and any staff assigned to the task force shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the task force; and

Be It Further Resolved that the chair or vice chair and secretary of the task force shall call an organizational meeting within fifteen days of the adoption of this resolution; and

Be It Further Resolved that the task force shall terminate by either a majority of members voting for termination, or by December 31, 2018, whichever occurs first; and

Be It Further Resolved that on the date of termination, the task force may deliver a report of findings and recommendations to the General Assembly; and

Be It Further Resolved that this resolution does not amend any state law to which any retail electric generator or consumer is subject, and shall be interpreted to be consistent with any requirements of such state or federal law; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Office of Public Counsel, the Division of Energy, and the Chair of the Public Service Commission.

#### SENATE CONCURRENT RESOLUTION NO. 28

Whereas, extensive and credible reports have revealed mass killing of prisoners of conscience in the People's Republic of China, primarily practitioners of the spiritual based exercises of Falun Gong, but also other religious and ethnic minority groups, in order to obtain organs for transplants; and

Whereas, the organ transplantation system in China does not comply with the World Health Organization's Guiding Principles of traceability and transparency in organ procurement pathways, and the government of the People's Republic of China has resisted independent scrutiny of the system; and

Whereas, traditional Chinese custom requires bodies to be preserved intact after death. With rare voluntary organ donation, however, China's transplantation industry significantly increased since 2000; and

Whereas, the 2017 Freedom House Report "The Battle for China's Spirit" states that "Available evidence suggests that forced extraction of organs from Falun Gong detainees for sale in transplant operations has occurred on a large scale and may be continuing"; and

Whereas, an investigative report, published in June 2016, conducted by human rights attorney David Matas, former Canadian Secretary of State for Asia-Pacific David Kilgour, and journalist Ethan Gutmann, estimated that China is performing 60,000 to 100,000 transplants per year as opposed to 10,000 transplants claimed by the Chinese government, which is "an industrial-scale, state-directed organ transplantation system, controlled through national policies and funding, and implicating both the military and civilian healthcare systems"; and

Whereas, China's Liver Transplant Registry System indicated that more than 25% of cases were emergency transplants, for which an organ was found within days or even hours. Wait times for non-emergency liver transplants were usually quoted in weeks. Most patients in other countries have to wait years for a transplant; and

Whereas, the Chinese government claims that 90% of China's organ transplant sources come from executed prisoners. However, the number of executions has dropped 10% annually since 2002 and is far less than the number of transplants taking place. The government has never acknowledged the sourcing of organs from prisoners of conscience; and

Whereas, Falun Gong, a spiritual practice involving meditative "qigong" exercises and centered on the values of truthfulness, compassion, and forbearance, became immensely popular in China in the 1990s, with multiple estimates placing the number of practitioners at upwards of 70 million; and

Whereas, in July 1999, the Chinese Communist Party launched an intensive, nationwide persecution designed to eradicate the spiritual practice of Falun Gong, including physical and mental torture, reflecting the party's long-standing intolerance of large independent civil society groups; and

Whereas, since 1999, hundreds of thousands of Falun Gong practitioners have been detained extra-legally in Chinese reeducation-through-labor camps, detention centers, and prisons, where torture, abuse, and implausible medical exams and blood tests on Falun Gong practitioners are routine; and

Whereas, Freedom House reported in 2015 that Falun Gong practitioners comprise the largest portion of prisoners of conscience in China, and face an elevated risk of dying or being killed in custody; and

Whereas, the United Nations Committee Against Torture and the Special Rapporteur on Torture have expressed concern over the allegations of organ harvesting from Falun Gong prisoners, and have called on the Government of the People's Republic of China to increase accountability and transparency in the organ transplant system and punish those responsible for abuses; and

Whereas, in June 2016, the U.S. House of Representatives unanimously passed House Resolution 343, condemning the systematic, state-sanctioned organ harvesting from Falun Gong and other prisoners of conscience; and

Whereas, the killing of religious or political prisoners for the purpose of selling their organs for transplant is an egregious and intolerable violation of the fundamental right to live; and

Whereas, organ tourism to China should not be shielded by medical confidentiality, but openly monitored. No nation should allow their citizens to go to China for organs until China has allowed a full investigation into organ harvesting of prisoners of conscience, both past and present:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein:

(1) Call upon the Government of the People's Republic of China to immediately end the practice of organ harvesting from all prisoners and prisoners of conscience, and explicitly from Falun Gong prisoners of conscience and members of other religious and ethnic minority groups;

(2) Call upon the Government of the People's Republic of China to immediately end the 17-year persecution of the Falun Gong, and the immediate release of all Falun Gong practitioners and other prisoners of conscience;

(3) Call upon the President of the United States to undertake a full and transparent investigation by the United States Department of State into organ transplant practices in the People's Republic of China, and calls for the prosecution of those found to have engaged in such unethical practices;

(4) Encourage the medical community of Missouri to engage in educating colleagues and residents of Missouri about the risks of travel to China for organ transplants so as to help prevent Missouri residents from unwittingly becoming involved in murder in the form of forced organ harvesting from prisoners of conscience; and

(5) Agree to take measures to ban the entry of those who have participated in illegal removal of human tissues and organs, and seek prosecution of such individuals should they be found on the soil of Missouri; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Vice President of the United States, the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the chair of the Senate Committee on Foreign Affairs, the chair of the House Committee on Foreign Relations, and each member of Missouri's Congressional delegation.

#### SENATE CONCURRENT RESOLUTION NO. 31

Whereas, the founders of this great nation set forth on the Earth an enduring Republic and charged future generations with the solemn duty of its preservation; and

Whereas, the Constitution of these United States, which is the cornerstone of this Republic, establishes the process to propose and ratify amendments to itself, including a process reserved for the state legislatures in Article V of the United States Constitution; and

Whereas, the State of Missouri recognizes that this process to amend the United States Constitution should by right be held in esteem, worthy of the sacrifice of our founders; and

Whereas, the State of Missouri recognizes that a preexisting set of rules and procedures to convene a convention for proposing amendments under Article V of the United States Constitution is desirable to ensure that such a convention functions effectively and decisively; and

Whereas, the State of Missouri recognizes that the Assembly of State Legislatures, made up of a bipartisan group of state legislators from 45 states, has met over a period of four years to carefully craft and consider rules and procedures for the convening of an Article V convention:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby declares that should a convention for proposing amendments under Article V of the United States Constitution be called, the State of Missouri supports the adoption of the rules and procedures adopted by the Assembly of State Legislatures on June 17, 2016, as the official rules and procedures to convene such a convention; and

---

O God we begin a new week and there is much that seeks our attention and so we ask that You grant us righteousness and truth in our hearts and minds, clothe us so our hearts seek to live lives that bear witness to Your grace and mercy. And grant us to always be about that which is helpful and right for those we serve. In Your Holy Name we pray. Amen.

**CONCURRENT RESOLUTIONS**

Senator Holsman offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 32**

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which regulate elections.

Whereas, the framers of the Constitution of the United States of America intended that the Congress of the United States of America should be “dependent on the people alone” (James Madison, Federalist 52); and

Whereas, that dependency has evolved from a dependency on the people alone to a dependency on powerful special interests, through campaigns or third-party groups, that have created a fundamental imbalance in our representative democracy; and

Whereas, Americans across the political spectrum agree that elections in the United States of America should be free from the disproportional influence of special interests and fair enough that any citizen can be elected into office; and

Whereas, the Constitution of the State of Missouri states “that all political power is vested in and derived from the people; that all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole” and the people have the exclusive right to alter their constitutions of government whenever they deem it necessary (Article I, Sections 1 & 3); and

Whereas, Article V of the United States Constitution requires Congress to call a convention for proposing amendments to the federal Constitution on the application of two-thirds of the legislatures of the several states; and

Whereas, the Missouri General Assembly perceives the need for an amendments convention in order to restore balance and integrity to our elections by proposing an amendment to the federal Constitution that will permanently protect free and fair elections in America by addressing, inter alia, issues raised by the decisions of the United States Supreme Court in *Citizens United v. Federal Election Commission* (2010) 130 S.Ct. 876 and related cases and events; and

Whereas, the Missouri General Assembly perceives the need for an amendments convention in order to restore transparency to our elections by proposing an amendment to the federal Constitution that will permanently impose transparency in the contributions and expenditures being made by entities engaged in electioneering activities, including all organizations organized as nonprofit organizations and that are exempt from taxation under Section 501(c)4 of the Internal Revenue Code and desires that said convention should be so limited; and

Whereas, the State of Missouri desires that the delegates to said convention shall be comprised equally of individuals currently elected to state and local office, or be selected by election, in each Congressional district for the purpose of serving as delegates, though all individuals elected or appointed to federal office, now or in the past, be prohibited from serving as delegates to the convention, and intends to retain the ability to restrict or expand the power of its delegates within the limits expressed herein; and

Whereas, the State of Missouri intends that this be a continuing application considered together with applications calling for a convention passed in the 2013-2014 Vermont legislature as R454, the 2013-2014 California legislature as Resolution Chapter 77, the 98th Illinois General Assembly as SJR 42, the 2014-2015 New Jersey legislature as SCR 132, the 2015-2016 Rhode Island legislature as HR 7670 and SR 2589, and all other passed, pending, and future applications until such time as two-thirds of the several states have applied for a convention for a similar purpose and said convention is convened by Congress:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby apply to the United States Congress, under the provisions of Article V of the United States

Constitution for the calling of a convention of the states for the exclusive purpose of proposing an amendment to the United States Constitution that will restore free, fair, and transparent elections as described herein; and

Be It Further Resolved that the Secretary of the Senate transmit copies of this resolution to the President of the United States; the Vice President of the United States in his capacity as presiding officer of the United States Senate, the Speaker of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the President Pro Tempore of the United States Senate, to each Senator and Representative from Missouri in the Congress of the United States with the respectful request that the full and complete text of this resolution be printed in the Congressional Record, to the presiding officers of each legislative body of each of the several states, requesting the cooperation of the states in issuing an application compelling Congress to call a convention for proposing amendments pursuant to Article V of the U.S. Constitution.

Read 1st time.

The Joint Committee appointed to wait upon His Excellency, Governor Eric Greitens, escorted the Governor to the dais where he delivered the State of the State Address to the Joint Assembly:

**2018 State of the State Address  
Governor Eric R. Greitens**

Thank you, Lieutenant Governor Parson; Speaker Richardson and the members of the Missouri House; President Pro Tem Richard and members of the Missouri Senate; Chief Justice Fischer and judges of the Supreme Court; State officials; Members of the Cabinet; Our First Lady, and

my wife, Sheena Greitens.

We have many honored guests here tonight. One who is particularly special to me is my kindergarten teacher, Anne Richardson, who is here.

I was in Mrs. Richardson's Kindergarten class at McKelvey Elementary, and it was at McKelvey Elementary that I first heard the story of a boy from the town of Diamond, Missouri.

He was born over a century ago, and he was born a slave. When he was a baby, he and his mother were kidnapped. He never saw his mother again, but by God's grace, he found a loving home, and a new family that raised him as their own.

Now, at the time, no school in town would admit a black student, so his parents taught him how to read and to write. When he was older, they sent him to Neosho, about 10 miles down the road, where there was a school that opened its doors to him. He worked hard, and he did well. So well, in fact, that he was admitted to an agricultural college.

This was a tough time for American farmers. Their land was losing its richness, and no one could figure out a fix. The young man from Diamond invented new ways to grow crops. He traveled the country fixing farms, sometimes one-by-one, helping rural communities grow strong and feed more people. By some reports, he is the man who rescued American agriculture.

When George Washington Carver was born, he was considered, by many, to be property on a plantation. He became, an American hero, a friend of Presidents, a counselor to everyone from the Secretary of Agriculture to Mahatma Gandhi. His face was on postage stamps, and his name on a Navy submarine. He was, and he remains, one of us: a Missourian. His story is our story.

George Washington Carver passed away 75 years ago this month. As we begin our work, in this time and this place, we should celebrate his life. We should remember where he started and how far he went. We Missourians know that the contributions that have counted most have often come from people who were, at one time, counted out.

I was sent here, and I believe that many of you were sent here, not to work for the connected or the comfortable, but for those who have felt counted out and forgotten. They are strong and proud, and while they may not have pull or power or privilege, they do have enormous potential. To those Missourians, I have a simple message: We have been and we will fight for you every single day.

We promised we'd fight for your jobs, and we are. The most important thing we can do for Missouri families is to make it easier for those without jobs to find them and make sure that those who have jobs keep them. Over the past year, we have devoted the energy and attention of our office to putting Missourians back to work.

Here are the results: Today, Missouri has the lowest unemployment rate it's had in 17 years. Since last March, we have outpaced the nation in job growth, and in the past year, Missouri moved up nine spots in the rankings of the best states in the country to do business. There are more manufacturing jobs in our state than there were a year ago. We're putting a steel mill in Sedalia, Missouri, and we are competing for more steel mills and other plants around the state.

We are bringing good quality jobs back to Missouri. Now, we haven't fixed in one year what was broken over the course of many decades, and many Missourians still struggle. We have a lot of work left to do, but tonight, we can say: there are more jobs in Missouri than ever before, people are going back to work, and we are moving Missouri in a new and better direction.

Some of the people who need us most, who are counting on us, are the children in the Missouri foster care system, all 13,000 of them. We live in a compassionate state: there are thousands of loving families in Missouri who have opened their homes and their hearts to foster children. In fact, some foster and adoptive families are with us in the balconies this evening. Please join me in recognizing them.

A year ago, if a child in foster care needed a copy of their own birth certificate to apply for a driver's license or to get a job, they had to pay for it out of their own pocket. Today, we can proudly say they can get that birth certificate without having to give the government their money.

A year ago, a child entering our foster system may not have known their rights. This is an issue that many of you have cared about for a long time and worked on for a long time. And I was proud to join with you to sign into law a "Foster Care Bill of Rights."

Last month, Missouri officially joined the National Electronic Interstate Compact Enterprise to make adoption easier across state lines. I want to give a special thank you for her hard work on this issue to the First Lady of the State of Missouri, my wife, Sheena Greitens.

Our team has been working with members of this body on twenty legislative initiatives to help children in need. Some of these initiatives will help reform and improve Missouri's adoption system, so we can get children into safe, stable, and loving homes faster. Another would help

foster children get access to bank accounts, so they can save their money. Together, these twenty legislative initiatives will make a meaningful difference in the lives of the children of the state of Missouri.

As many of you know, before I joined the military, I worked with children in some of the world's most difficult places. I worked with children who'd lost their homes. Kids who had lost limbs to landmines. Children who'd lost their parents to violence. That work taught me that the damage done to children, too often, leads people to look at them as only damaged children. People see their problems and pain, but they miss their courage. They see their scars. They don't see their strength.

Every child in the Missouri foster care system has seen more than their fair share of hardship. We need to see in them their God-given potential, and we need to do everything in our power to help them to fulfill it.

Tonight, I want to ask the members of this body to do something straightforward: Put politics on hold. Set any differences you may have with one another, or with me, to the side. These are children. These are kids. There are 13,000 of them. We must love them and care for them as if they were our own, because, in law and spirit, they are. Tonight, let's join together, and pledge to get this work done for the kids who need us most.

One of the most important things we can do for those kids, and for their families, and for families throughout Missouri, is to continue to bring more good jobs back to our state.

For Missouri to prosper, we need to get government off our backs. When we came into office, we looked at the burden of regulations and red tape on our farms, ranches, businesses, homes, neighborhoods, and communities. We had almost 7,000 regulations and 112,000 regulatory requirements on the books, adding up to more than seven million words in total. Here's how bad things got in Missouri: Since 2002, regulatory requirements in our state grew at a faster—yes, a faster—rate than the regulations imposed on us by bureaucrats in Washington, DC.

In Missouri, there was a regulation on the books that forced some small businesses to install and pay for a land line phone, even if they didn't want it and didn't use it. If you haul milk for a living, the government requires you to do a training. Now, it's a training that could be done online, on your own time, but because of outdated regulations, you've got to go to a meeting set up by the government to do it.

Regulations like these that waste money, waste time, are outdated and irrelevant had been building up for too long, like plaque in the arteries of Missouri's economy. These regulations cost Missourians money. They raise the prices of the things we buy. They slow down our mills, our farms, our factories, our shops. And they make government more bloated and more burdensome.

Because of this, we launched the most aggressive, most thorough, most ambitious effort to roll back unnecessary regulations in the United States. By taking a strong, thoughtful, conservative approach to government, we can tell you tonight that we are taking nearly one out of every three regulatory requirements in the state of Missouri—that's 33,000 regulatory requirements—off the books for good.

Missouri has become a leader. In fact, other states have modeled their regulatory reforms on what we are doing to increase liberty and prosperity in the state of Missouri. My team and I will continue to eliminate regulations that are unproductive and unnecessary, and, when we need legislation to roll back regulations, we will work with you.

But there is more we need to do to grow jobs in our state. Some of these we've talked about before: Making sure that we have the right laws on the books to be fair to family businesses, and making strategic investments in education, infrastructure, and workforce development. Yet one of the best investments we can make in Missouri, is also one of the most straightforward: cut taxes and put money back into the pockets of the people of Missouri.

Last year, we faced a choice: we could cut spending or raise taxes. I'm proud to say that we cut spending, and we did not raise taxes on the citizens of Missouri a single nickel.

Early next week, my team and I will lay out a detailed, thoughtful, and thorough plan to cut taxes on the hardest-working families in our state. It is the boldest state tax reform in America. And with your help, we will lower taxes for working families and make it easier for businesses to come to Missouri and create jobs. And we will do it in a way that is fiscally sound, maintains our state's triple-A credit rating, and does not burden our children with debt.

In 2018, I want this body to cut taxes for the people of Missouri, and to cut taxes for businesses that create jobs. Let's get it done.

Today, I'm proud to tell you that we continue to shrink the size of government. In fact, today the government of the state of Missouri is the smallest it's been in two decades. At the same time, we've been improving how government serves our citizens. To do this, we brought in a team of outsiders, with a clear mission: the most effective government at the lowest possible cost.

In the Department of Natural Resources, we discovered a backlog of over 2,000 permit applications that had been submitted by businesses. The backlog was decades old, and in just the last year, the Department sliced it in half. They actually found a permit that a company applied for in 1997. I'm happy to report to you tonight: it's been approved.

Not only that: they got all of this done while cutting the Department's size and spending less money, and even with a smaller and leaner department, they still managed to make sure that Missourians have the safest drinking water they've had in almost 20 years.

This type of change is happening across government. We found four planes that the government didn't need, and we sold them off. That also saved taxpayers almost \$40,000 a year in maintenance, money the government was paying for planes that nobody was using. We found 30 cars the government didn't need, and we're getting rid of them. That's going to save Missourians over \$500,000. Every year, the Governor's office printed thousands of pages of paper for its annual budget. And every year, many of those big books sat on shelves, unopened and collecting dust. So this year, we are putting the budget online and saving \$3,601.50 in printing costs.

We pay attention to dollars, and we pay attention to cents, because we remember: every single dollar this government spends was earned by the hard work of a Missourian, and this is the people's money.

For us to save dollars and serve citizens, we need to reform state workforce laws that are decades old. Today, government can't move people to where they will help the most, can't reward people for good work, and unlike a business, it can't get rid of poor performers who fail our citizens and fail their colleagues. We need your help to build a common sense government.

Speaking of common sense, our task force did a full audit of the Boards and Commissions in Missouri's government. They were in bad shape. For example, the state of Missouri has six Child Abuse and Neglect Review Boards. These Boards do important work to protect children across the state of Missouri. Four of the six of them weren't able to hear cases because they didn't have enough members to meet. We fixed this. Now they'll be able to get to work to protect our kids.

To serve citizens well, government needs to do fewer things and do them better. For years, people have complained that Missouri government is chock full of redundant and unnecessary and wasteful Boards and Commissions. So our task force did a careful review—Board by Board, Commission by Commission—and recommended the elimination of hundreds of unnecessary government positions. Senator Riddle has introduced a bill that reflects these recommendations, and I urge this body to pass that bill.

That's how we make government smaller and better. We must also make sure that our public servants serve in the public's interest. We need to slam shut the door between the legislature and lobbyists, and we need to pass term limits for every state-wide office holder.

In my very first action as Governor, I signed an executive order banning gifts from lobbyists to state employees of the executive branch. A bill that would have done the same thing in the legislature passed the House last year. Thank you to Speaker Richardson and the Representatives who voted for it last year and who already took action on it again this year.

Last year, the bill stalled in the Senate. This year, both bodies need to get together and pass a ban on gifts from lobbyists to the legislature. But in the meantime, I have a simple request: I call on every member of the legislature to join me in a pledge not to accept any gift from lobbyists. Let's get this done for the people of Missouri.

We promised the people of Missouri that we would support our law enforcement officers and first responders, and that's what we've done.

There's an officer who, tonight, will step into the cold to keep Missourians safe. The wife of one police officer told our team that, when he leaves for the night, she can't be sure that he's home safe until she hears the Velcro of his body armor being taken off. This is what our law enforcement families experience every day.

Last year, some of our law enforcement officers gave their lives in the line of duty. Others were wounded. Last month, I visited the bedside of Officer Ryan O'Connor, after a criminal shot him in the back of the head. The day we went to visit him, as he was lying in a hospital bed just a few feet away, Officer O'Connor's 17-year-old son, Aiden, told me, that like his grandfather and his father, he too wanted to be a police officer.

Aiden, we want you and young people across the state of Missouri to know that serving your community as a police officer is a proud and noble profession. We're proud of you.

Last year, together with this body, we passed and signed Blue Alert legislation into law to help bring to justice and strengthen the penalties for anyone who attacks or injures a law enforcement officer. This year, we need to pass legislation that protects the health, safety, and

well-being of our firefighters, police officers, and other first responders.

Some of these issues we've talked about before. One issue I want to raise tonight is the harassment of police officers. Today, in Missouri, radicals can file liens against a police officer's house. They can do this in secret, and it can affect the credit of our police officers and their families, costing them thousands of dollars. It's harassment, and it needs to stop. On behalf of law enforcement officers throughout our state, I'd ask this body to pass a clean version of legislation that protects them from this type of harassment.

Tonight, I want to let the police officers of this state know: your Governor, your fellow citizens, and the vast majority of your elected representatives, we have your back.

We're also working to build the finest National Guard in the country, and I'm proud to say that we were able to add 800 National Guard jobs this past year. We want Missouri to be the best state in the country for veterans and military families.

We have members of the armed forces who get orders to come to Missouri to serve in places like Whiteman Air Force base and Ft. Leonard Wood. Today, what makes it hard for some of them is that, if their spouse is licensed to work in another state, Missouri may not recognize those licenses. That means, if your spouse has a career in dentistry in Tennessee, and your family is moved to Whiteman Air Force base, they may not be able to work here in Missouri. That needs to change. We need to grant full reciprocity of licenses obtained in other states to military members, veterans, and their spouses.

And there is more. Right now, in the state of Missouri, a small business owner who declares that he or she wants to hire veterans can be sued. That's right: if you say that you prefer to hire veterans, you could face a lawsuit. That's wrong. This legislature needs to pass a bill allowing employers to establish a veterans hiring preference. Most states in our country have done this. It's time for Missouri to do the same.

I had the honor of visiting with the men and women of Missouri's National Guard when they were serving overseas with US Central Command. The men and women from 1st Battalion, 138th Infantry Regiment, are home now, and I wanted all of you who are here today to be able to say to them: Welcome home, and we're proud of you. They're with us tonight, and I'd ask them to stand.

We promised the people of Missouri that we would fight for them. We have, and we will. We promised the people of Missouri we would do different. We have, and we will. We promised the people of Missouri that we would fight for the least among us, the counted out, and the forgotten. We have, and we will.

Tonight, we can look back with pride and look forward with confidence. We have come far in a year, and though we have a long way to go, the state of our state today reflects what the state of our people has always been: Missouri is strong, and she is getting stronger.

Thank you very much. God bless you, and God bless the people of Missouri.

On motion of Senator Kehoe, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by Senator Wallingford.

**CONCURRENT RESOLUTIONS**

Senator Emery offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 33**

Whereas, under Article IV, Section 3, of the United States Constitution, “The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States”; and

Whereas, the Constitutional Convention intended this provision of the Constitution to maintain the status quo that had been established

to transfer federal territorial lands only to create new states with the same rights of sovereignty, freedom, and independence as the original states; and

Whereas, under these express terms of trust, over time the states claiming federal territorial land ceded their western land to the confederated Union to allow the confederated government to dispose of the lands only to create new states and apply the net proceeds of any sales of the lands only to pay down the public debt; and

Whereas, the United States Constitution contains no expression of intent to authorize the federal government to indefinitely exercise control over western public lands beyond the duty to manage the lands pending the disposal of the lands to create new states, and therefore the lands should be returned to the western states; and

Whereas, in order to promote legitimate federal interests, the western states should upon transfer of the public lands directly to the state where the public land is located agree to affirmatively cede lands for the national park system, the national wilderness preservation system, and lands reserved for federal military use, military parks, and military reservations to the federal government under Article I, Section 8, Clause 17, of the United States Constitution, on condition that the lands permanently remain national park lands, and that they not be sold, transferred, left in substantial disrepair, or conveyed to any party other than to the state where the land is located; and

Whereas, limiting the ability of western states to access and utilize the public lands' natural resources within their borders is having a negative impact upon the economy of the western states and therefore the economy of the entire United States:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, in order to provide a fair, just, and equitable remedy for the federal government's past and continuing breaches of its solemn promises to the western states:

(1) Calls upon the federal government to transfer title to all federal public lands within the western states to the state where the land is located;

(2) Urges the United States Congress to engage in good faith communication, cooperation, and consultation with the western states to coordinate the transfer of the public lands, and supports the western states in these efforts;

(3) Calls upon the western states to agree, upon transfer of the public lands, to affirmatively cede to the federal government all lands currently designated as part of the National Park System under 16 U.S.C. Section 1a-1, the National Wilderness Preservation System under 16 U.S.C. Section 1131, or for military use, military parks, or military reservations;

(4) Urges that if any public land in the western states be sold to private owners, 95% of the net proceeds be paid to the Bureau of the Public Debt to pay down the federal debt; and

(5) Calls upon all other states of the United States to pass a similar resolution in support of the transfer of the federal public lands to the western states; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Secretary of the United States Department of the Interior, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 34

Whereas, the growth and abuse of federal regulatory authority threaten our constitutional liberties, including those guaranteed by the Bill of Rights in the First, Second, Fourth, and Fifth Amendments to our Constitution; and

Whereas, federal regulators must be more accountable to elected representatives of the people, and not immune from such accountability; and

Whereas, the United States House of Representatives has passed with bipartisan support the Regulations from the Executive in Need of Scrutiny (REINS) Act to require that Congress approve major new federal regulations before they can take effect; and

Whereas, even if enacted, a law may be repealed or waived by a future Congress and President:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge that the United States Congress vote to propose the Regulation Freedom Amendment to the United States Constitution as follows:

“Whenever one quarter of the members of the United States House of Representatives or the United States Senate transmits to the President their written declaration of opposition to a proposed federal regulation, it shall require a majority vote of the House of Representatives and the Senate to adopt that regulation.”; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Senator Hegeman offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 35

Whereas, diabetes affects more than twenty-nine million Americans and is a chronic condition that occurs when the body does not properly produce or use the hormone insulin that regulates blood sugar; and

Whereas, type 2 diabetes is the most common type of diabetes, representing an estimated ninety to ninety-five percent of all diagnosed adult diabetes cases in the United States; and

Whereas, diabetes is the seventh leading cause of death in the United States with eight million Americans undiagnosed and more than five thousand Americans diagnosed each day; and

Whereas, cardiovascular disease is the leading cause of death associated with diabetes due to complications associated with diabetes, such as high blood sugar, high blood pressure, and obesity; and

Whereas, cardiovascular disease is a term used to define problems with the heart and blood vessels such as heart attacks, heart failure, and strokes; and

Whereas, people with type 2 diabetes are at two to four times greater risk for developing cardiovascular disease and findings from a recent study revealing fifty-two percent of adults living with type 2 diabetes unaware they are at an increased risk; and

Whereas, two out of three deaths in people with type 2 diabetes are attributable to cardiovascular disease in the United States, accounting for sixty-eight percent of deaths in people with type 2 diabetes; and

Whereas, the total health care costs for the treatment of diabetes were reported to be approximately two hundred forty-five billion dollars annually, with direct medical costs accounting for one hundred thirty-six billion dollars of the total costs in 2013, and cardiovascular disease accounting for twenty-eight percent of costs for treating diabetes patients; and

Whereas, in the state of Missouri, the amount paid by Medicare for type 2 diabetes and cardiovascular disease totals eight hundred forty-three million two hundred seven thousand five hundred nine for three hundred ninety-six beneficiaries; and

Whereas, appropriate awareness and education about the cardiovascular risks associated with diabetes can effectively reduce the overall outcome and financial burden of the illness; and

Whereas, the Missouri Department of Health and Senior Services and other relevant partners seek to promote awareness, education, and action related to diabetes and the link to cardiovascular disease:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate the month of November 2018, as Diabetes and Cardiovascular Disease Awareness Month in Missouri and encourage others to promote education and awareness of the connection between diabetes and cardiovascular disease; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor.

SENATE RESOLUTION NO. 1138

Whereas, the Medal of Honor is the highest award for valor in action against an enemy force that can be bestowed upon an individual serving in the Armed Services of the United States; and

Whereas, only 3,497 recipients in the Army, Navy, Air Force, Marine Corps, and Coast Guard have been awarded this acknowledgment of extraordinary achievement in military service since its creation in 1861; and

Whereas, 473 Americans received the Medal of Honor for their service during World War II; and

Whereas, only four of these recipients are still living today; and

Whereas, a state funeral is a unifying national event in which Americans can join together to honor and commemorate distinguished individuals; and

Whereas, a single state funeral for the last Medal of Honor recipient from World War II would provide national recognition to the over 16 million men and women who served from 1941 to 1945, and demonstrate appreciation for their sacrifice; and

Whereas, only the President of the United States has the authority to issue a proclamation authorizing an official state funeral for designated individuals:

Now Therefore Be it Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, hereby urge President Trump to issue a proclamation designating a single state funeral for the last Medal of Honor recipient from World War II, as a final salute to the Americans who served during World War II; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States and each member of the Missouri Congressional delegation.

**CONCURRENT RESOLUTIONS**

Senator Munzlinger offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 36

Relating to Shingles Awareness and Prevention Month in Missouri

Whereas, herpes zoster (shingles) is a disease caused by the same virus (zoster) that causes chickenpox; therefore, any individual who has contracted chickenpox is at risk for shingles, corresponding to approximately ninety-eight percent of U.S. adults; and

Whereas, nearly one in three people in the United States will contract shingles in their lifetime, corresponding to an estimated one million people annually; and

Whereas, the risk of shingles increases with age, with nearly half of those affected being over sixty years old and half of people living until eighty-five years old developing shingles; and

Whereas, shingles is a viral infection that causes a painful rash that can be severe, along with other symptoms, including long-term nerve pain, fever, headache, chills, upset stomach, muscle weakness, skin infection, scarring, and a decrease or loss of vision or hearing; and

Whereas, as many as twenty percent of adults who have contracted shingles will develop postherpetic neuralgia, a debilitating complication of shingles that causes severe pain and that may interfere with sleep and recreational activities and be associated with clinical depression; and

Whereas, vaccines have reduced the burden of widespread and often fatal diseases, enabling individuals to lead longer and healthier lives while reducing health care costs; and

Whereas, much attention has been paid to the importance of childhood vaccinations, but there is a general lack of awareness of adult-recommended vaccines and a misperception that immunizations are unnecessary for healthy adults; and

Whereas, the United States Centers for Disease Control and Prevention (CDC) and the Advisory Committee on Immunization Practices (ACIP) recommend that healthy adults fifty years and older be vaccinated against shingles to prevent shingles and shingles-related complications; and

Whereas, despite the recommendations of CDC officials and other experts that all healthy adults be vaccinated against shingles, as of 2015 only thirty percent of eligible adults had received the shingles vaccine; and

Whereas, the annual economic burden of shingles in American adults is estimated to be between 782 million and 5 billion; and

Whereas, the Institute of Medicine has stated that one of the six causes of excess costs in the U.S. health care system is missed prevention opportunities; and

Whereas, millions of American adults go without routine and recommended vaccinations because medical systems are not designed to ensure that adults receive regular preventive health care; and

Whereas, as the month of August is observed as National Immunization Awareness Month, residents of Missouri should be encouraged to speak with their health care provider to ensure that they have been properly vaccinated against shingles according to current CDC and ACIP recommendations:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate August as “Shingles Awareness and Prevention Month” in Missouri to increase public awareness of the importance of adults receiving vaccines against shingles and to promote outreach and education efforts concerning adult vaccinations; and

Be It Further Resolved that the Department of Health and Senior Services shall take appropriate action to promote Shingles Awareness and Prevention Month, including urging health care practitioners to discuss vaccines for shingles with adult patients and adopting appropriate programs and initiatives to raise public awareness of the importance of adult vaccinations; and

Be It Further Resolved that the Department of Health and Senior Services shall create and disseminate educational resources on shingles and shingles vaccinations to educate the residents of Missouri on vaccine-preventable diseases, including shingles; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

Senators Eigel and Onder offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 37

Whereas, the Bangert Island Riverfront Transformational Project will transform the St. Charles Riverfront into a center for economic prosperity; and

Whereas, the Bangert Island Riverfront Transformational Project will provide for a unique Missouri River Island recreational attraction; and

Whereas, the Bangert Island Riverfront Transformational Project will provide Missouri River aquatic habitat restoration; and

Whereas, the Bangert Island Riverfront Transformational Project, according to economic modeling, projects 4,000 new jobs; and

Whereas, the Bangert Island Riverfront Transformational Project, according to economic modeling, will result in a 1.5 billion economic impact; and

Whereas, the Bangert Island project initiative shall:

- (1) Create 4,000 jobs for Missourians;
- (2) Have a 1.5 billion economic impact;
- (3) Provide for a riverfront recreational attraction;
- (4) Provide for Missouri River aquatic habitat restoration; and

Whereas, a Modeling study produced by the Corps for restoration of Bangert Island concluded that navigation is not disturbed by the proposed side channel/chute project; and

Whereas, the City of St. Charles desires to work with the United States Army Corps of Engineers to advance a Section 1135 Project, which would improve aquatic habitat and restore Bangert Island; and

Whereas, the City of St. Charles will cost share toward construction of the Bangert Island project:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby endorse the Bangert Island Riverfront Transformational Project; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Governor, United States Senator Roy Blunt, Congressman Blaine Luetkemeyer, and Congresswoman Ann Wagner.

The Joint Committee appointed to wait upon the Chief Justice of the Supreme Court, Zel M. Fischer, escorted the Chief Justice to the dais where he delivered the State of the Judiciary Address to the Joint Assembly:

## 2018 STATE OF THE JUDICIARY

Chief Justice Zel M. Fischer

### Introduction

Thank you, Lieutenant Governor Parson, Secretary of State Ashcroft, President Pro Tem Richard, members of the senate, the executive branch and the judiciary. And a special thanks to Speaker Richardson and members of the house of representatives for hosting me this morning to

deliver *my* first, but more significantly, the 45th State of the Judiciary address on behalf of all of Missouri's state judges.

I would like to begin by introducing my colleagues, who collectively – when you include our trial court and court of appeals tenures – have more than 130 years of judicial experience: Judge Laura Denvir Stith; Judge Mary R. Russell; Judge Patricia Breckenridge; Judge George W. Draper III; Judge Paul C. Wilson; and our newest member – appointed last April by Governor Eric Greitens – Judge W. Brent Powell.

One of my first visits to Jefferson City was in the summer of 1985 on the way back from my honeymoon. I remember asking Julie, of the buildings we had toured – the capitol, the governor's mansion or the Supreme Court building – which one she thought I should aspire to. Luckily for my senator, Dan Hegeman, she liked the big oak doors on the ol' red brick building across the street.

What started as a joke later turned into a dream – and now I'm living the dream. I spent most of my legal career as a small business owner and solo practitioner in Atchison County, where I later served as an associate circuit judge until Governor Matt Blunt appointed me to the Supreme Court of Missouri in October 2008.

I am honored and humbled that, as chief justice of the Supreme Court, my role is to protect and advance the judiciary, and its stature as an essential branch of our state's government.

Our founding fathers foresaw the necessity of governance and the privileges and duties self-governance under our constitution would bring. As John Jay, the first chief justice of the Supreme Court of the United States, told a gathering in 1777, "The Americans are the first people whom Heaven has favored with an opportunity of deliberating upon and choosing the forms of government under which they should live."

Our chosen form of government – consisting of three coequal, co-sovereign branches – is now wellentrenched. And it is up to those of us in this room this morning, whom the citizens of Missouri have entrusted, to carry out its governance.

### ***Core Functions of the Judicial Branch***

Socrates said, only four things belong to a judge: to hear courteously, to answer wisely, to consider soberly and to decide impartially. And so we strive every day, by careful study of the facts and the law, to reach the correct result. Some would say this historical view of judging is not enough for the Supreme Court, because there are the additional obligations to ensure the court system is well-administered and one in which the public has trust and confidence.

### ***A Well-Administered Judiciary***

I am happy to report Missouri's judiciary is in good shape. We are nationally recognized as leaders. Two areas I wish to highlight today are the processes we use to determine who is qualified to practice law and our innovative use of technology.

In 2010, I recommended to my colleagues that Missouri become the first state to adopt the uniform bar examination. This innovative concept recognizes that the same bar examination given on the same date in many states generates a score that is portable to other states administering that same exam.

The uniform bar examination is not a national bar. It simply permits an applicant to transfer a bar exam score to another participating state to pursue a law license in that state without the undue delay, stress, and expense of having to retake the bar exam.

My thought was this process would substantially benefit law students – the consumers of legal education – many of whom take the bar exam before they have a job and, therefore, before they know in what state they will need a license. At the same time, states using the uniform bar examination maintain their ability to protect the public – the consumers of legal services – by retaining local control over the character and fitness investigations and the manner of testing local legal issues as conditions of earning a law license in that state.

The idea that states would accept a portable bar examination score faced resistance when it was first raised. Most innovations do.

But the Supreme Court of Missouri recognized the value of the uniform bar exam to law students, their families and their employers and became the first state to adopt it. We believed other states could be persuaded to follow suit. And we were right – as Missouri begins its eighth year administering the uniform bar examination, I proudly report another 29 jurisdictions have now joined us in using it, and we have every expectation that number will continue to rise.

Missouri courts are also continuing their tradition of innovation in technology. More than a decade ago, we became the first state to offer the public access to information from a statewide case management system using Case.net, and last summer, the Missouri Judiciary was ranked third – not nationally but *internationally*! – for the best use of technology to improve court services and access to the public. The award specifically focused on our new Show-Me Courts system, Track This Case tool in Case.net, Pay by Web services, and the mobile optimization of the Missouri Courts website. In case you are counting, we came in behind Arizona and Dubai.

As evidenced by this award, we remain committed to delivering exceptional services and improving public access to our courts. Each of the technology solutions for which we received accolades was designed with Missouri citizens in mind.

Regulating the practice of law, including who is qualified to begin practicing, and using technology to make our courts more open, transparent and efficient are core functions that fall within the supervisory responsibility of your Supreme Court.

We are proud of these successes and strive to improve how we perform our more familiar core functions, and we stand ready to cooperate with the legislative and executive branches in areas of overlapping concern.

I see four particular areas in which we three branches of government can continue to work together to move this great state of Missouri forward: (1) through the work of the Justice Reinvestment Task Force; (2) through the expanded use of drug treatment courts; (3) through continued emphasis on criminal justice reform; and (4) through cooperative evaluation of the efficient management of our judicial resources.

#### ***Justice Reinvestment Task Force***

As I am sure you are aware, Missouri continues to face challenges in its criminal justice system. While, nationally, violent crimes are decreasing, it is not true for Missouri.

As a result, we are spending more on corrections than ever before. Our total incarceration rate remains well above the national average and is growing. We have joined with you in a call for help.

The Supreme Court joined Speaker Richardson, President Pro Tem Richard and Governor Greitens last May in seeking assistance from the United States Department of Justice's Bureau of Justice Assistance and The Pew Charitable Trust to find new ways to improve our troubled system. They granted our request for help in collecting and analyzing data to assist in developing policy options. Through this public-private partnership, we hope to keep corrections spending in check, reinvest those savings in evidence-based strategies to reduce recidivism and, ultimately, and most importantly, to enhance public safety for all Missourians.

With representatives of all three branches of government working hand-in-hand, members engaged in months of study and finished their recommendations last month. The task force is developing legislative options for you to consider. We are optimistic these changes will produce significant, sensible and meaningful improvements.

#### ***Treatment Courts and the Opioid Crisis***

The second area where our work together can pay off is in the use of treatment courts to help break the cycle of crime, and to respond to the opioid crisis now plaguing Missouri and our entire nation.

Drug overdose is now the leading cause of accidental death in the United States, with the rate of overdose deaths involving opioids continuing to climb. Our state mirrors the national statistics, as opioid use disorder has taken an enormous toll on Missouri. Missouri lost 1,066 people in 2015 and 1,371 people in 2016 to a drug overdose. This is a staggering increase in deaths.

To grapple with this terrible epidemic, Missouri's treatment courts feature multidisciplinary teams offering a two-fold solution. First, they are addressing the crimes that often are due to substance use; and second, they are helping those who are addicted, and their families, improve their lives and break the cycle of addiction. We have already seen a steady increase in the number of participants entering our treatment courts who say their drug of choice is heroin or other opioids.

Like they have shown in other intersections of drugs and crime, we anticipate our treatment courts will be on the front lines of the opioid battle. By continuing to reduce drug use and keeping addicted offenders out of prison, those offenders can continue to work and provide for their families.

The success of our treatment courts has largely depended on the cooperation we have had from our partners in the legislature. If we are to break the cycle of drugs and crime, every Missourian in need should have a treatment court program within reach.

Research demonstrates treatment courts are more cost-effective than *any other* criminal justice strategy. But our treatment courts have been able to serve only a small percentage of individuals facing felony drug charges. Those numbers began to drop even more last July, when the 27-percent core reduction to existing programs took effect. Since then, admission into our various treatment court programs has dropped an average of 23 percent. And right now, there are 15 counties with *no* access to *any* type of treatment court. Individuals addicted to opioids and other substances in these areas are restrained by county lines they can't see.

We will work with you over the coming months to expand the reach of treatment courts in hopes of making this resource-saving, life-saving program available in *every* Missouri jurisdiction.

#### ***Criminal Justice Task Force***

Our work together as three coequal branches of government continues to be essential to improving our criminal justice system. Last June, the Court established a task force focused broadly on criminal justice.

This group is led by Judge Michael Noble of St. Louis, Christian County Prosecutor Amy Fite and defense attorney J.R. Hobbs of Kansas City.

They will recommend evidence-based risk-assessment tools for determining a defendant's suitability for pretrial release; recommend ways to improve how courts impose fines, fees and costs; and identify technological opportunities to improve notice, compliance and public safety.

These efforts are part of broader national movement away from bail release decisions based on financial conditions toward considerations of the risks posed by individual defendants. The national experts suggest there are ways to provide effective screening and supervision to monitor those defendants deemed safe for release during the pretrial period.

It seems obvious and important that – before a trial is held and guilt or innocence is determined – we reserve our jail space for those who pose the most danger to the community or risk of fleeing the jurisdiction, and not those who simply may be too poor to post bail. Studies show even *short* stints in jail increase the likelihood of missing school or losing jobs and housing. And, of course, pretrial *supervision* costs a local community substantially less than pretrial *incarceration*.

I will be leading a team to a pretrial justice reform summit in Indianapolis in May. We will learn about reform efforts nationwide and will have an opportunity to develop an action plan for appropriate responses here in our own state. I am pleased to announce that, in addition to our state courts administrator, Kathy Lloyd, and Montgomery County Associate Circuit Judge Kelly Broniec, joining me at the summit will be Judge Jack Goodman, presiding judge of the 39th Judicial Circuit, and Judge Rob Mayer, presiding judge of the 35th Judicial Circuit.

Both Judge Goodman and Judge Mayer are former members of this General Assembly – serving both in *this* house of representatives and in the senate – and they are with us today. I believe their legal education and judicial experience, coupled with practical legislative know-how, will assist the Court in deciding what reforms are good for Missouri and how to shepherd through the legislative process any changes that may require your attention. This also demonstrates I am not opposed to both my hunting dogs *and* my judges being “House”-trained.

### ***Efficient Management of Court Resources***

Finally, we look forward to continuing to work cooperatively with the legislative and executive branches to improve our service to the state. We have made significant strides in assessing our own internal operations to find ways to be as efficient and effective as possible.

Ten years ago, we created a “judicial partnership program” designed to help our busiest circuits work through backlogs of cases by partnering them with circuits where judges were available to help meet that demand. This, of course, was important for the citizens and businesses who needed the courts to resolve legal matters of great importance to them – and it was important for us to use our available resources as best we could to meet those needs.

This ability to temporarily transfer judges from one jurisdiction to another is an important design of our state constitution. While judges are assigned to particular local courts – by county, circuit or appellate district – article V, section 6 also provides that the Supreme Court of Missouri may assign *any* judge in the state to hear *any* particular case or serve *any* jurisdiction in addition to the jurisdiction that judge serves daily. As a result, whether elected by county or circuit or selected by nonpartisan commission, every associate circuit, circuit, appellate, and Supreme Court judge is an employee of *Missouri* and can be assigned to serve throughout the state.

The primary reason the judicial partnership program was so successful was because it was locally driven, empowering the partnered presiding judges to determine how and when to share judicial resources. I saw how well this worked first-hand. When I was a trial judge in the 4th Judicial Circuit, in the northwest corner of the state, I joined the other five judges of that five-county circuit in regularly traveling to help the 16th Judicial Circuit in Jackson County reduce its backlog of cases.

I am proud to say, last September, the judicial transfer work group dissolved the last two remaining partnerships and, with it, the formal partnership program itself. We managed our own resources *so well*, and the circuit partnerships had been *so successful* over the past decade, the backlog of cases that called for the Supreme Court's intervention has been eliminated. Please join me in thanking the many hard-working judges who participated in the mandatory transfer program for helping to advance the timely, effective administration of justice for the people of Missouri. And because no good deed should go unpunished, I also offer an ongoing thank you to those judges who continue to accept ad hoc assignments throughout the state.

Your confidence in the judiciary by tasking us with redrawing our circuits is both appreciated and deserved. Your statutorily required realignment study and plan present a unique opportunity to pursue a data-driven evaluation of the multiple factors that impact court operations. These factors include changes in workload, population and technology; increased use of treatment and other problem-solving courts; and access to local courts. The evaluation of these factors will be critical in determining what, if any, changes in circuit boundaries and jurisdiction would enhance the efficiency and effectiveness of our courts. This evaluation is also necessary to help us understand the costs associated with any changes.

Given the complexity of this comprehensive evaluation, an order was entered in November creating the “Task Force for the Preparation of a Circuit Realignment Plan.” I will chair this task force, which includes a judge from each district of the Missouri Court of Appeals and a mix of circuit and associate circuit judges representing rural and urban courts from every part of the state.

We will deliver to you in 2020, as required, a fiscally responsible plan that will best serve the citizens and businesses of our state while ensuring

equal access to our courts by those in need.

**Conclusion**

I was raised to believe everything works better when everybody does their own job well, but with a recognition that sometimes the big jobs require us all to work together. I look forward to assisting in this big job of governing our state, where each branch focuses on its distinct core functions first but cooperates and works together when challenges and opportunities arise.

One thing we all share is the support of those back home whom we love and who make it possible for us to come here to Jefferson City. I feel blessed to serve as the chief justice ... and I'm thankful that position is term-limited. But I feel even more blessed to be a grandfather of one, a father of four and a husband to Julie for more than 32 years.

I want to thank my local sheriff, Dennis Martin, for agreeing to drive my parents, Bob and Nancy Fischer, to be here with us today. My mother has always been my loudest and most loyal cheerleader, and so the folks back home are not surprised my mom's first ride in the back seat of a police car was to be here this morning with me. My dad has always been my best friend. He was the best man at my wedding, and the bailiff in my court when I was a trial judge. My only regret in transitioning from the trial bench to the Supreme Court of Missouri is I miss starting each day with his coffee and our conversation.

My parents still live where I grew up, in Watson. It's the farthest north and west town in Missouri, with a stated population of 100 on the welcome sign ... and trust me, that surely must include some livestock.

My parents' only measurable wealth when I was growing up was the love they had in their hearts for their children. That I now humbly stand before you as chief justice is a testament to them ... and proof beyond any reasonable doubt the American Dream is alive and well in Missouri.

It has been a privilege to speak with you today. Thank you.

On motion of Senator Kehoe, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by President Parson.

#### **SENATE CONCURRENT RESOLUTION NO. 38**

Whereas, on April 19, 1775, the Continental Army engaged in the first battles of the Revolutionary War, known as the Battles of Lexington and Concord. The battles marked the outbreak of open armed conflict between the Kingdom of Great Britain and thirteen of its colonies on the mainland of British America to establish American independence; and

Whereas, the first Militia units, transforming into today's National Guard, were established in the Massachusetts Bay Colonies on December 13, 1636, armed to protect American citizens; and

Whereas, between 1775 and today over 41 million Americans have served in the Armed Forces of the United States, in addition to countless Militiamen between 1636 and 1775; and

Whereas, the United States has suffered casualties of over 1.4 million men and women, including scores of Missouri citizens, who have made the ultimate sacrifice defending democracy and freedom; and

Whereas, the families who have lost immediate relatives in the support of military operations, known as Gold Star Families, are also tragedies of war and armed conflict; and

Whereas, war memorials perpetuate the appreciation and legacy of our fallen hero warriors and their families present and past and educate communities about the price paid for our way of life; and

Whereas, the purpose of the Gold Star Families Memorial Monument is to honor Gold Star families, relatives, and Gold Star children who have sacrificed and lost loved ones in the service of their country, and who stand as a stark reminder that freedom is not free; and

Whereas, it is appropriate to honor the fallen warriors and their families from the state of Missouri by recognizing the Gold Star Families Memorial Monument, which has been constructed and dedicated on the College of the Ozarks campus, as the official Gold Star Families Memorial Monument of the state of Missouri:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby recognize the Gold Star Families Memorial Monument, at the College of the Ozarks campus in Point Lookout, Missouri, as the official Gold Star Families Memorial Monument of Missouri; and

Whereas, the United States of America has a longstanding history of promoting free trade throughout the continent and throughout the world; and

Whereas, the people and industries of Missouri have a strong belief and interest in sustaining and advancing free market principles; and

Whereas, international trade has played a significant role in the Missouri economy, particularly with Canada and Mexico, which together accounted for over \$7 billion in exported goods during 2016; and

Whereas, in 2016, exports to free trade agreement markets accounted for 64% of all Missouri exports, totaling \$8.9 billion; and

Whereas, since 2006, exports from Missouri have grown in several new free trade agreement markets, specifically growing by \$1.7 billion in North American Free Trade Agreement markets; and

Whereas, soybeans have consistently been the largest export from Missouri and Mexico has historically been the second largest market for that commodity; and

Whereas, the North American Free Trade Agreement has greatly benefitted Missouri and the United States as a whole through strong job growth, higher wages, low consumer prices, and has particularly enabled a booming agricultural and energy export economy; and

January 30, 2018

Adriane Crouse, Secretary of Senate  
Missouri State Senate  
State Capitol Building, Room 325  
Jefferson City, MO 65101

Dear Secretary Crouse:

Pursuant to Senate Rule 45, please remove the SCS/SB 574 from the Consent Calendar and return such to the Seniors, Families and Children committee. While I take no issue with the underlying public policy of the legislation, (in fact, I wholeheartedly support increasing reporting requirements for sexual assault victims in long-term care facilities) I do take issue with the sponsor, who elected to interject himself into a public health matter situated wholly within my Senatorial District.

Specifically, the bill's sponsor, despite living 126.2 miles away from the radioactive West Lake Landfill, signed a letter, dated October 1, 2017, to the Environmental Protection Agency that stated, in part, that there is "no evidence of health risks to individuals living or working in the vicinity of the (West Lake) landfill." Further, the letter expressed opposition to properly remedying this public health disaster that has killed, is killing, and, unless properly alleviated, will continue to kill my constituents. For this reason, I choose to inject myself into this Senator's business, which includes the consent status of the SCS/SB 574.

Sincerely,

MARIA CHAPPELLE-NADAL  
State Senator, District 14

## SECOND REGULAR SESSION

---

### EIGHTEENTH DAY—MONDAY, FEBRUARY 5, 2018

---

The Senate met pursuant to adjournment.

Senator Cunningham offered the following prayer:

“For (God) is good, his steadfast love endures forever.” (Chronicles 7:3b)

We give you thanks for the clear and sunny day we have to travel here and we are so grateful for those who have cleared our roads and provided us with safe travel. We thank You for all the rescue workers who have come to the aid of those who were in serious accidents yesterday, for the doctors and nurses and all those who have treated the more than a hundred injured and we pray for complete healing and Your comfort to sustain them. We pray for the person who died and ask that Your presence and mercy comfort them. Continue to watch over all those who travel this day and this week, give them wisdom in their driving and common sense where travel may remain difficult this week and bring each safely to their journey’s end. In Your Holy Name we pray. Amen.

Whereas, three years after women won the right to vote, the Equal Rights Amendment to the United States Constitution, authored by Alice Paul, head of the National Women's Party, was introduced in Congress by Senator Curtis and Representative Anthony, both Republicans; and

Whereas, the Equal Rights Amendment to the United States Constitution passed the United States Senate and then the United States House of Representatives, and on March 22, 1972, the proposed Amendment to the United States Constitution was sent to the states for ratification; and

Whereas, the Equal Rights Amendment to the United States Constitution states:

“Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.”; and

Whereas, Congress placed a deadline of June 30, 1982, on the ratification process and thirty-five states ratified the proposed Amendment

### CONCURRENT RESOLUTIONS

Senator Hoskins offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 42

Whereas, more than 82,000 American service members remain unaccounted for from World War II, the Korean War, the Vietnam War, and the Cold War, of which 2,311 are Missourians; and

Whereas, for over seventy years the families of those missing have been deprived of the peace that comes with laying to rest the remains of a loved one or at least knowing that loved one's fate; and

Whereas, the basic principle of national honor in America's Armed Forces is that the United States leaves no one behind; and

Whereas, The United States has an obligation to the missing and to their families to enforce this principle and provide information and answers; and

Whereas, in 1993 a Senate Select Committee on POW/MIA Affairs noted in its final report that declassifying the records related to POWs and MIAs could have eliminated much of the controversy and unnecessary secrecy surrounding the United States Government's handling of the POW/MIA issues, which bred suspicion and distrust; and

Whereas, federal statutes and multiple presidential executive orders have called for the declassification of records relating to POWs and

MIAs, but such mandates have been limited in scope, lacked enforcement mechanisms, and included broad exceptions that have been routinely cited by federal agencies as justification for continued classification of documents; and

Whereas, all government agencies should be directed by Congress and the Executive Branch to identify, locate, review, and declassify this vital information, subject to reasonable standards and limitations; and

Whereas, declassification and availability of these records would allow families of the missing and others in the private sector to conduct research, gain relevant information, and, thereby, hold the federal government accountable; and

Whereas, the government of Vietnam is now offering unprecedented support to the United States POW/MIA recovery efforts, and diplomatic efforts with other involved countries continue; and

Whereas, the “Bring Our Heroes Home Act”, S. 120, 115th Cong. (2017), which has been introduced in the United States Senate, sets forth an integrated process for comprehensive declassification of records pertaining to missing Armed Forces personnel records, subject to legitimate limitations and exceptions:

Now Therefore Be it Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby call on the Missouri members of the United States Senate to support and contribute to the early consideration and passage of S. 120; and

Be It Further Resolved that the members of the Missouri General Assembly, hereby call on all members of the Missouri Congressional delegation to lend their influence to the cause of resolving the cases of all Missourians who remain unaccounted for from past conflicts; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

## SECOND REGULAR SESSION

---

**TWENTIETH DAY—WEDNESDAY, FEBRUARY 7, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Senator Rowden offered the following prayer:

Joshua 10:25 says “Do not be afraid; do not be discouraged. Be strong and courageous.”

Father, as we embark on another day of service to the people of our great state, we do so with thanks and admiration for Your many blessings. Today, we pray for wisdom as King Solomon did. The wisdom to discern truth and to apply it to our understanding of the things we will discuss here in the Missouri Senate. We pray for courage to do what’s right, no matter the political consequence. And we pray for strength. Both for those in service here and for our families back home across every corner of this state. May we serve today and every day with civility and humility. In Your name we pray — AMEN.

**CONCURRENT RESOLUTIONS**

Senator Munzlinger submitted the following:

**SENATE CONCURRENT RESOLUTION NO. 43**

Whereas, Missouri statutes and regulations recognize that consumers of electricity benefit when electrical corporations can work in the financial markets and physical commodity markets to manage overall costs and price volatility through the established business practice of hedging; and

Whereas, the Missouri Public Service Commission has overseen electrical corporations serving Missouri for over a decade to ensure that fuels used to generate electricity are hedged appropriately and in consumers’ best interest; and

Whereas, due to numerous factors, including federal environmental policy shifts, consumer preferences for lower emission energy sources, and market dynamics, electric power generation is increasingly dependent on natural gas and will be for decades to come; and

Whereas, while natural gas commodity prices and futures estimates are relatively low today, market forces outside of Missouri and the United States could cause declines in natural gas supplies, increased global competition for natural gas supplies, and unpredictable price hikes, or extended periods of price volatility; and

Whereas, both financial investment strategies and ownership of natural gas fuel reserves are viable options for providing insurance against unexpended reductions in available natural gas supplies and unpredictable price rises and volatility:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the Missouri Public Service Commission to reaffirm the state’s policy of encouraging electrical corporations to act in consumers’ best interests through prudent hedging of natural gas and other fuel inputs; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Chair of the Public Service Commission and each electrical corporation regulated by the Public Service Commission.

#### SENATE AMENDMENT NO. 1

Amend Senate Bill No. 708, Page 1, In the Title, Line 4, by inserting immediately after the word “date” the following: “for certain sections”; and

Further amend said bill, page 8, section 303.240, line 18, by inserting immediately after said line the following:

“379.110. As used in sections 379.110 to 379.120 the following words and terms mean:

(1) “Insurer”, any insurance company, association or exchange authorized to issue policies of automobile insurance in the state of Missouri;

(2) “Nonpayment of premium”, failure of the named insured to discharge when due any of his or her obligations in connection with the payment of premiums on a policy, or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit;

(3) “Policy”, an automobile policy providing automobile liability coverage, uninsured motorists coverage, automobile medical payments coverage, or automobile physical damage coverage insuring a private passenger automobile owned by an individual or partnership which has been in effect for more than sixty days or has been renewed. “Policy” does not mean:

(a) Any policy issued under an automobile assigned risk plan or automobile insurance plan;

(b) Any policy insuring more than four motor vehicles;

(c) Any policy covering the operation of a garage, automobile sales agency, repair shop, service station or public parking place;

(d) Any policy providing insurance only on an excess basis, or to any contract principally providing insurance to such named insured with respect to other than automobile hazards or losses even though such contract may incidentally provide insurance with respect to such motor vehicles;

(4) **“Reduction in coverage”, a change made at renewal by the insurer to a policy form which is effective to all insureds with that policy form, which results in a removal of coverage, diminution in scope or less coverage, or the addition of an exclusion. Reduction in coverage does not include any change, reduction, or elimination of coverage made at the request of the insured. The correction of typographical or scrivener's errors or the application of mandated legislative changes is not a reduction in coverage. A reduction in coverage mandated by the insurer which does not apply to all insureds with the same policy form shall be treated as a nonrenewal.**

(5) “Renewal” or “to renew”, the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer, [such renewal policy to

provide types and limits of coverage at least equal to those contained in the policy being superseded,] or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term [with types and limits of coverage at least equal to those contained in the policy being extended]; provided, however, that any policy with a policy period or term of less than six months or any period with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months. Nothing in this subdivision shall be construed as superseding the provisions of subsection 9 of section 375.918, and the term “third anniversary date of the initial contract” as used in subsection 9 of section 375.918, means three years after the date of the initial contract.

379.118. 1. If any insurer proposes to cancel or to refuse to renew a policy of automobile insurance delivered or issued for delivery in this state except at the request of the named insured or for nonpayment of premium, it shall, on or before thirty days prior to the proposed effective date of the action, send written notice of its intended action to the named insured at his last known address. Notice shall be sent by United States Postal Service certificate of mailing, first class mail using Intelligent Mail barcode (IMb), or another mail tracking method used, approved, or accepted by the United States Postal Service. Where cancellation is for nonpayment of premium at least ten days' notice of cancellation shall be given and such notice shall contain the following notice or substantially similar in bold conspicuous type: “THIS POLICY IS CANCELLED EFFECTIVE AT THE DATE AND TIME INDICATED IN THIS NOTICE. THIS IS THE FINAL NOTICE OF CANCELLATION WE WILL SEND PRIOR TO THE EFFECTIVE DATE AND TIME OF CANCELLATION INDICATED IN THIS NOTICE.”. The notice shall state:

(1) The action taken;

(2) The effective date of the action;

(3) The insurer's actual reason for taking such action, the statement of reason to be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Generalized terms such as “personal habits”, “living conditions”, “poor morals”, or “violation or accident record” shall not suffice to meet the requirements of this subdivision;

(4) That the insured may be eligible for insurance through the assigned risk plan if his insurance is to be cancelled.

2. Issuance of a notice of cancellation under subsection 1 of this section constitutes a present and unequivocal act of cancellation of the policy.

3. An insurer may reinstate a policy cancelled under subsection 1 of this section at any time after the notice of cancellation is issued if the reason for the cancellation is remedied. An insurer may send communications to the insured, including but not limited to billing notices for past-due premium, offers to reinstate the policy if past-due premium is paid, notices confirming cancellation of the policy, or billing notices for payment of earned but unpaid premium. The fact that a policy may be so reinstated or any such communication may be made does not invalidate or void any cancellation effectuated under subsection 1 of this section or defeat the present and unequivocal nature of acts of cancellation as described under subsection 2 of this section.

4. (1) An insurer shall send an insured written notice of an automobile policy renewal at least fifteen days prior to the effective date of the new policy. The notice shall be sent by first class mail or may be sent electronically if requested by the policyholder, and shall contain the insured's name, the vehicle covered,

the total premium amount, and the effective date of the new policy. Any request for electronic delivery of renewal notices shall be designated on the application form signed by the applicant, made in writing by the policyholder, or made in accordance with sections 432.200 to 432.295. The insurer shall comply with any subsequent request by a policyholder to rescind authorization for electronic delivery and to elect to receive renewal notices by first class mail. Any delivery of a renewal notice by electronic means shall not constitute notice of cancellation of a policy even if such notice is included with the renewal notice.

**(2) An insurer shall provide a written notice of a reduction in coverage to the named insured no less than fifteen days prior to the effective date of the proposed reduction in coverage or shall send such notice of reduction in coverage with the written notice of renewal described in subdivision (1) of this subsection. Written notice of a reduction in coverage may be satisfied by providing the named insured a copy of or access to the updated policy form or the policy form language that will be changed. The notice shall be sent by first class mail or may be sent electronically if agreed to or requested by the policyholder.**

5. An insurer shall be exempt from the requirements of this section regarding notice of nonrenewal if:

(1) The insurer assigns or transfers the insured's policy to an affiliate or subsidiary within the same insurance holding company system;

(2) The assignment or transfer is effective upon the expiration of the existing policy; and

(3) Prior to providing coverage for a subsequent policy term, an insurer accepting an assignment or transfer of the policy shall provide notice of such assignment or transfer to the named insured.

However, if the assignment or transfer of a policy does not result in coverage substantially equivalent to the coverage that was contained in the policy being assigned or transferred, the insurer shall, in lieu of providing the notice in subdivision (3) of this subsection, at least fifteen days in advance of the effective date of the assignment or transfer, notify the policyholder that some coverage provisions will change due to the assignment or transfer, advise the policyholder to refer to the new policy for coverage details, and provide a copy of or access to the replacement policy form or the executed replacement policy.”; and

Further amend said bill and page, section B, line 1, by striking “Section A” and inserting in lieu thereof the following: “The repeal and reenactment of sections 105.1073, 303.020, 303.030, 303.120, 303.190, and 303.240 and the enactment of section 303.022”; and

### SENATE RESOLUTION NO. 1343

Whereas, on December 29, 2017, a legal action was filed against Governor Greitens and the custodian of records for the Governor's office that seeks to bar the Governor and his staff from using the Confide app on their cell phones and to reveal the names of all gubernatorial staffers

that have used the software; and

Whereas, the Confide app allowed the Governor to circumvent the Missouri Open Records Law, commonly known as the Sunshine Law, by immediately deleting text messages sent by the Governor and his staffers that related to public business of the state; and

Whereas, the legal action alleges that the Governor is violating the Sunshine Law by the use of the Confide app in that “The use of automatic communication destroying software by elected officials and government employees is illegal and constitutes an ongoing conspiracy to violate the Missouri Sunshine law and Missouri State and Local Records law, not to mention a significant affront to the open government and democratic traditions of Missouri and the United States”; and

Whereas, the Governor and the custodian of records are represented in the legal action by attorneys of the Dowd Bennett, a private law firm based in St. Louis, Missouri; and

Whereas, Attorney General Hawley has no involvement in the action, despite the fact that the lawsuit alleges violations of the Missouri Sunshine Law; and

Whereas, it is the responsibility of the Attorney General, as chief law enforcement officer of the state and especially regarding the Missouri Sunshine Law, to represent the state in a case that could have vital implications on how the Sunshine Law is interpreted in future matters; and

Whereas, by abdicating any role in this action, the Attorney General is allowing private attorneys to represent the interests of the state regarding the Sunshine Law; and

Whereas, it is further troubling that the attorneys representing the Governor in this action are also representing the Governor in an investigation being conducted by the St. Louis Circuit Attorney regarding criminal allegations against the Governor, in his capacity as a private citizen; and

Whereas, the representation of the Governor in both matters presents the potential for a serious conflict of interest that could be obviated by the Attorney General representing the Governor in the Sunshine Law action:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, hereby demand that the Attorney General of the state of Missouri defend the laws of this state by representing the Governor and the Governor’s custodian of records in the matter of *Sansone v. Greitens* pending in the Cole County Circuit Court; and

Be It Further Resolved that if the Attorney General believes there is a conflict that prevents his representation of the Governor and his custodian of records in this matter, then the Attorney General should appoint a special assistant attorney general, as has been done previously by past Attorneys General under established procedures, that would have the same powers, privileges, and duties as the Attorney General in such matter; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Missouri Attorney General.

Senator Hummel offered Senate Resolution No. 1344, regarding Eagle Scout Brendan Alan Haantz, Saint Louis, which was adopted.

Senator Libla offered Senate Resolution No. 1345, regarding Alvin Flowers, which was adopted.

Senator Libla offered Senate Resolution No. 1346, regarding Valdis Imants Zalite, Cape Girardeau, which was adopted.

Senator Hummel offered Senate Resolution No. 1347, regarding the death of Donnell “Donnie” Shelton, St. Louis, which was adopted.

### CONCURRENT RESOLUTIONS

Senator Nasheed offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 44

##### Relating to youth violence

Whereas, youth across this state are committing acts of violence against one another and throughout their communities; and

Whereas, a national survey by the Centers for Disease Control and Prevention (CDC) found that United States adults reported approximately 1.56 million incidents of victimization by perpetrators estimated to be between 12 and 20 years of age; and

Whereas, the CDC states, “Violence is a serious public health problem in the United States. From infants to the elderly, it affects people in all stages of life. In 2007, more than 18,000 people were victims of homicide and more than 34,000 took their own life”; and

Whereas, the CDC reports that many people survive violence and are left with permanent physical and emotional scars and that violence erodes communities by reducing productivity, decreasing property values, and disrupting social services; and

Whereas, a national initiative led by the CDC, Striving to Reduce Youth Violence Everywhere (STRYVE), assists communities in applying a public health perspective to preventing youth violence; and

Whereas, in 1985, former United States Surgeon General C. Everett Koop declared violence as a public health issue and called for the application of the science of public health to the treatment and prevention of violence; and

Whereas, in 2000, former United States Surgeon General David Satcher declared youth violence as a public health epidemic; and

Whereas, Dr. Satcher released a report that deems youth violence as a threat to public health and calls for federal, state, local, and private entities to invest in research on youth violence and for the use of the knowledge gained to inform intervention programs; and

Whereas, the report states that the public health approach to youth violence involves identifying risk and protective factors, determining how they work, making the public aware of these findings, and designing programs to prevent or stop the violence; and

Whereas, the 2000 public health report calls for national resolve to confront the problem of youth violence systematically; to facilitate entry of youth into effective intervention programs rather than incarceration; to improve public awareness of effective interventions; to convene youth, families, researchers, and public and private organizations for a periodic youth violence summit; to develop new collaborative multidisciplinary partnerships; and to hold periodic, highly visible national summits; and

Whereas, an individual’s characteristics, experiences, and environmental conditions during childhood and adolescence are an indicator of future violent behavior; and

Whereas, ages 15 through 18, the ages that students spend in high school, are the peak years of offending; and

Whereas, there is concern about high school dropout rates, academic performance, and violence in schools across this state; and

Whereas, according to the Yale School of Medicine Child Study Center, the Comer School Development Program offers low-achieving schools assistance in creating a conducive learning environment while providing a solid foundation for students; and

Whereas, the work of the Yale School of Medicine Child Study Center has demonstrated that, “When teachers, administrators, parents, and mature adults interact with students in a supportive school environment and culture and provide adequate instruction in a way that mediates physical, social-interactive, psycho-emotional, moral-ethical, linguistic and cognitive-intellectual development, acceptable academic achievement will take place”; and

Whereas, the Comer School Development Program is an operating system comprised of three teams: the School Planning and Management Team, the Student and Staff Support Team, and the Parent Team, which work together to create a comprehensive school plan; and

Whereas, the Comer School Development Program model is guided by three principles: decision-making by consensus, no-fault problem

solving, and collaboration; and

Whereas, due to the violence epidemic, youth suffer from either primary or secondary trauma. Primary trauma is trauma associated with the violent death of a loved one. Secondary trauma results from exposure to violence present within their community; and

Whereas, exposure to violence in families and communities, as well as exposure to homicidal death, can lead to youth-specific post-traumatic stress disorder with complex effects as well as homicidal grief; and

Whereas, trauma is not easily visible within youth because it requires proper assessment and, due to the amount of violence youth are currently exposed to, measures should be taken to properly assess the issue; and

Whereas, the experience of trauma impacts children of all situations and conditions across this state; and

Whereas, in August 2007, the CDC deemed schools as providing “a critical opportunity for changing societal behavior because almost the entire population is engaged in this institution for many years, starting at an early and formative period” and “Universal school-based violence prevention programs represent an important means of reducing violent and aggressive behavior in the United States”;

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby declare youth violence as a public health epidemic and support the establishment of statewide trauma-informed education; and

Be It Further Resolved that June seventh of each year shall be known and is designated as “Christopher Harris Day” in Missouri to remember children in St. Louis and throughout the state of Missouri lost to violence; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

## SECOND REGULAR SESSION

---

**TWENTY-SIXTH DAY—MONDAY, FEBRUARY 19, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“We cannot forget history...we will be remembered for good or for ill...we cannot escape the burden nor responsibility.” (Abraham Lincoln)

Gracious God, on this Presidents’ Day we remember that You have called leaders to take us through difficult times and how they are remembered today. Help us be mindful of the history we are part of and the effect of the decisions we make and the things we do. Guide us as we vote on bills that will affect the future and how we will be remembered for our part in what they produce. In Your Holy Name we pray. Amen.

February 19, 2018

Adriane Crouse, Secretary of the Senate  
Missouri State Senate  
State Capitol Building, Room 325  
Jefferson City, MO 65101

Dear Secretary Crouse:

Pursuant to Senate Rule 45, please remove SB 660 from the Consent Calendar and return such to the Health and Pensions committee. While I take no issue with the underlying public policy of the legislation, I do take issue with the sponsor, who elected to interject herself into a public health matter situated wholly within my Senatorial District.

Specifically, the bill's sponsor, despite living 99.9 miles away from the radioactive West Lake Landfill, signed a letter, dated October 1, 2017, to the Environmental Protection Agency that stated, in part, that there is "no evidence of health risks to individuals living or working in the vicinity of the (West Lake) landfill." Further, the letter expressed opposition to properly remedying this public health disaster that has killed, is killing, and, unless properly alleviated, will continue to kill my constituents. For this reason, I choose to inject myself into this Senator's business, which includes the consent status of SB 660.

Sincerely,

MARIA CHAPPELLE-NADAL

February 20, 2018

Adriane Crouse, Secretary of the Senate  
Missouri State Senate  
State Capitol Building, Room 325  
Jefferson City, MO 65101

Dear Secretary Crouse:

Pursuant to Senate Rule 45, please remove the SCS/SB 892 from the Consent Calendar and return such to the Health and Pensions committee.

*"Why would I put her back on, I have the support of my caucus?"* Gina Walsh, Minority Leader Missouri Senate.

I love America. The United States is the reason a woman of African and Latin roots born and bred in the American spirit has a seat in the Missouri Senate. My American ancestor Abraham Lincoln said: "To sin by silence when they should protest makes cowards of men." Who among you has not said something in anger, in the passion of the moment? I accepted my punishment but do not accept a double standard. Too many Americans have given their lives fighting for equality and justice. It would be un-American for me to be silent when a man promoting violence suffers no consequences; his leadership protecting him like a warm blanket. I find myself cast out in the cold by a Judas Dixiecrat. In this moment, *Invictus*, gives me solace, "In the fell clutch of circumstance I have not winced nor cried aloud. Under the bludgeoning's of chance my head is bloody, but unbowed. It matters not how strait the gate, how charged with punishments the scroll, I am the master of my fate, I am the captain of my soul." No matter what you do to me, I will never give up the fight for progressive Democratic values. I ask you to remove the SCS/SB 892 from the Consent Calendar, as it calls for prosecuting attorneys to receive full time privileges, while I am denied the full benefits of my position. It is in the best interest and reputation of this body I speak out against this double standard.

Sincerely,

MARIA CHAPPELLE-NADAL

State Senator, District 14

195.560. 1. A tax shall be levied upon the retail sale of marijuana for medical use sold at medical marijuana dispensary facilities within the state. The tax shall be at a rate of four percent of the retail price. The tax shall be collected by each licensed medical marijuana dispensary facility and paid to the department of revenue. After retaining no more than five percent for its actual collection costs, amounts generated by the tax levied in this section shall be deposited by the department of revenue into the Missouri Veterans' Health and Care Fund created in subsection 2 of this section. Licensed

entities making retail sales within the state shall be allowed approved credit for returns provided the tax was paid on the returned item and the purchaser was given the refund or credit.

2. There is hereby created in the state treasury the “Missouri Veterans’ Health and Care Fund” which shall consist of taxes and fees collected under sections 195.548 to 195.570. The state treasurer shall be custodian of the fund, and he or she shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Notwithstanding any other provision of law to the contrary, any moneys remaining in the fund at the end of a biennium shall not revert to the credit of the general revenue fund. The commissioner of administration is authorized to make cash operating transfers to the fund for purposes of meeting the cash requirements of the department in advance of it receiving annual application, licensing, and tax revenue, with any such transfers to be repaid as provided by law. The fund shall be a dedicated fund and shall stand appropriated without further legislative action as follows:

(1) First, to the department, an amount necessary for the department to carry out sections 195.548 to 195.570, including repayment of any cash operating transfers, payments made through contract or agreement with other state and public agencies necessary to carry out sections 195.548 to 195.570, and a reserve fund to maintain a reasonable working cash balance for the purpose of carrying out sections 195.548 to 195.570;

(2) Next, the remainder of such funds shall be transferred to the Missouri veterans commission for health and care services for military veterans, including the following purposes: operations, maintenance and capital improvements of Missouri’s veterans homes, the Missouri service officer’s program, and other services for veterans approved by the commission, including, but not limited to, health care services, mental health services, drug rehabilitation services, housing assistance, job training, and tuition assistance to prevent homelessness. The Missouri veterans commission shall contract with other public agencies for the delivery of services beyond its expertise; and

(3) All monies from the taxes authorized under this section shall provide additional dedicated funding for the purposes enumerated in this subsection and shall not replace other dedicated funding.

3. For all retail sales of marijuana for medical use, a record shall be kept by the seller that identifies, by secure and encrypted patient number issued by the seller to the qualifying patient involved in the sale, all amounts and types of marijuana involved in the sale and the total amount of money involved in the sale, including itemizations, taxes collected, and grand total sale amounts. All such records shall be kept on the premises in a readily available format and be made available for review by the department and the department of revenue upon request. Such records shall be retained for five years from the date of the sale.

4. The tax levied under this section is separate from, and in addition to, any general state and local sales and use taxes that apply to retail sales, which shall continue to be collected and distributed as provided by chapter 144.

5. Except as authorized in this section, no additional taxes shall be imposed on the sale of marijuana for medical use.

195.565 1. Except as provided for in sections 195.548 to 195.570, the possession of marijuana in

quantities less than the limits provided for in said sections, or as established by the department, and transportation of marijuana from a medical marijuana dispensary facility to the qualifying patient's residence shall not subject the possessor to arrest, criminal or civil liability, or sanctions under Missouri law; provided, that the possessor produces on demand to the appropriate authority a valid qualifying patient identification card; a valid qualifying patient cultivation identification card; a valid physician certification while making application for an identification card; or a valid primary caregiver identification card. Production of the respective equivalent identification card or authorization issued by another state or a political subdivision of another state shall also meet the requirements of this subsection.

2. No patient shall be denied access to or priority for an organ transplant because the patient holds a qualifying patient identification card or uses marijuana for medical use.

3. A physician shall not be subject to criminal or civil liability or sanctions under Missouri law or discipline by the Missouri state board of registration for the healing arts, or its successor agency, for owning, operating, investing in, being employed by, or contracting with any entity licensed or certified under sections 195.548 to 195.570 or issuing a physician certification to a patient diagnosed with a qualifying medical condition in a manner consistent with sections 195.548 to 195.570 and legal standards of professional conduct.

4. A health care provider shall not be subject to civil or criminal prosecution under Missouri law, denial of any right or privilege, civil or administrative penalty or sanction, or disciplinary action by any accreditation or licensing board or commission for owning, operating, investing in, being employed by, or contracting with any entity licensed or certified under sections 195.548 to 195.570 or providing health care services that involve the medical use of marijuana consistent with sections 195.548 to 195.570 and legal standards of professional conduct.

5. A medical marijuana testing facility shall not be subject to civil or criminal prosecution under Missouri law, denial of any right or privilege, civil or administrative penalty or sanction, or disciplinary action by any accreditation or licensing board or commission for providing laboratory testing services that relate to the medical use of marijuana consistent with sections 195.548 to 195.570 and otherwise meets legal standards of professional conduct.

6. A health care provider shall not be subject to mandatory reporting requirements for the medical use of marijuana by nonemancipated qualifying patients under eighteen years of age in a manner consistent with sections 195.548 to 195.570 and with the consent of a parent or guardian.

7. A primary caregiver shall not be subject to criminal or civil liability or sanctions under Missouri law for purchasing, transporting, or administering marijuana for medical use to or by a qualifying patient or participating in the patient cultivation of up to six flowering marijuana plants per patient in a manner consistent with sections 195.548 to 195.570 and generally established legal standards of personal or professional conduct.

8. An attorney shall not be subject to disciplinary action by the state bar association or other professional licensing body for owning, operating, investing in, being employed by, contracting with, or providing legal assistance to prospective or licensed medical marijuana testing facilities, medical marijuana cultivation facilities, medical marijuana dispensary facilities, medical marijuana-infused products manufacturing facilities, qualifying patients, primary caregivers, physicians, health care

providers, or others related to an activity who or that is no longer subject to criminal penalties under state law under sections 195.548 to 195.570.

9. Actions and conduct by qualifying patients, primary caregivers, medical marijuana testing facilities, medical marijuana cultivation facilities, medical marijuana-infused products manufacturing facilities, or medical marijuana dispensary facilities licensed or registered with the department, or their employees or agents, as permitted by sections 195.548 to 195.570 and in compliance with department regulations and other standards of legal conduct, shall not be subject to criminal or civil liability or sanctions under Missouri law, except as provided for by said sections.

10. Nothing in sections 195.548 to 195.570 shall provide immunity for negligence, either common law or statutorily created, or criminal immunity for operating a vehicle, aircraft, dangerous device, or navigating a boat while under the influence of marijuana.

11. It is the public policy of the state of Missouri that contracts related to marijuana for medical use that are entered into by qualifying patients, primary caregivers, medical marijuana testing facilities, medical marijuana cultivation facilities, medical marijuana-infused products manufacturing facilities, or medical marijuana dispensary facilities and those who allow property to be used by those entities, should be enforceable. It is the public policy of the state of Missouri that no contract entered into by qualifying patients, primary caregivers, medical marijuana testing facilities, medical marijuana cultivation facilities, medical marijuana-infused products manufacturing facilities, or medical marijuana dispensary facilities, or by a person who allows property to be used for activities that are exempt from state criminal penalties under sections 195.548 to 195.570, shall be unenforceable on the basis that activities related to medical marijuana may be prohibited by federal law.

195.570. 1. Nothing in sections 195.548 to 195.570 shall permit a person to:

- (1) Consume marijuana for medical use in a jail or correctional facility;
- (2) Undertake any task under the influence of marijuana when doing so would constitute negligence or professional malpractice;
- (3) Operate, navigate, or be in actual physical control of any dangerous device or motor vehicle, aircraft, or motorboat while under the influence of marijuana; or
- (4) Bring a claim against any employer, former employer, or prospective employer for wrongful discharge, discrimination, or any similar cause of action or remedy, based on the employer, former employer, or prospective employer prohibiting the employee, former employee, or prospective employee from being under the influence of marijuana while at work or disciplining the employee or former employee, up to and including termination from employment, for working or attempting to work while under the influence of marijuana.

2. No medical marijuana cultivation facility, medical marijuana testing facility, medical marijuana dispensary facility, or medical marijuana-infused products manufacturing facility shall be owned, in whole or in part, or have as an officer, director, board member, manager, or employee, any individual with a disqualifying felony offense. A “disqualifying felony offense” shall mean a violation of, and conviction or guilty plea to, state or federal law that is, or would have been, a felony under Missouri law, regardless of the sentence imposed, unless the department determines that:

**(1) The person’s conviction was for the medical use of marijuana or assisting in the medical use of marijuana;**

**(2) The person’s conviction was for a nonviolent crime for which he or she was not incarcerated and that is more than five years old; or**

**(3) More than five years have passed since the person was released from parole or probation, and he or she has not been found guilty of any subsequent criminal offenses.**

**The department may consult with and rely on the records, advice, and recommendations of the attorney general and the department of public safety, or their successor entities, in applying the provisions of this subsection.**

**3. All medical marijuana cultivation facility, medical marijuana dispensary facility, or medical marijuana-infused products manufacturing facility licenses, entities with medical marijuana testing facility certificates, and entities with transportation certificates shall be held by entities that are majority owned by natural persons who have been residents of the state of Missouri for at least one year prior to the application for such license or certification. Notwithstanding the forgoing, entities outside the state of Missouri may own a minority stake in such entities.**

**4. No medical marijuana cultivation facility, medical marijuana dispensary facility, or medical marijuana-infused products manufacturing facility shall manufacture, package, or label marijuana or marijuana-infused products in a false or misleading manner. No person shall sell any product in a manner designed to cause confusion between a marijuana or marijuana-infused product and any product not containing marijuana. A violation of this subsection shall be punishable by an appropriate and proportional department sanction, up to and including loss of license.**

**5. All edible marijuana-infused products shall be sold in individual, child-resistant containers that are labeled with dosage amounts, instructions for use, and estimated length of effectiveness. All marijuana and marijuana-infused products shall be sold in containers clearly and conspicuously labeled, in a font size at least as large as the largest other font size used on the package, as containing “marijuana”, or a “marijuana-infused product”. A violation of this subsection shall subject the violator to department sanctions, including an administrative penalty.**

**6. No individual shall serve as the primary caregiver for more than three qualifying patients.**

**7. No qualifying patient shall consume marijuana for medical use in a public place. Violation of this subsection shall be subject to the penalty in section 579.015.**

**8. No person shall extract resins from marijuana using dangerous materials or combustible gasses without a medical marijuana-infused products manufacturing facility license. Violation of this prohibition shall subject the violator to department sanctions, including an administrative penalty and, if applicable, loss of their identification card or license for up to one year.**

**9. All qualifying patient cultivation shall take place in an enclosed, locked facility that is equipped with security devices that permit access only by the qualifying patient or by such patient’s primary caregiver. Two qualifying patients, who both hold valid qualifying patient cultivation identification cards, may share one enclosed and locked facility. No more than twelve patient or primary caregiver-cultivated flowering marijuana plants may be cultivated in a single enclosed and locked facility,**

except when a primary caregiver also holds a qualifying patient cultivation identification card, in which case no more than eighteen flowering marijuana plants may be cultivated in a single enclosed and locked facility.

10. No medical marijuana cultivation facility, medical marijuana dispensary facility, medical marijuana-infused products manufacturing facility, medical marijuana testing facility, or entity with a transportation certification shall assign, sell, give, lease, sublicense, or otherwise transfer its license or certificate to any other entity without the express consent of the department, not to be unreasonably withheld.

11. Unless allowed by the local government, no new medical marijuana cultivation facility, medical marijuana testing facility, medical marijuana dispensary facility, or medical marijuana-infused products manufacturing facility shall be initially sited within one thousand feet of any then-existing elementary or secondary school, child day care center, or church. No local government shall prohibit medical marijuana cultivation facilities, medical marijuana testing facilities, medical marijuana dispensary facilities, medical marijuana-infused products manufacturing facilities, or entities with a transportation certification, either expressly or through the enactment of ordinances or regulations that make their operation unduly burdensome in the jurisdiction. However, local governments may enact ordinances or regulations not in conflict with sections 195.548 to 195.570, or with regulations enacted under said sections, governing the time, place, and manner of such facilities in the locality. A local government may establish civil penalties for violation of an ordinance or regulations governing the time, place, manner of operation of a medical marijuana cultivation facility, medical marijuana testing facility, medical marijuana dispensary facility, medical marijuana-infused products manufacturing facility, or entity holding a transportation certification that may operate in such locality.

12. Unless superseded by federal law, a physician shall not certify a qualifying condition for a patient by any means other than providing a physician certification for the patient, whether handwritten, electronic, or in another commonly used format. A qualifying patient shall obtain a new physician certification at least annually.

13. A physician shall not issue a certification for the medical use of marijuana for a nonemancipated qualifying patient under the age of eighteen without the written consent of the qualifying patient's parent or legal guardian. The department shall not issue a qualifying patient identification card on behalf of a nonemancipated qualifying patient under the age of eighteen without the written consent of the qualifying patient's parent or legal guardian. Such card shall be issued to one of the parents or legal guardians and not directly to the patient. Only a parent or legal guardian may serve as a primary caregiver for a nonemancipated qualifying patient under the age of eighteen. Only the qualifying patient's parent or guardian shall purchase or possess medical marijuana for a nonemancipated qualifying patient under the age of eighteen. A parent or guardian shall supervise the administration of medical marijuana to a nonemancipated qualifying patient under the age of eighteen.

14. Nothing in sections 195.548 to 195.570 shall be construed as mandating health insurance coverage of medical marijuana for qualifying patient use.

15. Real and personal property used in the cultivation, manufacture, transport, testing,

**distribution, sale, and administration of marijuana for medical use or for activities otherwise in compliance with sections 195.548 to 195.570 shall not be subject to asset forfeiture solely because of that use.”; and**

Gracious God, we are grateful for our safe arrival on this beautiful day. Help us be among those who are willing to hear Your word and gain from what we learn, especially those things that are helpful for our work here this week. Help us use our time here to benefit those who count on us. And guide our words and actions as they are a witness to what we hold as most important to us. And be with us so we can offer our very best. In Your Holy Name we pray. Amen.

## CONCURRENT RESOLUTIONS

Senator Walsh offered the following concurrent resolution:

### SENATE CONCURRENT RESOLUTION NO. 46

Whereas, the Missouri Constitution outlines a process for the residents of St. Louis City and St. Louis County to vote on their governmental structure through the establishment of a Board of Freeholders by petition or appointment by the County Executive, Mayor of St. Louis, and Governor of Missouri; and

Whereas, some Missourians may seek a statewide vote on a constitutional amendment to bypass the voters of St. Louis City and St. Louis County; and

Whereas, a statewide vote on such an important matter of local government structure would set a precedent that could lead to subsequent statewide votes mandating the consolidation of counties, school districts, and other political subdivisions throughout Missouri, against the wishes of voters in those political subdivisions; and

Whereas, in 1962, the voters of Missouri overwhelmingly rejected, by a vote of 74% to 26%, a constitutional amendment to merge the governments of St. Louis and St. Louis County; and

Whereas, the appropriate way for those wishing to change the structure of St. Louis City and County government is to convince the voters of St. Louis City and County of the benefits of such changes, not to convince voters elsewhere in Missouri; and

Whereas, the St. Louis County Council, which governs the largest county in the state of Missouri with nearly one million residents, and the Board of Aldermen of the City of St. Louis, which governs the second-largest city in the state of Missouri with over 315,000 residents, should have a major voice in all discussions of St. Louis regional governance; and

Whereas, the governing bodies of all municipalities in St. Louis County should also have significant involvement in any such discussions to advance the best interests of their residents; and

Whereas, the St. Louis County Council and 57 of the 89 municipalities in St. Louis County have passed resolutions opposing a statewide vote on a constitutional amendment to change the structure of St. Louis City and County government:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby oppose any statewide vote or legislative mandate on governmental reorganization regarding the City of St. Louis and St. Louis County and the municipalities therein; and

Be It Further Resolved that the General Assembly does not take a position on whether St. Louis City and St. Louis County should consolidate or should otherwise change their government structure; and

Be It Further Resolved that the General Assembly supports the people of St. Louis City and St. Louis County having a productive discussion about the reorganization and/or consolidation of their governments and improving their regional governance however they best see fit.

The Senate observed a moment of silence in memory of Joaquin Oliver.

**2. The failure of an approved virtual institution to continuously maintain all of the requirements in paragraphs (a) to (i) of subdivision (4) of subsection 1 of this section shall preclude such institution’s students or applicants from being eligible for assistance under sections 173.1104 and 173.1105.**

173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

(1) Is a citizen or a permanent resident of the United States;

(2) Is a resident of the state of Missouri, as determined by reference to standards promulgated by the

2. If an applicant is found guilty of or pleads guilty to any criminal offense during the period of time in which the applicant is receiving financial assistance, such applicant shall not be eligible for renewal of such assistance, provided such offense would disqualify the applicant from receiving federal student aid under Title IV of the Higher Education Act of 1965, as amended.

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private [or], public, **or virtual** institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

(b) Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri; and

(c) Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions;

(2) For the 2014-15 academic year and subsequent years:

(a) One thousand three hundred dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and

(b) Two thousand eight hundred fifty dollars maximum and one thousand five hundred dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri, [or] approved private institutions, **or approved virtual institutions**.

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with an expected family contribution above seven thousand dollars shall be reduced by ten percent of the maximum expected family contribution for his or her increment group. Any award amount shall be reduced

by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public [or], private, **or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

No contract or order imposing any financial obligation on the county or township is binding on the county or township unless it is in writing and unless there is a balance otherwise unencumbered to the credit of the appropriation to which it is to be charged and a cash balance otherwise unencumbered in the treasury to the credit of the fund from which payment is to be made, each sufficient to meet the obligation incurred and unless the contract or order bears the certification of the accounting officer so stating; except that in case of any contract for public**

works or buildings to be paid for from bond funds or from taxes levied for the purpose it is sufficient for the accounting officer to certify that the bonds or taxes have been authorized by vote of the people and that there is a sufficient unencumbered amount of the bonds yet to be sold or of the taxes levied and yet to be collected to meet the obligation in case there is not a sufficient unencumbered cash balance in the treasury. Immediately upon discovering that other feasible sources exist, the commission shall rescind the waiver and proceed to procure the supplies through the competitive processes as described in this chapter. A single feasible source exists when:

- (2) Based on past procurement experience, it is determined that only one distributor services the region in which the supplies are needed; or
- (3) Supplies are available at a discount from a single distributor for a limited period of time.

**CONCURRENT RESOLUTIONS**

**SENATE CONCURRENT RESOLUTION NO. 47**

Relating to the establishment of the task force on trauma-informed care for veterans.

Whereas, the state of Missouri has the fifteenth largest veteran population in the nation; and

Whereas, many veterans may experience trauma before, during, or following their military service, which can have a significant impact upon their health, treatment needs, employment, and home life; and

Whereas, trauma is associated with a multitude of mental health conditions including posttraumatic stress disorder, depression, anxiety, and substance use disorders; and

Whereas, trauma-informed care is framework for providing services to traumatized individuals that requires changes to the practices, policies, and cultures of an entire organization; and

Whereas, trauma-informed care approaches in workplaces, communities, and government programs can aid in preventing mental, emotional, physical, and social issues for veterans impacted by toxic stress or trauma; and

Whereas, all entities, public and private, serving veterans play a pivotal role in supporting their recovery from trauma; and

Whereas, it is in the public's interest for the state to establish a Task Force on Trauma-Informed Care for Veterans in order to promote the healthy recovery of and provide support for veterans and their families living in Missouri communities who have been affected by trauma:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby create the Missouri Task Force on Trauma-Informed Care for Veterans; and

Be It Further Resolved that the mission of the Task Force shall be to fully consider and study:

(1) The current unmet needs of veterans and their families affected by trauma, and the accessibility of services for such service men and women;

(2) The number of service providers, public and private, in the state who have implemented trauma-informed approaches in veteran service settings;

(3) The development and implementation of education and training in providing trauma-informed care for staff in state-funded programs serving veterans and their families; and

(4) Ways to promote and facilitate interagency cooperation in addressing the needs of veterans and their families affected by trauma and providing resources regarding trauma-informed care to the public; and

Be It Further Resolved that the Task Force shall consist of the following members:

(1) Two members of the Senate, one to be appointed by the President Pro Tempore of the Senate and one to be appointed by the Minority

Leader of the Senate;

(2) Two members of the House of Representatives, one to be appointed by the Speaker of the House of Representatives and one to be appointed by the Minority Leader of the House of Representatives;

(3) The Executive Director of the Missouri Veterans Commission, or his or her designee;

(4) The Director of the Department of Health and Senior Services, or his or her designee;

(5) The Director of the Department of Mental Health, or his or her designee;

(6) The Director of the Department of Social Services, or his or her designee;

(7) The Director of the Veterans Center, University of Missouri, or his or her designee;

(8) One representative from the VA St. Louis Health Care System Hope Recovery Center, who specializes in the rehabilitation and recovery of veterans, appointed by the Speaker of the House of Representatives;

(9) Four members from the private sector with knowledge of trauma-informed care methods, one of whom shall be appointed by the Speaker of the House of Representatives, one of whom shall be appointed by the Minority Leader of the House of Representatives, one of whom shall be appointed by the President Pro Tempore of the Senate, and one whom shall be appointed by the Minority Leader of the Senate; and

Be It Further Resolved that the members shall elect a chair from the members who are members of the General Assembly, and that the Task Force, its members, and any staff assigned to the committee shall be reimbursed for travel and other expenses actually and necessarily included in the performance of their duties; and

Be It Further Resolved that the staffs of Senate Research, House Research, and the Joint Committee on Legislative Research shall provide such legal, research, clerical, technical, and bill drafting services as the Task Force may require in the performance of its duties; and

Be It Further Resolved that the Task Force shall terminate by either a majority of members voting for termination, or by December 31, 2020, whichever occurs first; and

Be It Further Resolved that on the date of termination, the Task Force shall deliver a report of findings and recommendations to the General Assembly and the Veterans Commission; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Veterans Commission, the Director of the Department of Health and Senior Services, the Director of the Department of Mental Health, and the Director of the Department of Social Services; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

**Read 1st time.**

**Senator Eigel offered the following concurrent resolution:**

**SENATE CONCURRENT RESOLUTION NO. 48**

Whereas, Article I of the United States Constitution begins “All legislative powers herein granted shall be vested in a Congress”; and

Whereas, the Congress has exceeded the legislative powers granted in the Constitution thereby encroaching on the powers that are “reserved to the states respectively, or to the people” as the Tenth Amendment affirms and the rights “retained by the people” to which the Ninth Amendment refers; and

Whereas, in Federalist No. 10, James Madison wrote that “No man is allowed to be a judge in his own cause, because his interest would certainly bias his judgment, and,....with greater reason, a body of men are unfit to be both judges and parties at the same time”; and

Whereas, this same principle was emphasized in the 1798 Kentucky Resolutions (drafted by Thomas Jefferson) that the United States government “was not made the exclusive or final judge of the extent of the powers delegated to itself; since that would have made its discretion, and not the Constitution, the measure of its powers”; and

Whereas, the Congress has latent but neglected powers to correct such judicial supremacy by means of Article III Section 2 regulations on appellate jurisdiction, yet by similar reasoning such regulatory powers should be additionally extended to the several states, heeding Jefferson’s warnings that we not make the Constitution “a mere thing of wax in the hands of the judiciary” for “to consider the judges as the ultimate arbiters of all constitutional questions” would then “place us under the despotism of an oligarchy”, rather “the people themselves” are the “true corrective of constitutional abuses” and the states remain the closest and most representative voice of the people; and

Whereas, the United States Constitution should then be amended to enable the several states to correct violations of the limited powers by the United States and thereby restore the proper balance between the powers of Congress and those of the several states, and better prevent the denial or disparagement of the rights retained by the people:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strongly urge the Congress of the United States to propose the following amendment, known as the State Powers Amendment, or SPA:

“Section 1. Any provision of law or regulation of the United States may be repealed by the several states, and such repeal shall be effective when the legislatures of a Representative Majority of the several states approve resolutions for this purpose that particularly describe the same provision or provisions of law or regulation to be repealed. A Representative Majority of the several states is a majority of the states also having together a majority of the apportioned Representatives in Congress.

Section 2. The several states shall have power to make regulations and exceptions to the appellate jurisdiction of the Supreme Court and all inferior courts and tribunals of the United States, and such regulations and exceptions shall be effective when the legislatures of a Representative Majority of the several states approve identical resolutions for this purpose no more than five years apart.”; and

Be It Further Resolved that should the Congress fail to act after two-thirds of the several states petition alike in substance for a State Powers Amendment, then a “convention to propose amendments” under Article V of the United States Constitution shall be the proper course and that delegates to such convention should be selected by the legislatures in the several states and should vote by state, according to the practices established by the 1787 Federal Convention in Philadelphia; and

Be It Further Resolved that the state of Missouri reserves its further right to petition in the same manner for further amendments as the General Assembly may deem warranted; and

Be It Further Resolved that copies of this resolution be forwarded to the legislatures of all the several states inviting them to likewise join in support of this petition; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of the Missouri congressional delegation.

The chief law enforcement official may forward a copy of such registration form to any city, town, village, or campus law enforcement agency, if so requested.

3. The registration requirements of sections 589.400 through 589.425 are lifetime registration requirements unless:

(1) All offenses requiring registration are reversed, vacated or set aside;

(2) The registrant is pardoned of the offenses requiring registration;

(3) The registrant is no longer required to register and his or her name shall be removed from the registry under the provisions of subsection 6 of this section; or

8. Effective August 28, 2009, any person on the sexual offender registry for having been convicted of, found guilty of, or having pled guilty or nolo contendere to an offense included under subsection 1 of this section may file a petition after two years have passed from the date the offender was convicted or found guilty of or pled guilty or nolo contendere to the offense or offenses in the civil division of the circuit court in the county in which the offender was convicted or found guilty of or pled guilty or nolo contendere to the offense or offenses for removal of his or her name from the registry if such person was nineteen years of age or younger and the victim was thirteen years of age or older at the time of the offense and no physical force or threat of physical force was used in the commission of the offense, unless such person meets the qualifications of this subsection, and such person was eighteen years of age or younger at the time of the offense, and is convicted or found guilty of or pleads guilty or nolo contendere to a violation of section 566.068, 566.090, 566.093, or 566.095 when such offense is a misdemeanor, in which case, such person may immediately file a petition to remove or exempt his or her name from the registry upon his or her conviction or finding or pleading of guilty or nolo contendere to such offense.

9. (1) The court may grant such relief under subsection 7 or 8 of this section if such person demonstrates to the court that he or she has complied with the provisions of this section and is not a current or potential threat to public safety. The prosecuting attorney in the circuit court in which the petition is filed must be given notice, by the person seeking removal or exemption from the registry, of the petition to present evidence in opposition to the requested relief or may otherwise demonstrate the reasons why the petition should be denied. Failure of the person seeking removal or exemption from the registry to notify the prosecuting attorney of the petition shall result in an automatic denial of such person's petition. If the prosecuting attorney is notified of the petition he or she shall make reasonable efforts to notify the victim of the crime for which the person was required to register of the petition and the dates and times of any hearings or other proceedings in connection with that petition.

(2) If the petition is denied, such person shall wait at least twelve months before petitioning the court again. If the court finds that the petitioner is entitled to relief, which removes or exempts such person's name from the registry, a certified copy of the written findings or order shall be forwarded by the court to the chief law enforcement official having jurisdiction over the offender and to the Missouri state highway patrol in order to have such person's name removed or exempted from the registry.

10. Any nonresident worker or nonresident student shall register for the duration of such person's employment or attendance at any school of higher education and is not entitled to relief under the provisions of subsection 9 of this section. Any registered offender from another state who has a temporary residence in this state and resides more than seven days in a twelve-month period shall register for the duration of such person's temporary residency and is not entitled to the provisions of subsection 9 of this section.

11. Any person whose name is removed or exempted from the sexual offender registry under subsection

7 or 8 of this section shall no longer be required to fulfill the registration requirements of sections 589.400 to 589.425, unless such person is required to register for committing another offense after being removed from the registry.

**610.131. 1. Notwithstanding the provisions of section 610.140 to the contrary, an individual who has pleaded guilty or has been convicted for the offense of prostitution under section 567.020 may apply to the court in which he or she pled guilty or was sentenced for an order to expunge from all official records all recordations of his or her arrest, plea, trial, or conviction. If the court determines, after a hearing, that such person was acting under the influence of an agent when committing the offense that resulted in a plea of guilty or conviction under section 567.020, the court shall enter an order of expungement.**

**2. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the circuit court under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea, or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction, or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.”; and**

**SENATE CONCURRENT RESOLUTION NO. 49**

Relating to the election date for the referendum on Senate Substitute #2 for Senate Bill 19 as enacted by the Ninety-ninth General Assembly, First Regular Session.

Whereas, the voters of Missouri through the referendum process have ordered an election on the enactment of Senate Substitute #2 for Senate Bill 19; and

Whereas, Senate Substitute #2 for Senate Bill 19 provides that no person shall be required to pay dues to a union without his or her affirmative consent; and

Whereas, there is substantial need for the protection of a person's right to support or refrain from supporting a union; and

Whereas, the Constitution of Missouri provides in Article III, Section 52(b) in part "...all elections on measures referred to the people shall be had at the general state elections, except when the General Assembly shall order a special election...":

Now Therefore Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, that the referendum on Senate Substitute #2 for Senate Bill 19 of the Ninety-ninth General Assembly, First Regular Session, officially entitled on the ballot as an act "which prohibits as a condition of employment the forced membership in a labor organization (union) or forced payments of dues in full or pro-rata (fair-share); makes any activity which violates employees' rights illegal and ineffective; allows legal remedies for anyone injured as a result of another person violating or threatening to violate employees' rights; and which shall not apply to union agreements entered into before the effective date of Senate Bill 19" be submitted to the voters of Missouri at a statewide election to be held on August 7, 2018; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Senator Hegeman offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 50**

Relating to the replacement of a statue in the Statuary Hall of the Capitol of the United States.

Whereas, 40 U.S.C. Section 187 permits a state to ask the Joint Committee on the Library of Congress for replacement of a statue it provided for display in the National Statuary Hall in the Capitol of the United States after the passage of the required display time period specified in 40 U.S.C. Section 187a; and

Whereas, that request must be made by a resolution adopted by the legislature of the state and approved by the Governor; and

Whereas, in 1895, the Missouri General Assembly authorized placement of statues of Thomas Hart Benton and Francis Preston Blair in Statuary Hall, which statues were placed there in 1899; and

Whereas, Thomas Hart Benton was a five-term United States Senator from Missouri and was an architect and champion of westward expansion by the United States; and

Whereas, Harry S Truman was the most important statesman Missouri ever gave the nation, an outstanding county official, United States Senator, Vice President and President of the United States who brought the Second World War to completion, led the free world at the beginning of the Cold War, and stood for fairness and opportunity for all Americans:

Now Therefore Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby request approval from the Joint Committee on the Library of Congress to replace the statue of Thomas Hart Benton with a statue of Harry S Truman as one of the two statues Missouri is entitled to display in the Statuary Hall of the United States Capitol; and

Be It Further Resolved that the Missouri General Assembly requests the Statue of Thomas Hart Benton be returned to the State of Missouri as permitted under 40 U.S.C. Section 187a(d); and

Be It Further Resolved that Secretary of the Senate be instructed to send copies of this resolution for the Joint Committee on the Library of Congress in care of the chair of the committee and to each member of the Missouri Congressional delegation; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

Senator Crawford offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 51

Relating to Scoliosis Awareness Day in Missouri.

Whereas, scoliosis is an abnormal curvature of the spine most often found in adolescents ages ten to eighteen; and

Whereas, roughly three million new cases of the condition are diagnosed in the United States each year; and

Whereas, screening for scoliosis is simple, noninvasive and only takes thirty seconds, yet parents and students are not educated as to how to catch early stage scoliosis with home evaluations; and

Whereas, if not detected or left untreated, scoliosis may worsen, leading to chronic back pain and spinal deformity, and can impact heart and lung function; and

Whereas, school screenings, education programs and other scheduled events help raise awareness for early detection and prevention of progressive spinal deformity:

Now Therefore Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby proclaim that September first of each year shall be "Scoliosis Awareness Day in Missouri"; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

# Journal of the Senate

SECOND REGULAR SESSION

---

**THIRTY-FOURTH DAY—MONDAY, MARCH 5, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“Who are they that fear the Lord? He will teach them the way that they should choose.” (Psalm 25:12)

We return with much work to do, O Lord, like the psalmist we call for help that we might be faithful to the little things that have a way of producing much power and can be overwhelming. Teach us to use the small things to be of great service to the people of Missouri. Help us to provide laws that give power to the littlest so as to accomplish great things for all Your people. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, March 1, 2018 was read and approved.

**SENATE AMENDMENT NO. 1**

Amend Senate Bill No. 800, Page 2, Section 211.444, Line 26, by inserting immediately after said line the following:

“211.447. 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it appears that the information could justify the filing of a petition, the juvenile officer may take further action, including filing a petition. If it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child’s parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an “infant” means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and

could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child;  
or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(c) The parent has voluntarily relinquished a child under section 210.950; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter; or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

(1) The child is being cared for by a relative; or

(2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review;  
or

(3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development.

Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of

consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape or rape in the first degree. When the biological father has pled guilty to, or is convicted of, the forcible rape or rape in the first degree of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) (a) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse including, but not limited to, specific conditions directly relating to the parent and child relationship which are determined by the court to be of a duration or nature that renders the parent unable for the reasonably foreseeable future to care appropriately for the ongoing physical, mental, or emotional needs of the child.

(b) It is presumed that a parent is unfit to be a party to the parent and child relationship upon a showing that:

a. Within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3), or (4) of this subsection or similar laws of other states;

b. If the parent is the birth mother and within eight hours after the child's birth, the child's birth mother tested positive and over .08 blood alcohol content pursuant to testing under section 577.020 for alcohol, or tested positive for cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case;

c. If the parent is the birth mother and at the time of the child's birth or within eight hours after a child's birth the child tested positive for alcohol, cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case; or

d. Within a three-year period immediately prior to the termination adjudication, the parent has pled guilty to or has been convicted of a felony involving the possession, distribution, or manufacture of cocaine, heroin, or methamphetamine, and the parent is the biological parent of at least one other child who was adjudicated an abused or neglected minor by such parent or such parent has previously failed to complete recommended treatment services by the children's division through a family-centered services case.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of

this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

- (1) The emotional ties to the birth parent;
  - (2) The extent to which the parent has maintained regular visitation or other contact with the child;
  - (3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;
  - (4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;
  - (5) The parent's disinterest in or lack of commitment to the child;
  - (6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;
  - (7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.
8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.
9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.
10. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care, for the removal of custody of a child from the parent, or for the termination of parental rights without a specific showing that there is a causal relation between the disability or disease and harm to the child.

**11. A court of competent jurisdiction may terminate the parental rights of a biological father of a child if he is an alleged perpetrator of forcible rape under section 566.030 as it existed prior to August 28, 2013, or rape in the first degree under section 566.030 that resulted in the conception and birth of the child. The biological mother who is the victim of the forcible rape or rape in the first degree or, if she is a minor, someone on her behalf may file a petition to terminate the parental rights of the biological father. The court may terminate the parental rights of the biological father if the court finds that by:**

- (1) Clear, cogent, and convincing evidence the biological father committed the act of forcible rape or rape in the first degree against the biological mother;**
- (2) Clear, cogent, and convincing evidence the child was conceived as a result of that act of forcible rape or rape in the first degree; and**
- (3) The preponderance of the evidence the termination of the parental rights of the biological**

father is in the best interests of the child.

**12. In any action to terminate the parental rights of the biological father under subsection 11 of this section or subdivision (5) of subsection 5 of this section, a court of competent jurisdiction may order that the mother and the child conceived and born as a result of forcible rape or rape in the first degree are entitled to obtain from the biological father certain payments, support, beneficiary designations, or other financial benefits. The court shall issue such order only if the mother gives her consent; provided, that the court shall first inform the mother that such order may require or obligate the mother to have continuous or future communication and contact with the biological father. Such order shall be issued without the biological father being entitled to or granted any custody, guardianship, visitation privileges, or other parent-child relationship, and may include any or all of the following:**

**(1) Payment for the reasonable expenses of the mother or the child, or both, related to pregnancy, labor, delivery, postpartum care, newborn care, or early childhood care;**

**(2) Child support under this chapter or chapters 210, 452, or 454;**

**(3) All rights of the child to inherit under the probate code, as defined in section 472.010; provided that, for purposes of intestate succession, the biological father or his kindred shall have no right to inherit from or through the child;**

**(4) The designation of the child as the beneficiary of a life or accidental death insurance policy, annuity, contract, plan, or other product sold or issued by a life insurance company; or**

**(5) Any other payments, support, beneficiary designations, or financial benefits that are in the best interests of the child or for the reasonable expenses of the mother, or both.**

**If the mother declines to seek a court order for child support under this subsection, no state agency shall require the mother to do so in order to receive public assistance benefits for herself or the child, including, but not limited to, benefits for temporary assistance for needy families, supplemental nutrition assistance program, or MO HealthNet. The court order terminating the parental rights of the biological father under subdivision (5) of subsection 5 of this section or subsection 11 of this section shall serve as a sufficient basis for a good cause or other exemptions under 42 U.S.C. Section 654(29) and the state agency shall not require the mother or the child to otherwise provide the identity, location, income, or assets of the biological father or have contact or communicate with the biological father. However, nothing in this subsection shall prohibit a state agency from requesting that the mother assign any child support rights she receives under this subsection to the state as a condition of receipt of public assistance benefits under applicable federal and state law.”; and**

Further amend the title and enacting clause accordingly.

Senator Koenig moved that the above amendment be adopted, which motion prevailed.

On motion of Senator Libla, **SB 800**, as amended, was declared perfected and ordered printed.

Each inactive license shall be subject to all provisions of this chapter, except as otherwise specifically provided. **4. A psychologist practicing into a distant state under the temporary authorization to practice will be subject to the distant state's authority and law. A distant state may, in accordance with that state's due process law, limit or revoke a psychologist's temporary authorization to practice in the distant state and may take any other necessary actions under the distant state's applicable law to protect the health and safety of the distant state's citizens. If a distant state takes action, the state shall promptly notify the home state and the commission.**

**5. If a psychologist's license in any home state, another compact state, or any temporary authorization to practice in any distant state, is restricted, suspended or otherwise limited, the IPC shall be revoked and therefore the psychologist shall not be eligible to practice in a compact state under the temporary authorization to practice.**

**337.125. A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the commission, and under the following circumstances:**

**(1) The psychologist initiates a client/patient contact in a home state via telecommunications technologies with a client/patient in a receiving state;**

**(2) Other conditions regarding telepsychology as determined by rules promulgated by the commission.**

**337.130. 1. A home state shall have the power to impose adverse action against a psychologist's license issued by the home state. A distant state shall have the power to take adverse action on a psychologist's temporary authorization to practice within that distant state.**

**2. A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.**

**3. (1) If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's temporary authorization to practice is terminated and the IPC is revoked.**

**(2) All home state disciplinary orders which impose adverse action shall be reported to the commission in accordance with the rules promulgated by the commission. A compact state shall report adverse actions in accordance with the rules of the commission.**

**(3) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the commission.**

**(4) Other actions may be imposed as determined by the rules promulgated by the commission.**

**4. A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.**

**5. A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization practice which occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. In such cases, distant state's law shall control in determining any adverse action against a psychologist's temporary authorization to practice.**

**6. Nothing in this compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the compact state's law. Compact states shall require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.**

**7. No other judicial or administrative remedies shall be available to a psychologist in the event a compact state imposes an adverse action pursuant to subsection 3 of this section.**

**337.135. 1. In addition to any other powers granted under state law, a compact state's psychology regulatory authority shall have the authority under this compact to:**

**(1) Issue subpoenas, for both hearings and investigations, which require the attendance and**

testimony of witnesses and the production of evidence. Subpoenas issued by a compact state's psychology regulatory authority for the attendance and testimony of witnesses, or the production of evidence from another compact state shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state psychology regulatory authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state where the witnesses or evidence are located; and

(2) Issue cease and desist or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice.

2. During the course of any investigation, a psychologist may not change his or her home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his or her home state licensure. The commission shall promptly notify the new home state of any such decisions as provided in the rules of the commission. All information provided to the commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal and used for investigatory or disciplinary matters. The commission may create additional rules for mandated or discretionary sharing of information by compact states.

337.140. 1. The commission shall provide for the development and maintenance of a coordinated licensure information system "coordinated database" and reporting system containing licensure and disciplinary action information on all psychologist individuals to whom this compact is applicable in all compact states as defined by the rules of the commission.

2. Notwithstanding any other provision of state law to the contrary, a compact state shall submit a uniform data set to the coordinated database on all licensees as required by the rules of the commission, including:

- (1) Identifying information;
- (2) Licensure data;
- (3) Significant investigatory information;
- (4) Adverse actions against a psychologist's license;
- (5) An indicator that a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice is revoked;
- (6) Nonconfidential information related to alternative program participation information;
- (7) Any denial of application for licensure, and the reasons for such denial; and
- (8) Other information which may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all compact states of any adverse action taken against, or significant investigative information on, any licensee in a compact state.

**4. Compact states reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.**

**5. Any information submitted to the coordinated database that is subsequently required to be expunged by the law of the compact state reporting the information shall be removed from the coordinated database.**

**337.145. 1. The compact states hereby create and establish a joint public agency known as the psychology interjurisdictional compact commission.**

**(1) The commission is a body politic and an instrumentality of the compact states.**

**(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.**

**(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.**

**2. The commission shall consist of one voting representative appointed by each compact state who shall serve as that state's commissioner. The state psychology regulatory authority shall appoint its delegate. This delegate shall be empowered to act on behalf of the compact state. This delegate shall be limited to:**

**(2) Current member of the state psychology regulatory authority of a compact state; or**

**(3) Designee empowered with the appropriate delegate authority to act on behalf of the compact state.**

**(2) Each commissioner shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. A commissioner shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for commissioners' participation in meetings by telephone or other means of communication.**

**(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.**

**(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 337.150.**

**(5) The commission may convene in a closed, nonpublic meeting if the commission shall discuss:**

- (j) Matters specifically exempted from disclosure by federal and state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of subsection 3 of this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes which fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, of any person participating in the meeting, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

4. The commission shall, by a majority vote of the commissioners, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to:

As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each commissioner with no proxy votes allowed;
- (4) Establishing the titles, duties and authority and reasonable procedures for the election of the

**(6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;**

**(7) Providing a mechanism for concluding the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations.**

**5. (1) The commission shall publish its bylaws in a convenient form and file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the compact states;**

**(2) The commission shall maintain its financial records in accordance with the bylaws; and**

**(3) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.**

**6. The commission shall have the following powers:**

**(1) The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rule shall have the force and effect of law and shall be binding in all compact states;**

**(2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state psychology regulatory authority or other regulatory body responsible for psychology licensure to sue or be sued under applicable law shall not be affected;**

**(3) To purchase and maintain insurance and bonds;**

**(4) To borrow, accept or contract for services of personnel, including, but not limited to, employees of a compact state;**

**(5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;**

**(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of psychology licensure, temporary in-person, face-to-face practice and telepsychology practice.**

**7. (1) The elected officers shall serve as the executive board, which shall have the power to act on behalf of the commission according to the terms of this compact.**

**(2) The executive board shall be comprised of six members:**

**(a) Five voting members who are elected from the current membership of the commission by the commission;**

**(b) One ex officio, nonvoting member from the recognized membership organization composed of state and provincial psychology regulatory authorities.**

**(3) The ex officio member shall have served as staff or member on a state psychology regulatory authority and will be selected by its respective organization.**

**8. (1) The commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.**

**(2) The commission may accept any and all appropriate revenue sources, donations and grants of money, equipment, supplies, materials and services.**

(3) The commission may levy on and collect an annual assessment from each compact state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission which shall promulgate a rule binding upon all compact states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

9. (1) The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

337.150. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further

force and effect in any compact state.

**3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.**

**4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:**

**(1) On the website of the commission; and**

**(2) On the website of each compact states' psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.**

**5. The notice of proposed rulemaking shall include:**

**(2) The text of the proposed rule or amendment and the reason for the proposed rule;**

**(3) A request for comments on the proposed rule from any interested person;**

**(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.**

**6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.**

**7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:**

**(1) At least twenty-five persons who submit comments independently of each other;**

**(2) A governmental subdivision or agency; or**

**(3) A duly appointed person in an association that has at least twenty-five members.**

**8. (1) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.**

**(2) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.**

**(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.**

**(4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.**

**(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules**

may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare;
- (2) Prevent a loss of commission or compact state funds;
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) Protect public health and safety.

13. (1) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

(2) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

337.155. 1. (1) The executive, legislative and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

**2. (1) If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:**

**(a) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default or any other action to be taken by the commission; and**

**(b) Provide remedial training and specific technical assistance regarding the default.**

**(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states, and all rights, privileges and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.**

**(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.**

**(4) A compact state which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.**

**(5) The commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.**

**(6) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.**

**3. (1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.**

**(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.**

**4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.**

**(2) By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.**

**(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.**

**337.160. 1. The compact shall come into effect on the date on which the compact is enacted into**

law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. (1) Any compact state may withdraw from this compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.

5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

**337.165.** This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states.

Section B. The enactment of sections 337.100, 337.105, 337.110, 337.115, 337.120, 337.125, 337.130, 337.135, 337.140, 337.145, 337.150, 337.155, 337.160, and 337.165 of this act shall become effective upon notification by the commission to the revisor of statutes that seven states have adopted the psychology interjurisdictional compact.”; and

“All the paths of the Lord are steadfast love and faithfulness for those who keep his covenant and his decrees.” (Psalm 25:9)

Gracious God, You are an ever-present help full of grace and love for Your children. We pray that You will be especially close to us this week as we face the difficulties of this day and those ahead. Provide us wisdom so we may more clearly discern what is most helpful and important for us to accomplish. Renew us so we see our relationships with one another as a means for us to grow and understand this world in which we live. In Your Holy Name we pray. Amen.

**CONCURRENT RESOLUTIONS**

Senator Emery offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 52**

Whereas, pornography perpetuates a sexually toxic environment; and

Whereas, efforts to prevent pornography exposure and addiction, to educate individuals and families concerning its harms, and to develop recovery programs should be addressed systematically in ways that hold broader influences accountable; and

Whereas, pornography may contribute to the hypersexualization of teenagers, and even prepubescent children, in our society; and

Whereas, owing to advances in technology and the universal availability of the internet, young children can be exposed to what used to be referred to as hardcore, but is now considered mainstream, pornography at an alarming rate; and

Whereas, the average age of exposure to pornography is now 11 to 12 years of age;

Whereas, this early exposure can lead to low self-esteem and body image disorders, an increase in problematic sexual activity at younger ages, and an increased desire among adolescents to engage in risky sexual behavior; and

Whereas, exposure to pornography may serve as children's and youth's sex education and may shape their sexual templates; and

Whereas, pornography may normalize violence and abuse; and

Whereas, pornography often depicts rape and abuse as if such acts are harmless; and

Whereas, pornography equates violence with sex and pain with pleasure, which increases the demand for sex trafficking, prostitution, images of child sexual abuse, and child pornography; and

Whereas, use of pornography can potentially negatively affect brain development and functioning, contribute to emotional and medical illnesses, shape deviant sexual arousal, and lead to difficulty in forming or maintaining intimate relationships as well as problematic or harmful sexual behaviors and addiction; and

Whereas, use of pornography, by either partner, is linked to an increased likelihood that individuals will engage in group intercourse; and

Whereas, recent research indicates that pornography is potentially biologically addictive, which means the user requires more novelty, often in the form of more shocking material, in order to be satisfied; and

Whereas, this biological addiction may lead to increasing themes of risky sexual behaviors, extreme degradation, violence, child sexual abuse, and child pornography; and

Whereas, pornography use is linked to lessening desire to marry, dissatisfaction in marriage, and infidelity; and

Whereas, this link demonstrates that pornography has a detrimental effect on the family unit:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby recognize pornography as leading to individual and societal harms and recognize the need for education, prevention, research, and policy change at the community and societal level.

The Senate observed a moment of silence in memory of Gina Montalto.

summer school. A district may choose to operate two or more terms for different groups of children. A school term for students participating in a school flex program as established in section 160.539 may consist of a combination of actual pupil attendance and attendance at college or technical career education or approved employment aligned with the student's career academic plan for a total of [one thousand forty-four] **the required number of hours as provided in this subdivision;**

(10) "Secretary", the secretary of the board of a school district;

(11) "Seven-director district", any school district which has seven directors and includes urban districts regardless of the number of directors an urban district may have unless otherwise provided by law;

(12) "Taxpayer", any individual who has paid taxes to the state or any subdivision thereof within the immediately preceding twelve-month period or the spouse of such individual;

(13) "Town", any town or village, whether or not incorporated, the plat of which has been filed in the office of the recorder of deeds of the county in which it is situated;

(14) "Urban school district", any district which includes more than half of the population or land area of any city which has not less than seventy thousand inhabitants, other than a city which is not within a county.

160.041. 1. The "minimum school day" consists of three hours for schools with a five-day school week or four hours for schools with a four-day school week in which the pupils are under the guidance and direction of teachers in the teaching process. A "school month" consists of four weeks of five days each for schools with a five-day school week or four weeks of four days each for schools with a four-day school week. The "school year" commences on the first day of July and ends on the thirtieth day of June following.

2. Notwithstanding the provisions of subsection 1 of this section, the commissioner of education is authorized to reduce the required number of hours [and] **or** days in which the pupils are under the guidance and direction of teachers in the teaching process if:

(1) There is damage to or destruction of a public school facility which requires the dual utilization of another school facility; or

(2) Flooding or other inclement weather as defined in subsection 1 of section 171.033 prevents students from attending the public school facility.

Such reduction shall not extend beyond two calendar years in duration.

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;

(3) Nonresident pupils who transfer from an unaccredited district under section [167.131] **167.826**, provided that the charter school is an approved charter school, as defined in section [167.131] **167.826**, and subject to all other provisions of section [167.131] **167.826**;

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the

school district where the charter school is established, who submits a timely application; and

(5) In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission and does not discriminate based on parents' ability to pay fees or tuition except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter alternative and special purpose schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school who have been enrolled for a full academic year shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.

4. A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

(1) The school's charter;

(2) The school's most recent annual report card published according to section 160.522;

(3) The results of background checks on the charter school's board members; and

(4) If a charter school is operated by a management company, a copy of the written contract between the governing board of the charter school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

5. When a student attending a charter school who is a resident of the school district in which the charter

school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

6. If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

7. The provisions of sections 167.018 and 167.019 concerning foster children's educational rights are applicable to charter schools.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced price lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced price lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils. If a charter school declares itself as a local educational agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

7. In the case of a proposed charter school that intends to contract with an education service provider for substantial educational services or management services, the request for proposals shall additionally require the charter school applicant to:

(1) Provide evidence of the education service provider's success in serving student populations similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable;

(2) Provide a term sheet setting forth the proposed duration of the service contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the service provider; performance evaluation measures and time lines; compensation structure, including clear identification of all fees to be paid to the service provider; methods

of contract oversight and enforcement; investment disclosure; and conditions for renewal and termination of the contract;

(3) Disclose any known conflicts of interest between the school governing board and proposed service provider or any affiliated business entities;

(4) Disclose and explain any termination or nonrenewal of contracts for equivalent services for any other charter school in the United States within the past five years;

(5) Ensure that the legal counsel for the charter school shall report directly to the charter school's governing board; and

(6) Provide a process to ensure that the expenditures that the education service provider intends to bill to the charter school shall receive prior approval of the governing board or its designee.

8. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

9. A charter school shall be eligible for transportation state aid pursuant to section 163.161 and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

10. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school shall provide the special services provided pursuant to section 162.705 and may provide the special services pursuant to a contract with a school district or any provider of such services.

11. A charter school may not charge tuition or impose fees that a school district is prohibited from charging or imposing, except that a charter school may receive tuition payments from districts in the same or an adjoining county for nonresident students who transfer to an approved charter school, as defined in section [167.131] **167.826**, from an unaccredited district.

12. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. Except as otherwise specifically provided in sections 160.400 to 160.425, upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355. A charter school shall satisfy all its financial obligations within twelve months of notice from the sponsor of the charter school's closure under subsection 8 of section 160.405. After satisfaction of all its financial obligations, a charter school shall return any remaining state and federal funds to the department of elementary and secondary education for disposition as stated in subdivision (17) of subsection 1 of section 160.405. The department of elementary and secondary education may withhold funding at a level the department determines to be adequate during a school's last year of operation until the department determines that school records, liabilities, and reporting requirements, including a full audit, are satisfied.

13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

162.081. 1. Whenever any school district in this state fails or refuses in any school year to provide for the minimum school term required by section 163.021 or is classified unaccredited, the state board of education shall, upon a district's initial classification or reclassification as unaccredited:

(1) Review the governance of the district to establish the conditions under which the existing school board shall continue to govern; or

(2) Determine the date the district shall lapse and determine an alternative governing structure for the district.

2. If at the time any school district in this state shall be classified as unaccredited, the department of elementary and secondary education shall conduct at least two public hearings at a location in the unaccredited school district regarding the accreditation status of the school district. The hearings shall provide an opportunity to convene community resources that may be useful or necessary in supporting the school district as it attempts to return to accredited status, continues under revised governance, or plans for continuity of educational services and resources upon its attachment to a neighboring district. The department may request the attendance of stakeholders and district officials to review the district's plan to return to accredited status, if any; offer technical assistance; and facilitate and coordinate community resources. Such hearings shall be conducted at least twice annually for every year in which the district remains unaccredited or provisionally accredited.

3. Upon classification of a district as unaccredited, the state board of education may:

(1) Allow continued governance by the existing school district board of education under terms and conditions established by the state board of education; or

(2) Lapse the corporate organization of **all or part of** the unaccredited district and:

(a) Appoint a special administrative board for the operation of all or part of the district. **If a special administrative board is appointed for the operation of a part of a school district, the state board of education shall determine an equitable apportionment of state and federal aid for the part of the district and the school district shall provide local revenue in proportion to the weighted average daily attendance of the part.** The number of members of the special administrative board shall not be less than five, the majority of whom shall be residents of the district. The members of the special administrative board shall reflect the population characteristics of the district and shall collectively possess strong experience in school governance, management and finance, and leadership. **The state board of education may appoint members of the district's elected school board to the special administrative board, but members of the elected school board shall not comprise more than forty-nine percent of the special administrative board's membership.** Within fourteen days after the appointment by the state board of education, the special administrative board shall organize by the election of a president, vice president, secretary and a treasurer, with their duties and organization as enumerated in section 162.301. The special administrative board shall appoint a superintendent of schools to serve as the chief executive officer of the school district, **or a subset of schools**, and to have all powers and duties of any other general superintendent of schools in

a seven-director school district. Any special administrative board appointed under this section shall be responsible for the operation of the district **or part of the district** until such time that the district is classified by the state board of education as provisionally accredited for at least two successive academic years, after which time the state board of education may provide for a transition pursuant to section 162.083; or

(b) Determine an alternative governing structure for the district including, at a minimum:

a. A rationale for the decision to use an alternative form of governance and in the absence of the district's achievement of full accreditation, the state board of education shall review and recertify the alternative form of governance every three years;

b. A method for the residents of the district to provide public comment after a stated period of time or upon achievement of specified academic objectives;

c. Expectations for progress on academic achievement, which shall include an anticipated time line for the district to reach full accreditation; and

d. Annual reports to the general assembly and the governor on the progress towards accreditation of any district that has been declared unaccredited and is placed under an alternative form of governance, including a review of the effectiveness of the alternative governance; or

(c) Attach the territory of the lapsed district to another district or districts for school purposes; or

(d) Establish one or more school districts within the territory of the lapsed district, with a governance structure specified by the state board of education, with the option of permitting a district to remain intact for the purposes of assessing, collecting, and distributing property taxes, to be distributed equitably on a weighted average daily attendance basis, but to be divided for operational purposes, which shall take effect sixty days after the adjournment of the regular session of the general assembly next following the state board's decision unless a statute or concurrent resolution is enacted to nullify the state board's decision prior to such effective date.

4. If a district remains under continued governance by the school board under subdivision (1) of subsection 3 of this section and either has been unaccredited for three consecutive school years and failed to attain accredited status after the third school year or has been unaccredited for two consecutive school years and the state board of education determines its academic progress is not consistent with attaining accredited status after the third school year, then the state board of education shall proceed under subdivision (2) of subsection 3 of this section in the following school year.

5. A special administrative board **or any other form of governance** appointed under this section shall retain the authority granted to a board of education for the operation of the lapsed school district under the laws of the state in effect at the time of the lapse and may enter into contracts with accredited school districts or other education service providers in order to deliver high-quality educational programs to the residents of the district. If a student graduates while attending a school building in the district that is operated under a contract with an accredited school district as specified under this subsection, the student shall receive his or her diploma from the accredited school district. The authority of the special administrative board **or any other form of governance appointed under this section** shall expire at the end of the third full school year following its appointment, unless extended by the state board of education. If the lapsed district is reassigned, the [special administrative board] **governing board prior to lapse** shall

provide an accounting of all funds, assets and liabilities of the lapsed district and transfer such funds, assets, and liabilities of the lapsed district as determined by the state board of education. Neither the special administrative board **nor any other form of governance appointed under this section** nor its members or employees shall be deemed to be the state or a state agency for any purpose, including section 105.711, et seq. The state of Missouri, its agencies and employees shall be absolutely immune from liability for any and all acts or omissions relating to or in any way involving the lapsed district, [the] a special administrative board, [its] **any other form of governance appointed under this section, or the members or employees of the lapsed district, a special administrative board, or any other form of governance appointed under this section.** Such immunities, and immunity doctrines as exist or may hereafter exist benefitting boards of education, their members and their employees shall be available to the special administrative board[, its] **or any other form of governance appointed under this section and the members and employees of the special administrative board or any other form of governance appointed under this section.**

6. Neither the special administrative board **nor any other form of governance appointed under this section** nor any district or other entity assigned territory, assets or funds from a lapsed district shall be considered a successor entity for the purpose of employment contracts, unemployment compensation payment pursuant to section 288.110, or any other purpose.

7. If additional teachers are needed by a district as a result of increased enrollment due to the annexation of territory of a lapsed or dissolved district, such district shall grant an employment interview to any permanent teacher of the lapsed or dissolved district upon the request of such permanent teacher.

8. In the event that a school district with an enrollment in excess of five thousand pupils lapses, no school district shall have all or any part of such lapsed school district attached without the approval of the board of the receiving school district.

**9. If the state board of education reasonably believes that a school district is unlikely to provide for the minimum school term required by section 163.021 because of financial difficulty, the state board of education may, prior to the start of the school term:**

**(1) Allow continued governance by the existing district school board under terms and conditions established by the state board of education; or**

**(2) Lapse the corporate organization of the district and implement one of the options available under subdivision (2) of subsection 3 of this section.**

**10. The provisions of subsection 9 of this section shall not apply to any district solely on the basis of financial difficulty resulting from paying tuition and providing transportation for transfer students under sections 167.826 and 167.827.**

**162.1310. 1. For purposes of this section, “attendance center” means a public school building, public school buildings, or part of a public school building that offers education in a grade or grades not higher than the twelfth grade and that constitutes one unit for accountability and reporting purposes for the department of elementary and secondary education.**

**2. (1) If an attendance center receives two or more consecutive annual performance report scores consistent with a classification of unaccredited, the district in which the attendance center is located shall notify the parent or guardian of any student enrolled in the attendance center of the annual**

**performance report scores within fourteen business days.**

**(2) If the state board of education classifies any district as unaccredited, the district shall notify the parent or guardian of any student enrolled in the unaccredited district of the loss of accreditation within fourteen business days.**

**3. The district's notice shall include an explanation of which students may be eligible to transfer, the transfer process under sections 167.826 and 167.827, and any services students may be entitled to receive. The district's notice shall be written in a clear, concise, and easy-to-understand manner.**

**4. (1) If the notice concerns an attendance center's annual performance report scores, the district shall post the notice in a conspicuous and accessible place in the attendance center.**

**(2) If the notice concerns a district's loss of accreditation, the district shall post the notice in a conspicuous and accessible place in each district attendance center.**

**5. The district shall send any notice described under this section to each municipality located within the boundaries of the district.**

163.021. 1. A school district shall receive state aid for its education program only if it:

**(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. In school year 2018-19 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils;**

**(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;**

**(3) Levies an operating levy for school purposes of not less than one dollar and twenty-five cents after all adjustments and reductions on each one hundred dollars assessed valuation of the district; and**

**(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.**

**2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as**

calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being

educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one hundred seventy-four days the number of student-days of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts and who have been determined as inappropriate for attendance in a local public school. A student day shall mean one day of education services provided for one student. **In school year 2018-19 and subsequent years, the number of full-time equivalent students shall be the quotient of the number of student-hours of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts, and who have been determined as inappropriate for attendance in a local public school, divided by one thousand forty-four hours. A student hour shall mean one hour of education services provided for one student.** In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as “September membership” and as “average daily attendance” for the apportioning of funds under section 163.087.

2. The educational program approved under section 219.056 as provided for pupils by the division of youth services shall qualify for funding for those services provided to handicapped or severely handicapped children. The department of elementary and secondary education shall cooperate with the division of youth services in arriving at an equitable funding for the services provided to handicapped children in the facilities operated by the division of youth services.

3. Each local school district or special school district constituting the domicile of a child placed in programs or facilities operated by the division of youth services or residing in another district pursuant to assignment by the division of youth services shall pay toward the per pupil cost of educational services provided by the serving district or agency an amount equal to the average sum produced per child by the local tax effort of that district. A special school district shall pay the average sum produced per child by the local tax efforts of the component districts. This amount paid by the local school district or the special school district shall be on the basis of full-time equivalence as determined in section 163.011, not to exceed the actual per pupil local tax effort.”; and

Further amend said bill, page 20, section 167.125, line 5 of said page, by inserting after all of said line the following:

“167.131. 1. The board of education of each district in this state that does not maintain [an accredited] **a high school** [pursuant to the authority of the state board of education to classify schools as established in section 161.092] **offering work through the twelfth grade** shall pay [the] tuition [of] **as calculated by the receiving district under subsection 2 of this section** and provide transportation consistent with the provisions of section 167.241 for each pupil resident therein **who has completed the work of the highest grade offered in the schools of the district and** who attends an accredited **public high** school in another district of the same or an adjoining county [or who attends an approved charter school in the same or an adjoining county].

2. The rate of tuition to be charged by the district attended and paid by the sending district is the per pupil cost of maintaining the district’s grade level grouping which includes the school attended. [The rate

of tuition to be charged by the approved charter school attended and paid by the sending district is the per pupil cost of maintaining the approved charter school's grade level grouping. For a district,] The cost of maintaining a grade level grouping shall be determined by the board of education of the district but in no case shall it exceed all amounts spent for teachers' wages, incidental purposes, debt service, maintenance and replacements. [For an approved charter school, the cost of maintaining a grade level grouping shall be determined by the approved charter school but in no case shall it exceed all amounts spent by the district in which the approved charter school is located for teachers' wages, incidental purposes, debt service, maintenance, and replacements.] The term "debt service", as used in this section, means expenditures for the retirement of bonded indebtedness and expenditures for interest on bonded indebtedness. Per pupil cost of the grade level grouping shall be determined by dividing the cost of maintaining the grade level grouping by the average daily pupil attendance. If there is disagreement as to the amount of tuition to be paid, the facts shall be submitted to the state board of education, and its decision in the matter shall be final. Subject to the limitations of this section, each pupil shall be free to attend the public school of his or her choice.

[3. For purposes of this section, "approved charter school" means a charter school that has existed for less than three years or a charter school with a three-year average score of seventy percent or higher on its annual performance report.]

5. If a pupil is attending school in a district other than the district of residence and the pupil's parent is teaching in the school district or is a regular employee of the school district which the pupil is attending, then the district in which the pupil attends school shall allow the pupil to attend school upon payment of tuition in the same manner in which the district allows other pupils not entitled to free instruction to attend school in the district. The provisions of this subsection shall apply only to pupils attending school in a district which has an enrollment in excess of thirteen thousand pupils and not in excess of fifteen thousand pupils and which district is located in a county of the first classification with a charter form of government which has a population in excess of six hundred thousand persons and not in excess of nine hundred thousand persons.

2. All students [may] **shall** receive instruction in braille reading and writing as part of their individualized education plan **unless, as a result of an assessment, instruction in braille or the use of braille is determined not appropriate for the student.** No student shall be denied the opportunity of instruction in braille reading and writing solely because the student has some remaining vision.

3. Instruction in braille reading and writing shall be sufficient to enable each student to communicate effectively and efficiently at a level commensurate with his sighted peers of comparable grade level and intellectual functioning. The student’s individualized education plan shall specify:

(1) How braille will be implemented as the primary mode for learning through integration with normal classroom activities. If braille will not be provided to a child who is blind, the reason for not incorporating it in the individualized education plan shall be documented therein;

**(2) For pupils covered by section 167.826, the district of residence shall be required to provide transportation only to school districts or approved charter schools designated by the department of elementary and secondary education or its designee. For pupils covered by section 167.826, the department of elementary and secondary education or its designee shall designate at least one accredited district or approved charter school to which the district of residence shall provide transportation. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.**

**167.826. 1. For purposes of this section and section 167.827, the following terms mean:**

school improvement program's resource standards. If the student chooses to attend a magnet school, an academically selective school, or a school with a competitive entrance process within his or her district of residence that has admissions requirements, the student shall meet the admissions requirements in order to attend.

(2) The school board of each unaccredited district shall determine the capacity at each of the district's attendance centers that has an annual performance report score consistent with a classification of accredited. The district's school board shall be responsible for coordinating transfers within the district as allowed under this subsection.

(3) The school board of each unaccredited district shall annually report to the department of elementary and secondary education or its designee the number of available slots in attendance centers within the district that have annual performance report scores consistent with a classification of accredited, the number of students who request to transfer within the district, and the number of such transfer requests that are granted.

**(2) (a) No unaccredited district shall be eligible to receive transfer students.**

**(b) No attendance center that has an annual performance report score consistent with a classification of unaccredited shall be eligible to receive transfer students.**

**(3) No district or attendance center that has received two consecutive annual performance reports consistent with a classification of provisionally accredited for the years immediately preceding the year in which it seeks to enroll transfer students shall be eligible to receive any transfer students, irrespective of its state board of education classification designation; except that, any student who was granted a transfer to such a district or attendance center prior to the effective date of this section may remain enrolled in that district or attendance center.**

**6. Notwithstanding the provisions of subsection 5 of this section, a student may transfer to an attendance center:**

**(1) That is located within an unaccredited or provisionally accredited district; and**

**(2) That has an annual performance report score consistent with a classification of accredited if the attendance center applies for and is granted a waiver by the department of elementary and secondary education or its designee to allow the attendance center to accept transfer students.**

**9. (1) By July 15, 2018, the board of education of each available receiving district and the governing board of each approved charter school eligible to receive transfer students under this section shall set the number of transfer students the district or charter school is able to receive for the 2018-19 school year.**

**(2) By February first annually, the board of education of each available receiving district and the governing board of each approved charter school eligible to receive transfer students under this section shall set the number of transfer students the district or charter school is able to receive for the following school year.**

**(3) An available receiving district or approved charter school eligible to receive transfer students under this section shall publish the number set under this subsection and shall not be required to accept any transfer students under this section that would cause it to exceed the published number.**

**10. (1) Each available receiving district shall adopt a policy establishing a tuition rate for transfer students by February first annually.**

**(2) Each approved charter school eligible to receive transfer students under this section shall adopt a policy establishing a tuition rate for transfer students by February first annually.**

**(3) A sending district shall pay the receiving district or the approved charter school the amount specified under section 167.132 for each transfer student.**

**11. If an unaccredited district becomes classified as provisionally accredited or accredited without provisions by the state board of education, or if an attendance center within an unaccredited district improves its annual performance report score from a score that is consistent with a classification of unaccredited to a score that is consistent with a classification of provisionally accredited or accredited, any resident student of the unaccredited district who has transferred to an approved charter school or to an accredited district in the same or an adjoining county, as allowed under subsection 3 of this section, shall be permitted to continue his or her educational program in the receiving district or charter school through the completion of middle school, junior high school, or high school, whichever occurs first; except that, a student who attends any school serving students through high school graduation but starting at grades lower than ninth grade shall be permitted to complete high school in the school to which he or she has transferred.**

**12. Notwithstanding the provisions of subsection 10 of this section, if costs associated with the provision of special education and related services to a student with a disability exceed the tuition amount established under this section, the unaccredited district shall remain responsible for paying the excess cost to the receiving district. If the receiving district is a component district of a special school district, the unaccredited district, including any metropolitan school district, shall contract with the special school district for the entirety of the costs to provide special education and related**

services, excluding transportation in accordance with this section. The special school district may contract with an unaccredited district, including any metropolitan district, for the provision of transportation of a student with a disability or the unaccredited district may provide transportation on its own.

13. A special school district shall continue to provide special education and related services, with the exception of transportation under this section, to a student with a disability transferring from an attendance center with an annual performance report score consistent with a classification of unaccredited that is within a component district to an attendance center with an annual performance report score consistent with a classification of accredited that is within the same or a different component district within the special school district.

14. If any metropolitan school district is classified as unaccredited, it shall remain responsible for the provision of special education and related services, including transportation, to students with disabilities. A special school district in an adjoining county to a metropolitan school district may contract with the metropolitan school district for the reimbursement of special education services under sections 162.705 and 162.710 provided by the special school district for transfer students who are residents of the unaccredited district.

15. Regardless of whether transportation is identified as a related service within a student's individualized education program, a receiving district that is not part of a special school district shall not be responsible for providing transportation to a student transferring under this section. An unaccredited district may contract with a receiving district that is not part of a special school district under sections 162.705 and 162.710 for transportation of students with disabilities.

16. If a seven-director school district or urban school district is classified as unaccredited, it may contract with a receiving district that is not part of a special school district in the same or an adjoining county for the reimbursement of special education and related services under sections 162.705 and 162.710 provided by the receiving district for transfer students who are residents of the unaccredited district.

167.827. 1. (1) By July 15, 2018, and by January first annually, each accredited district, any portion of which is located in the same county as or in an adjoining county to an unaccredited district, shall report to the department of elementary and secondary education or its designee the number of available enrollment slots by grade level.

(2) By July 15, 2018, and by January first annually, each unaccredited district shall report to the department of elementary and secondary education or its designee the number of available enrollment slots in the schools of its district that have received annual performance report scores consistent with a classification of accredited.

(3) By July 15, 2018, and by January first annually, each approved charter school that is eligible to receive transfer students under section 167.826 shall report to the department of elementary and secondary education or its designee the number of available enrollment slots.

2. The department of elementary and secondary education or its designee shall make information and assistance available to parents or guardians who intend to transfer their child to an accredited district or to an approved charter school as described under section 167.826.

**3. **4. The department of elementary and secondary education or its designee shall assign those students who seek to transfer to an accredited district or to an approved charter school as described under section 167.826. When assigning transfer students to approved charter schools, the department of elementary and secondary education or its designee shall coordinate with each approved charter school and its admissions process if capacity is insufficient to enroll all students who submit a timely application. An approved charter school shall not be required to institute a lottery procedure for determining the admission of resident students. The department of elementary and secondary education or its designee shall give first priority to students who live in the same household with any family member within the first or second degree of consanguinity or affinity who already attends a school with an annual performance report score consistent with a classification of accredited and who apply to attend the same school. If insufficient grade-appropriate enrollment slots are available for a student to be able to transfer, the student shall receive first priority the following school year. The department of elementary and secondary education or its designee shall consider the following factors in assigning schools, with the student's or parent's choice as the most important factor:**

- (1) The student's or parent's choice of the receiving school;**
- (2) The best interests of the student;**
- (3) The availability of transportation funding, as provided under section 167.241; and**
- (4) Distance and travel time to a receiving school.**

**The department of elementary and secondary education or its designee shall not consider student academic performance, free and reduced price lunch status, or athletic ability in assigning a student to a school.**

**5. (1) The department of elementary and secondary education or its designee may deny a transfer to a student who in the most recent school year has been suspended from school two or more times or who has been suspended for an act of school violence under subsection 2 of section 160.261. A student whose transfer is initially precluded under this subsection may be permitted to transfer on a provisional basis as a probationary transfer student, subject to no further disruptive behavior, upon a statement from the student's current school that the student is not disruptive. A student who is denied a transfer under this subsection has the right to an in-person meeting with an employee of the department of elementary and secondary education or its designee.**

**(2) The department of elementary and secondary education shall promulgate rules to provide common standards for determining disruptive behavior that shall include, but not be limited to, criteria under section 160.261. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly**

pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

**167.890. 1. The department of elementary and secondary education shall compile and maintain student performance data scores of all students enrolled in districts other than their resident districts as provided under section 167.826 and make such data available on the Missouri comprehensive data system. No personally identifiable data shall be accessible on the database.**

**2. The department of elementary and secondary education may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.**

168.133. 1. The school district shall ensure that a criminal background check is conducted on any person employed after January 1, 2005, authorized to have contact with pupils and prior to the individual having contact with any pupil. Such persons include, but are not limited to, administrators, teachers, aides, paraprofessionals, assistants, secretaries, custodians, cooks, and nurses. The school district shall also ensure that a criminal background check is conducted for school bus drivers. The district may allow such drivers to operate buses pending the result of the criminal background check. For bus drivers, the school district shall be responsible for conducting the criminal background check on drivers employed by the school district. For drivers employed by a pupil transportation company, **a municipality, or any other entity** under contract with the school district, the criminal background check shall be conducted pursuant to section 43.540 and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act. Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement. A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

2. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

3. The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

4. The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to 589.475, and

child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

5. The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

6. If, as a result of the criminal history background check mandated by this section, it is determined that the holder of a certificate issued pursuant to section 168.021 has pled guilty or nolo contendere to, or been found guilty of a crime or offense listed in section 168.071, or a similar crime or offense committed in another state, the United States, or any other country, regardless of imposition of sentence, such information shall be reported to the department of elementary and secondary education.

7. Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

8. For any teacher who is employed by a school district on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this subsection shall be construed as prohibiting or otherwise restricting a school district from requiring additional background checks for such teachers employed by the school district.

9. A criminal background check and fingerprint collection conducted under subsections 1 and 2 of this section shall be valid for at least a period of one year and transferrable from one school district to another district. A school district may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 and 2 for a newly hired employee at the district's expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

10. Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

11. The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void.

171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, **days of planned attendance**, and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In school year 2018-**

**19 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In school year 2018-19 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined in subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless, **for school years before school year 2018-19**, the district follows the procedure set forth in subsection 3 of this section. **The procedure set forth in subsection 3 of this section shall be unavailable to school districts in preparing their calendars for school year 2018-19 and for subsequent years.**

3. **For calendars for school years before school year 2018-19**, a district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

[7. No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.]

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. (1) A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays.

(2) **Notwithstanding subdivision (1) of this subsection, in school year 2018-19 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due**

**to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year, except as otherwise provided under subsections 3 and 4 of this section.**

3. (1) In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

**(2) In school year 2018-19 and subsequent years, a school district may be exempt from the requirement to make up school lost or cancelled due to inclement weather in the school district when the school district has made up the thirty-six hours required under subsection 2 of this section and half the number of additional lost or cancelled hours up to forty-eight, resulting in no more than sixty total make-up hours required by this section.**

4. The commissioner of education may provide, for any school district [in which schools are in session for twelve months of each calendar year] that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in school year 2018-19 and subsequent years, one thousand forty-four hours of actual pupil attendance**, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather, flooding or fire.

304.060. 1. The state board of education shall adopt and enforce regulations not inconsistent with law to cover the design and operation of all school buses used for the transportation of school children when owned and operated by any school district or privately owned and operated under contract with any school district in this state, and such regulations shall by reference be made a part of any such contract with a school district. The state board of education may adopt rules and regulations governing the use of other vehicles owned by a district or operated under contract with any school district in this state and used for the purpose of transporting school children. The operator of such vehicle shall be licensed in accordance with section 302.272, and such vehicle shall transport no more children than the manufacturer suggests as appropriate for such vehicle. The state board of education may also adopt rules and regulations governing the use of authorized common carriers for the transportation of students on field trips or other special trips for educational purposes. Every school district, its officers and employees, and every person employed under contract by a school district shall be subject to such regulations. The state board of education shall cooperate with the state transportation department and the state highway patrol in placing suitable warning signs at intervals on the highways of the state.

**2. Notwithstanding the provisions of subsection 1 of this section, any school board in the state of Missouri may contract with any municipality for the purpose of transporting school children. Municipalities entering into any such contract shall comply with the requirements of this section and sections 162.064, 162.065, 168.133, and 307.375.**

3. Any officer or employee of any school district who violates any of the regulations or fails to include obligation to comply with such regulations in any contract executed by him on behalf of a school district shall be guilty of misconduct and subject to removal from office or employment. Any person operating a

school bus under contract with a school district who fails to comply with any such regulations shall be guilty of breach of contract and such contract shall be cancelled after notice and hearing by the responsible officers of such school district.

[3.] 4. Any other provision of the law to the contrary notwithstanding, in any county of the first class with a charter form of government adjoining a city not within a county, school buses may bear the word “special”.

[171.029. 1. The school board of any school district in the state, upon adoption of a resolution by the vote of a majority of all its members to authorize such action, may establish a four-day school week or other calendar consisting of less than one hundred seventy-four days in lieu of a five-day school week. Upon adoption of a four-day school week or other calendar consisting of less than one hundred seventy-four days, the school shall file a calendar with the department of elementary and secondary education in accordance with section 171.031. Such calendar shall include, but not be limited to, a minimum term of one hundred forty-two days and one thousand forty-four hours of actual pupil attendance.

2. If a school district that attends less than one hundred seventy-four days meets at least two fewer performance standards on two successive annual performance reports than it met on its last annual performance report received prior to implementing a calendar year of less than one hundred seventy-four days, it shall be required to revert to a one hundred seventy-four-day school year in the school year following the report of the drop in the number of performance standards met. When the number of performance standards met reaches the earlier number, the district may return to the four-day week or other calendar consisting of less than one hundred seventy-four days in the next school year.]”; and

## SECOND REGULAR SESSION

---

**THIRTY-SIXTH DAY—WEDNESDAY, MARCH 7, 2018**

---

The Senate met pursuant to adjournment.

President Pro Tem Richard in the Chair.

Reverend Carl Gauck offered the following prayer:

“Keep your heart with all diligence, for out of it are the issues of life.” (Proverbs 4:23)

Heavenly Father, we acknowledge that the heart is seen as the seat of human emotions and it does us well to search it thoroughly to make sure all is in order, for we know that it teaches us what is right and needed in our relationship with one another. May our hearts shout for joy as we experience Your presence guiding us and see the good we are capable of accomplishing as we work together. In Your Holy Name we pray. Amen.

# Journal of the Senate

## SECOND REGULAR SESSION

---

**THIRTY-SEVENTH DAY—THURSDAY, MARCH 8, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“The Lord has heard my supplication: the Lord accepts my prayer.” (Psalm 6:9)

Gracious Lord as we finish up our work this day help us to be mindful that You have given us this day to use that we might be helpful to others. Make us mindful that our responsibilities are many and include our time on the highway as we drive home this day. Help us to be courteous and aware of others with whom we share the road for thoughtless distraction can make a moment dangerous and accidents happen. So we pray for safe travel as we return to those we love. In Your Holy Name we pray. Amen.

# Journal of the Senate

## SECOND REGULAR SESSION

---

**THIRTY-EIGHTH DAY—MONDAY, MARCH 12, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“God has called us to a share in his creative power, and our desire is an element in the creation of the world of tomorrow.” (J.H. Oldham)

Give us patience, O Lord, for we know that much of what we do here will not benefit our people until a future time, so help us to discern the needs of today with the needs of tomorrow. Let us do that which is necessary for tomorrow and the far time that some may not get to see. So bless our best efforts Lord guided by Your presence and guidance, providing us with a vision of a world of tomorrow that we have with You help to create. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Notice is hereby given by the Senator from the 34th District of the one day notice required

BE IT RESOLVED by the Senate of the Ninety-ninth General Assembly, Second Regular Session, that Senate Rule 50 be amended to read as follows:

“Rule 50. Referrals of bills and appointments to committee shall be made by the president pro tem; and no bill shall be considered for final passage unless it has been reported on by a committee and printed for the use of the senators. **When the senate proceeds to the order of business of Reports of Standing Committees, the presiding officer shall recognize chairmen seeking recognition in order of their seniority, except for the chairman of the Committee on Rules, Joint Rules, Resolutions and Ethics and the chairman of the Committee on Fiscal Oversight, for the purpose of sending reports forward. Bills sent forward shall be placed on the appropriate calendar in the order in which such bills are received and in the order in which such bills are arranged by the chairman.** A report of all bills recommended “do pass” by a committee shall be submitted to the senate by the chairman and all committee amendments accompanying the report shall be printed in the Journal.

After a bill has been referred to a committee, one-third of the senators elected has the power to relieve a committee of further consideration of a bill and place it on the calendar for consideration. In any case where a committee has been relieved of further consideration of a bill as herein provided, a majority of the senators present but not less than one-third of the senators elected, may, at any time before final passage thereof, again refer the bill to the same or some other committee for consideration. No bill or resolution shall be reported adversely by any committee until the author of the bill or resolution has been given an opportunity to appear and be heard before the committee to which it is referred.

One-third of the senators elected may relieve a committee of an appointment and a motion to grant advice and consent of the Senate to that appointment is then in order upon a vote of the majority of the Senate.”

**COMMUNICATIONS**

Senator Chappelle-Nadal submitted the following:

March 12, 2018

Adriane Crouse, Secretary of the Senate  
Missouri State Senate  
State Capitol Building, Room 325  
Jefferson City, MO 65101

Dear Secretary Crouse:

Pursuant to Senate Rule 45, please remove SB 650 from the Consent Calendar and return such to the Local Government and Elections committee. While I take no issue with the underlying public policy of the legislation, I do take issue with the sponsor, who elected to interject himself into a public health matter situated wholly within my Senatorial District.

Specifically, the bill's sponsor, despite living 77.2 miles away from the radioactive West Lake Landfill, signed a letter, dated October 1, 2017, to the Environmental Protection Agency that stated, in part, that there is "no evidence of health risks to individuals living or working in the vicinity of the (West Lake) landfill." Further, the letter expressed opposition to properly remedying this public health disaster that has killed, is killing, and, unless properly alleviated, will continue to kill my constituents. For this reason, I choose to inject myself into this Senator's business, which includes the consent status of SB 650.

Sincerely,

MARIA CHAPPELLE-NADAL  
State Senator, District 14

On motion of Senator Kehoe, the Senate adjourned until 2:00 p.m., Tuesday, March 13, 2018.

Let us be thankful for what we learn from others and the assistance we receive when it is so needed. May we express that gratefulness to our staffs that do so much to make our tasks effortless. In Your Holy Name we pray. Amen.

“56.363. 1. The county commission of any county may on its own motion and shall upon the petition of ten percent of the total number of people who voted in the previous general election in the county submit to the voters at a general or special election the proposition of making the county prosecutor a full-time position. The commission shall cause notice of the election to be published in a newspaper published within the county, or if no newspaper is published within the county, in a newspaper published in an adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten days and not more than thirty days before the day of the election, and by posting printed notices thereof at three of the most public places in each township in the county. The proposition shall be put before the voters substantially in the following form:

Shall the office of prosecuting attorney be made a full-time position in \_\_\_\_\_ County?

☐ YES

☐ NO

If a majority of the voters voting on the proposition vote in favor of making the county prosecutor a full-time position, it shall become effective upon the date that the prosecutor who is elected at the next election subsequent to the passage of such proposal is sworn into office. **The position shall then qualify for the retirement benefits available to a full-time prosecutor of a county of the first classification. Any county that elects to make the position of prosecuting attorney full-time shall pay into the Missouri prosecuting attorneys and circuit attorneys’ retirement fund at the same contribution amount as paid by counties of the first classification.**

2. The provisions of subsection 1 of this section notwithstanding, in any county where the proposition of making the county prosecutor a full-time position was submitted to the voters at a general election in 1998 and where a majority of the voters voting on the proposition voted in favor of making the county prosecutor a full-time position, the proposition shall become effective on May 1, 1999. 3. In counties that, prior to August 28, 2001, have elected pursuant to this section to make the position of prosecuting attorney a full-time position, the county commission may at any time elect to have that position also qualify for the retirement benefit available for a full-time prosecutor of a county of the first classification. Such election shall be made by a majority vote of the county commission and once made shall be irrevocable, unless the voters of the county elect to change the position of prosecuting attorney back to a part-time position under subsection 4 of this section. When such an election is made, the results shall be transmitted to the Missouri prosecuting attorneys and circuit attorneys' retirement system fund, and the election shall be effective on the first day of January following such election. Such election shall also obligate the county to pay into the Missouri prosecuting attorneys and circuit attorneys' system retirement fund the same retirement contributions for full-time prosecutors as are paid by counties of the first classification.

4. In any county of the third classification without a township form of government and with more than twelve thousand but fewer than fourteen thousand inhabitants and with a city of the fourth classification with more than one thousand seven hundred but fewer than one thousand nine hundred inhabitants as the county seat that has elected to make the county prosecutor a full-time position under this section after August 28, 2014, the county commission may on its own motion and shall upon the petition of ten percent of the total number of people who voted in the previous general election in the county submit to the voters at a general or special election the proposition of changing the full-time prosecutor position to a part-time position. The commission shall cause notice of the election to be published in a newspaper published within the county, or if no newspaper is published within the county, in a newspaper published in an adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten days and not more than thirty days before the day of the election, and by posting printed notices thereof at three of the most public places in each township in the county. The proposition shall be put before the voters substantially in the following form:

Shall the office of prosecuting attorney be made a part-time position in \_\_\_\_\_ County?

☐ YES

☐ NO

If a majority of the voters vote in favor of making the county prosecutor a part-time position, it shall become effective upon the date that the prosecutor who is elected at the next election subsequent to the passage of such proposal is sworn into office.

5. “353.110. 1. Once the requirements of this section have been complied with, the real property of urban redevelopment corporations acquired pursuant to this chapter shall not be subject to assessment or payment of general ad valorem taxes imposed by the cities affected by this law, or by the state or any political subdivision thereof, for a period not in excess of ten years after the date upon which such corporations become owners of such real property, except to such extent and in such amount as may be imposed upon such real property during such period measured solely by the amount of the assessed valuation of the land, exclusive of improvements, acquired pursuant to this chapter and owned by such urban redevelopment corporation, as was determined by the assessor of the county in which such real property is located, or, if not located within a county, then by the assessor of such city, for taxes due and payable thereon during the calendar year preceding the calendar year during which the corporation acquired title to such real property. The amounts of such tax assessments shall not be increased during such period so long as the real property is owned by an urban redevelopment corporation and used in accordance with a development plan authorized by the legislative authority of such cities, **except as provided under subsection 4 of this section.**

2. In the event, however, that any such real property was tax exempt immediately prior to ownership by any urban redevelopment corporation, such assessor or assessors shall, upon acquisition of title thereto by the urban redevelopment corporation, promptly assess such land, exclusive of improvements, at such valuation as shall conform to but not exceed the assessed valuation made during the preceding calendar year of other land, exclusive of improvements, adjacent thereto or in the same general neighborhood, and the amount of such assessed valuation shall not be increased during the period set pursuant to subsection 1 of this section so long as the real property is owned by an urban redevelopment corporation and used in accordance with a development plan authorized by the legislative authority of such cities. For the next ensuing period not in excess of fifteen years, ad valorem taxes upon such real property shall be measured by the assessed valuation thereof as determined by such assessor or assessors upon the basis of not to exceed fifty percent of the true value of such real property, including any improvements thereon, nor shall such valuations be increased above fifty percent of the true value of such real property from year to year during such next ensuing period so long as the real property is owned by an urban redevelopment corporation and used in accordance with an authorized development plan. After a period totaling not more than twenty-five years, such real property shall be subject to assessment and payment of all ad valorem taxes, based on the full true value of the real property; provided, that after the completion of the redevelopment project, as authorized by law or ordinance whenever any urban redevelopment corporation shall elect to pay full taxes, or at the expiration of the period, such real property shall be owned and operated free from any of the

conditions, restrictions or provisions of this chapter, and of any ordinance, rule or regulation adopted pursuant thereto, any other law limiting the right of domestic and foreign insurance companies to own and operate real estate to the contrary notwithstanding.

3. No tax abatement or exemption authorized by this section shall become effective unless and until the governing body of the city:

(1) Furnishes each political subdivision whose boundaries for ad valorem taxation purposes include any portion of the real property to be affected by such tax abatement or exemption with a written statement of the impact on ad valorem taxes such tax abatement or exemption will have on such political subdivisions and written notice of the hearing to be held in accordance with subdivision (2) of this subsection. The written statement and notice required by this subdivision shall be furnished as provided by local ordinance before the hearing and shall include, but need not be limited to, an estimate of the amount of ad valorem tax revenues of each political subdivision which will be affected by the proposed tax abatement or exemption, based on the estimated assessed valuation of the real property involved as such property would exist before and after it is redeveloped;

(2) Conducts a public hearing regarding such tax abatement or exemption, at which hearing all political subdivisions described in subdivision (1) of this subsection shall have the right to be heard on such grant of tax abatement or exemption;

(3) Enacts an ordinance which provides for expiration of development rights, including the rights of eminent domain and tax abatement, in the event of failure of the urban redevelopment corporation to acquire ownership of property within the area of the development plan. Such ordinance shall provide for a duration of time within which such property must be acquired, and may allow for acquisition of property under the plan in phases.

4. (1) Notwithstanding any other provision of law to the contrary, payments in lieu of taxes may be imposed by contract between a city and an urban redevelopment corporation which receives tax abatement or exemption on property pursuant to this section. Such payments shall be made to the collector of revenue of the county or city not within a county by December thirty-first of each year payments are due. The governing body of the city shall furnish the collector a copy of any such contract requiring payment in lieu of taxes. The collector shall allocate all revenues received from such payment in lieu of taxes among all taxing authorities whose property tax revenues are affected by the exemption or abatement on the same pro rata basis and in the same manner as the ad valorem property tax revenues received by each taxing authority from such property in the year such payments are due.

(2) (a) **The provisions of subsection 1 of this section and subdivision (1) of this subsection notwithstanding, beginning August 28, 2018, any district or county imposing a property tax for the purposes of providing emergency services under chapter 190 or 321 shall be entitled to be reimbursed in an amount that is at least fifty percent but not more than one hundred percent of the amount of ad valorem property tax revenues that the district or county would have received in the absence of the tax abatement or exemption provided under this section.**

(b) **An ambulance district board operating under chapter 190, a fire protection district board operating under chapter 321, or the governing body of a county operating a 911 center providing emergency or dispatch services under chapter 190 or chapter 321 shall annually set the reimbursement rate under paragraph (a) of this subdivision prior to the time the assessment is**

**determined by the assessor of the county in which such district is located, or, if not located within a county, then the assessor of such city. If the development plan or redevelopment project is amended by ordinance or by any other means after August 28, 2018, the ambulance or fire protection district board shall have the right to recalculate the reimbursement rate under this subdivision.**

5. The provisions of subsection 3 of this section shall not apply to any amendment or future amendment to a phased development plan approved by the governing body of the city prior to the effective date of the provisions of subsection 3 of this section and upon which construction has been in progress pursuant to such phased plan.”; and

4. An adopted adult, or the adopted adult's lineal descendants if the adopted adult is deceased, may make a written request to the circuit court having original jurisdiction of such adoption to secure and disclose information identifying the adopted adult's biological parents. If the biological parents have consented to the release of identifying information under subsection 8 of this section, the court shall disclose such identifying information to the adopted adult or the adopted adult's lineal descendants if the adopted adult

is deceased. If the biological parents have not consented to the release of identifying information under subsection 8 of this section, the court shall, within ten days of receipt of the request, notify in writing the child-placing agency or juvenile court personnel having access to the information requested of the request by the adopted adult or the adopted adult's lineal descendants.

5. - (5) The effect of a failure of the biological parent to file an affidavit stating that the identifying information should be disclosed.

6. If the child-placing agency or juvenile court personnel reports to the court that it has been unable to notify the biological parent within three months, the identifying information shall not be disclosed to the adopted adult or the adopted adult's lineal descendants. Additional requests for the same or substantially the same information may not be made to the court within one year from the end of the three-month period during which the attempted notification was made, unless good cause is shown and leave of court is granted.

7. If, within three months, the child-placing agency or juvenile court personnel reports to the court that it has notified the biological parent pursuant to subsection 5 of this section, the court shall receive the identifying information from the child-placing agency. If an affidavit duly executed by a biological parent authorizing the release of information is filed with the court or if a biological parent is found to be deceased, the court shall disclose the identifying information as to that biological parent to the adopted adult or the adopted adult's lineal descendants if the adopted adult is deceased, provided that the other biological parent either:

8. Any adopted adult whose adoption was finalized in this state or whose biological parents had their parental rights terminated in this state may request the court to secure and disclose identifying information concerning an adult sibling. Identifying information pertaining exclusively to the adult sibling, whether part of the permanent record of a file in the court or in an agency, shall be released only upon consent of that adult sibling.

9. The central office of the children's division within the department of social services shall maintain a registry by which biological parents, adult siblings, and adoptive adults may indicate their desire to be contacted by each other. The division may request such identification for the registry as a party may possess to assure positive identifications. At the time of registry, a biological parent or adult sibling may consent in writing to the release of identifying information to an adopted adult. If such a consent has not been executed and the division believes that a match has occurred on the registry between biological parents or adult siblings and an adopted adult, an employee of the division shall make the confidential contact provided in subsection 5 of this section with the biological parents or adult siblings and with the adopted adult. If the division believes that a match has occurred on the registry between one biological parent or adult sibling and an adopted adult, an employee of the division shall make the confidential contact provided by subsection 5 of this section with the biological parent or adult sibling. The division shall then attempt to make such confidential contact with the other biological parent, and shall proceed thereafter to make such confidential contact with the adopted adult only if the division determines that the other biological parent meets one of the conditions specified in subsection 7 of this section. The biological parent, adult sibling, or adopted adult may refuse to go forward with any further contact between the parties when contacted by the division.

10. The provisions of this section, except as provided in subsection 5 of this section governing the release of identifying and nonidentifying adoptive information apply to adoptions completed before and after August 13, 1986.

**11. All papers, records, and information known to or in the possession of an adoptive parent or adoptive child that pertain to an adoption, whether or not part of any permanent record or file, may be disclosed by the adoptive parent or adoptive child. The provisions of this subsection shall not be construed to create a right to have access to information not otherwise allowed under this section.**

on its behalf or with its authority, including any insurance company acting on behalf of a public governmental body as its insured, shall be made public upon final disposition of the matter voted upon or upon the signing by the parties of the settlement agreement, unless, prior to final disposition, the settlement agreement is ordered closed by a court after a written finding that the adverse impact to a plaintiff or plaintiffs to the action clearly outweighs the public policy considerations of section 610.011, however, the amount of any moneys paid by, or on behalf of, the public governmental body shall be disclosed; provided, however, in matters involving the exercise of the power of eminent domain, the vote shall be announced or become public immediately following the action on the motion to authorize institution of such a legal action. As used in this subdivision, the term “personal information” means information relating to the performance or merit of individual employees;

Financial records related to the procurement of or expenditures relating to operational guidelines, policies or plans purchased with public funds shall be open. When seeking to close information pursuant to this exception, the public governmental body shall affirmatively state in writing that disclosure would impair the public governmental body's ability to protect the security or safety of persons or real property, and shall in the same writing state that the public interest in nondisclosure outweighs the public interest in disclosure of the records;

SENATE AMENDMENT NO. 3

Amend Senate Bill No. 850, Page 1, Section A, Line 2, by inserting after all of said line the following:

**“210.151. 1. The children’s division, a juvenile officer, or a prosecuting or circuit attorney may petition the circuit court for an order directing a parent, guardian, or other person with care, custody, or control of a child who is the subject of an investigation of child abuse or neglect to present the child at a place and time designated by the court to a SAFE CARE provider, as defined in section 334.950, for a sexual assault forensic examination or a child physical abuse forensic examination, or to a child assessment center, as described in section 210.001, for an interview. During an interview at a child assessment center, a video recording of any interview with the child at the center shall be made and preserved and shall be admissible in evidence in accordance with Missouri supreme court rules and the provisions of chapters 490, 491, 492, 510, 545, and 595.**

**(1) The court shall enter an order under this section if the court determines that there is probable cause to believe that the child has been abused or neglected, the examination or interview is reasonably necessary for the completion of an investigation or for the collection of evidence, and doing so would be in the best interests of the child.**

**(2) The petition and order may be made on an ex parte basis when it is reasonable to believe that providing notice may place the child at risk of further abuse or neglect, when it is reasonable to believe that providing notice may cause the child to be removed from the state of Missouri or the**

jurisdiction of the court, or if it is reasonable to believe that evidence relevant to the investigation will be unavailable if the order is not entered.

2. Any person served with a petition and order under this section shall not be required to file an answer, but may file an answer or a motion for a protective order or other appropriate relief. At the time the order is served, the parent, guardian, or person with care, custody, or control of the child shall be advised, both orally and in writing, of his or her right to file an answer or motion with the court.

(1) The answer or motion shall be filed at or before the time for production or disclosure set out in the order. The answer or motion shall be in writing, but no particular form shall be required. The clerk shall serve a copy of the answer or motion on the director of the children's division or on the agency that applied for the order.

(2) The court shall expedite a hearing on the motion and shall issue its decision no later than one business day after the date the motion is filed. The court may review the motion in camera and stay implementation of the order once for up to three days.

(3) Any information that may reveal the identity of a hotline reporter shall not be disclosed to anyone in any proceeding under this section unless otherwise allowed by law.

3. The petition for an order under this section shall be filed in the juvenile or family court that has jurisdiction under section 211.031 or in the circuit court of the county:

- (1) Where the child resides;
- (2) Where the child may be found;
- (3) Where the parent or legal guardian of the child resides or may be found;
- (4) Where the alleged perpetrator of the child abuse or neglect resides or may be found;
- (5) Where the subject of the order may be located or found;
- (6) In Cole County, if none of the other venue provisions of this section apply.

The court shall expedite all proceedings under this section so as to ensure the safety of the child, the preservation of relevant evidence, the completion of child abuse and neglect investigations within statutory timeframes, and the provision of appropriate due process to the parties involved.

4. Any person served with an order under this section who knowingly violates the order shall be guilty of a class A misdemeanor.

5. The timeframes for the division to complete its investigation and notify the alleged perpetrator of its decision set forth in sections 210.145, 210.152, and 210.183 shall be tolled from the date that the division files a petition for an order until the order is complied with in full, the order is withdrawn, or a court of competent jurisdiction quashes the order.”; and

Further amend the title and enacting clause accordingly.

Senator Riddle moved that the above amendment be adopted, which motion prevailed.

Senator Curls offered SA 4:

SENATE AMENDMENT NO. 4

Amend Senate Bill No. 850, Page 1, Section A, Line 2, by inserting after all of said line the following:

“210.145. 1. The division shall develop protocols which give priority to:

(1) Ensuring the well-being and safety of the child in instances where child abuse or neglect has been alleged;

(2) Promoting the preservation and reunification of children and families consistent with state and federal law;

(3) Providing due process for those accused of child abuse or neglect; and

(4) Maintaining an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. The division shall utilize structured decision-making protocols for classification purposes of all child abuse and neglect reports. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child. All child abuse and neglect reports shall be initiated within twenty-four hours and shall be classified based upon the reported risk and injury to the child. The division shall promulgate rules regarding the structured decision-making protocols to be utilized for all child abuse and neglect reports.

3. Upon receipt of a report, the division shall determine if the report merits investigation, including reports which if true would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024, or 565.050 if the victim is a child less than eighteen years of age, section 566.030 or 566.060 if the victim is a child less than eighteen years of age, or other crimes under chapter 566 if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050 if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 573.200, or 573.205, section 573.025, 573.035, 573.037, or 573.040, or an attempt to commit any such crimes. The division shall immediately communicate all reports that merit investigation to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

**4. The division may accept a report for investigation or family assessment if either the child or alleged perpetrator resides in Missouri, may be found in Missouri, or if the incident occurred in Missouri.**

**5. The division may accept a report if the child has recently resided in Missouri, but he or she is currently located in another state and the reported incident occurred outside of Missouri. If the report appears credible, the division shall immediately communicate such report to the appropriate agency or agencies in the state where the child is believed to be located, along with any relevant information as may be contained in the division's information system.**

6. When the child abuse and neglect hotline receives three or more calls, within a seventy-two hour period, from one or more individuals concerning the same child, the division shall conduct a review to

determine whether the calls meet the criteria and statutory definition for a child abuse and neglect report to be accepted. In conducting the review, the division shall contact the hotline caller or callers in order to collect information to determine whether the calls meet the criteria for harassment.

[5.] 7. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation and provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

[6.] 8. The local office of the division shall cause an investigation or family assessment and services approach to be initiated in accordance with the protocols established in subsection 2 of this section, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the child are not the alleged perpetrators, a parent of the child must be notified prior to the child being interviewed by the division. No person responding to or investigating a child abuse and neglect report shall call prior to a home visit or leave any documentation of any attempted visit, such as business cards, pamphlets, or other similar identifying information if he or she has a reasonable basis to believe the following factors are present:

- (1) (a) No person is present in the home at the time of the home visit; and
- (b) The alleged perpetrator resides in the home or the physical safety of the child may be compromised if the alleged perpetrator becomes aware of the attempted visit;
- (2) The alleged perpetrator will be alerted regarding the attempted visit; or
- (3) The family has a history of domestic violence or fleeing the community.

If the alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall provide written material to the alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to or investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, "child care facility" shall have the same meaning as such term is defined in section 210.201.

[7.] **9.** The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.

[8.] **10.** The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

[9.] **11.** When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

[10.] **12.** Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

[11.] **13.** Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

[12.] **14.** For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or custodian of the child, the guardian ad litem for the child, and the volunteer advocate for the child shall be provided notice and be permitted to attend all such meetings. Family members, other than alleged perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

[13.] **15.** If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in

the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

[14.] **16.** If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

[15.] **17.** (1) Within forty-five days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within forty-five days, unless good cause for the failure to complete the investigation is specifically documented in the information system. Good cause for failure to complete an investigation shall include, but not be limited to:

(a) The necessity to obtain relevant reports of medical providers, medical examiners, psychological testing, law enforcement agencies, forensic testing, and analysis of relevant evidence by third parties which has not been completed and provided to the division;

(b) The attorney general or the prosecuting or circuit attorney of the city or county in which a criminal investigation is pending certifies in writing to the division that there is a pending criminal investigation of the incident under investigation by the division and the issuing of a decision by the division will adversely impact the progress of the investigation; or

(c) The child victim, the subject of the investigation or another witness with information relevant to the investigation is unable or temporarily unwilling to provide complete information within the specified time frames due to illness, injury, unavailability, mental capacity, age, developmental disability, or other cause.

The division shall document any such reasons for failure to complete the investigation.

(2) If a child fatality or near-fatality is involved in a report of abuse or neglect, the investigation shall remain open until the division's investigation surrounding such death or near-fatal injury is completed.

(3) If the investigation is not completed within forty-five days, the information system shall be updated at regular intervals and upon the completion of the investigation, which shall be completed no later than ninety days after receipt of a report of abuse or neglect, or one hundred twenty days after receipt of a report of abuse or neglect involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

[16.] **18.** A person required to report under section 210.115 to the division and any person making a report of child abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. Such person may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the reporter within five days of the outcome of the investigation. If the report is determined to be unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for children's protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for children's protection and services.

[17.] **19.** The division shall provide to any individual who is not satisfied with the results of an investigation information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.

[18.] **20.** In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However:

(1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made; and

(2) The court may on its own motion, or shall if requested by a party to the proceeding, make an inquiry not on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its investigation.

[19.] **21.** In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

**22. Nothing in this section shall prohibit the children's division from co-investigating a report of child abuse or neglect or sharing records and information with child welfare, law enforcement, or judicial officers of another state, territory, or nation when the children's division determines it is appropriate to do so under the standard set forth in subsection 4 of section 210.150 and when such receiving agency is exercising its authority under law.**

[20.] **23.** The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109

to 210.183.

[21.] **24.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

210.150. 1. The children's division shall ensure the confidentiality of all reports and records made pursuant to sections 210.109 to 210.183 and maintained by the division, its local offices, the central registry, and other appropriate persons, officials, and institutions pursuant to sections 210.109 to 210.183. To protect the rights of the family and the child named in the report as a victim, the children's division shall establish guidelines which will ensure that any disclosure of information concerning the abuse and neglect involving that child is made only to persons or agencies that have a right to such information. The division may require persons to make written requests for access to records maintained by the division. The division shall only release information to persons who have a right to such information. The division shall notify persons receiving information pursuant to subdivisions (2), (7), (8) and (9) of subsection 2 of this section of the purpose for which the information is released and of the penalties for unauthorized dissemination of information. Such information shall be used only for the purpose for which the information is released.

2. Only the following persons shall have access to investigation records contained in the central registry:

(1) Appropriate federal, state or local criminal justice agency personnel, or any agent of such entity, with a need for such information under the law to protect children from abuse or neglect;

(2) A physician or a designated agent who reasonably believes that the child being examined may be abused or neglected;

(3) Appropriate staff of the division and of its local offices, including interdisciplinary teams which are formed to assist the division in investigation, evaluation and treatment of child abuse and neglect cases or a multidisciplinary provider of professional treatment services for a child referred to the provider;

(4) Any child named in the report as a victim, or a legal representative, or the parent, if not the alleged perpetrator, or guardian of such person when such person is a minor, or is mentally ill or otherwise incompetent, but the names of reporters shall not be furnished to persons in this category. Prior to the release of any identifying information, the division shall determine if the release of such identifying information may place a person's life or safety in danger. If the division makes the determination that a person's life or safety may be in danger, the identifying information shall not be released. The division shall provide a method for confirming or certifying that a designee is acting on behalf of a subject;

(5) Any alleged perpetrator named in the report, but the names of reporters shall not be furnished to persons in this category. Senator Sater offered SA 5:

#### SENATE AMENDMENT NO. 5

Amend Senate Bill No. 850, Page 4, Section 210.152, Line 102, by inserting after all of said line the following:

“453.015. As used in sections 453.010 to 453.400, the following terms mean:

(1) “Minor” or “child”, any person who has not attained the age of eighteen years or any person in the custody of the children's division who has not attained the age of twenty-one;

(2) “Parent”, a birth parent or parents of a child, including the putative father of the child, as well as the husband of a birth mother at the time the child was conceived, or a parent or parents of a child by adoption. The putative father shall have no legal relationship unless he has acknowledged the child as his own by affirmatively asserting his paternity;

(3) “**Post adoption contact agreement**”, a voluntary written agreement executed by one or both of a child's birth parents and each adoptive parent describing future contact between the parties to the agreement and the child; provided, that such agreement shall be approved by the court under subsection 4 of section 453.080;

(4) “Putative father”, the alleged or presumed father of a child including a person who has filed a notice of intent to claim paternity with the putative father registry established in section 192.016 and a person who has filed a voluntary acknowledgment of paternity pursuant to section 193.087;

[(4)] (5) “Stepparent”, the spouse of a biological or adoptive parent. The term does not include the state if the child is a ward of the state. The term does not include a person whose parental rights have been terminated.

453.030. 1. In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same. In a case involving a child under fourteen years of age, the guardian ad litem shall ascertain the child's wishes and feelings about his or her adoption by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered by the court as a factor in determining if the adoption is in the child's best interests.

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; [and]

(2) [Only the] **Any** man who:

(a) Is presumed to be the father pursuant to the subdivision (1), (2), or (3) of subsection 1 of section 210.822; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child and has served a copy of the petition on the mother in accordance with section 506.100; or

(c) Filed with the putative father registry pursuant to section 192.016 a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; [or] **and**

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after **the birth of the child or before or after** the commencement of the adoption proceedings, and shall be executed in front of a judge or acknowledged before a notary public. If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting birth parent of the consequences of the consent. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding **other than the attorney representing the party signing the consent**. The notary public or witnesses shall verify the identity of the party signing the consent. **Notwithstanding any other provision of law to the contrary, a properly executed written consent under this subsection shall be considered irrevocable.**

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth [parent] **mother** shall not be executed anytime before the child is forty-eight hours old. Such written consent shall

be executed in front of a judge or acknowledged before a notary public. If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting party of the consequences of the consent. In lieu of [such] acknowledgment **before a notary public**, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding **other than the attorney representing the party signing the consent**. The notary public or witnesses shall verify the identity of the party signing the consent.

6. A consent is final when executed, unless the consenting party, prior to a final decree of adoption, alleges and proves by clear and convincing evidence that the consent was not freely and voluntarily given. The burden of proving the consent was not freely and voluntarily given shall rest with the consenting party. Consents in all cases shall have been executed not more than six months prior to the date the petition for adoption is filed.

7. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 8 of this section, such written consent shall be deemed valid.

8. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

9. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

10. Where the person sought to be adopted is eighteen years of age or older, his or her written consent alone to his or her adoption shall be sufficient.

11. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

12. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the

attorney fees incurred pursuant to subsection 11 of this section to be paid by the prospective adoptive parents or the child-placing agency.

**13. The court shall receive and acknowledge a written consent to adoption properly executed by a birth parent under this section when such consent is in the best interests of the child.**

453.080. 1. The court shall conduct a hearing to determine whether the adoption shall be finalized. **Out of state adoptive petitioners may appear by their attorney or by video or telephone conference rather than in person.** During such hearing, the court shall ascertain whether:

(1) The person sought to be adopted, if a child, has been in the lawful and actual custody of the petitioner for a period of at least six months prior to entry of the adoption decree; except that the six-month period may be waived if the person sought to be adopted is a child who is under the prior and continuing jurisdiction of a court pursuant to chapter 211 and the person desiring to adopt the child is the child's current foster parent. Lawful and actual custody shall include a transfer of custody pursuant to the laws of this state, another state, a territory of the United States, or another country;

(2) The court has received and reviewed a postplacement assessment on the monthly contacts with the adoptive family pursuant to section 453.077, except for good cause shown in the case of a child adopted from a foreign country;

(3) The court has received and reviewed an updated financial affidavit;

(4) The court has received the recommendations of the guardian ad litem and has received and reviewed the recommendations of the person placing the child, the person making the assessment and the person making the postplacement assessment;

(5) [There is compliance with the uniform child custody jurisdiction act, sections 452.440 to 452.550;

(6)] There is compliance with the Indian Child Welfare Act, if applicable;

[(7)] **(6)** There is compliance with the Interstate Compact on the Placement of Children pursuant to section 210.620; and

[(8)] **(7)** It is fit and proper that such adoption should be made.

2. If a petition for adoption has been filed pursuant to section 453.010 and a transfer of custody has occurred pursuant to section 453.110, the court may authorize the filing for finalization in another state if the adoptive parents are domiciled in that state.

3. If the court determines the adoption should be finalized, a decree shall be issued setting forth the facts and ordering that from the date of the decree the adoptee shall be for all legal intents and purposes the child of the petitioner or petitioners. The court may decree that the name of the person sought to be adopted be changed, according to the prayer of the petition.

4. Before the completion of an adoption, the exchange of information among the parties shall be at the discretion of the parties. **Prospective adoptive parents and birth parents may enter into a written post adoptive contact agreement to allow contact, communication, and the exchange of photographs after the adoption between the adoptive parents and the birth parents. The court shall not order any party to enter into a post adoption contact agreement. The agreement shall be filed with and approved by the court at or before the finalization of the adoption. The court shall approve an agreement only if the agreement is in the best interests of the child. The court may enforce or modify an agreement made under this subsection unless such enforcement or modification is not in the best interests of the**

**child. The agreement shall include:**

**(1) An acknowledgment by the birth parents that the adoption is irrevocable, even if the adoptive parents do not abide by the post adoption contact agreement;**

**(2) An acknowledgment by the adoptive parents that the agreement grants the birth parents the right to seek to enforce the provisions of the post adoption contact agreement. Remedies for a breach of the agreement shall include specific performance of the terms of the agreement; provided, that nothing in the agreement shall preclude a party seeking to enforce the agreement from utilizing child welfare mediation before, or in addition to, the commencement of a civil action for specific enforcement;**

**(3) An acknowledgment that the post adoption contact agreement shall be filed with and approved by the court in order to be enforceable; and**

**(4) An acknowledgment that the birth parent's consent to the adoption was not conditioned on the post adoption contact agreement and that acceptance of the agreement is fully voluntary.**

Upon completion of an adoption, further contact among the parties shall be at the discretion of the adoptive parents **or in accordance with a post adoption contact agreement executed under this subsection.** The court shall not have jurisdiction to deny [continuing contact between the adopted person and the birth parent, or an adoptive parent and a birth parent. Additionally, the court shall not have jurisdiction to deny] an exchange of identifying information between an adoptive parent and a birth parent.

5. Before the completion of an adoption, the court shall make available to the birth parent or parents a contact preference form developed by the state registrar pursuant to section 193.128 and provided to the court by the department of health and senior services. If a birth parent chooses to complete the form, the clerk of the court shall send the form with the certificate of decree of adoption to the state registrar. Such form shall accompany the original birth certificate of the adopted person and may be updated by a birth parent at any time upon the request of the birth parent.”; and

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for House Bill No. 1291, Page 1, In the Title, Line 3 of the title, by striking “taxing districts” and inserting in lieu thereof the following: “taxes”; and

Further amend said bill, Page 6, Section 94.900, Line 111, by inserting after all of said line the following:

“137.021. 1. The assessor, in grading land which is devoted primarily to the raising and harvesting of crops, to the feeding, breeding and management of livestock, to dairying, or to any combination thereof, as defined in section 137.016, pursuant to the provisions of sections 137.017 to 137.021, shall in addition to the assessor’s personal knowledge, judgment and experience, consider soil surveys, decreases in land valuation due to natural disasters, level of flood protection, governmental regulations limiting the use of such land, the estate held in such land, and other relevant information. On or before December thirty-first of each odd-numbered year, the state tax commission shall promulgate by regulation and publish a value based on productive capability for each of the several grades of agricultural and horticultural land. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year. Such values shall be based upon soil surveys, soil productivity indexes, production costs, crop yields, appropriate capitalization rates and any other pertinent factors, all of which may be provided by the college of agriculture of the University of Missouri, and shall be used by all county assessors in conjunction with their land grades in determining assessed values. Any regulation promulgated pursuant to this subsection shall be deemed to be beyond the scope and authority provided in this subsection if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the values contained in such regulation. If the general assembly so disapproves any regulation promulgated pursuant to this subsection, the state tax commission shall continue to use values set forth in the most recent preceding regulation promulgated pursuant to this subsection.

2. When land that is agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021 becomes property other than agricultural and horticultural property, as defined in section 137.016, it shall be reassessed as of the following January first.

3. Separation or split-off of a part of the land which is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021, either by conveyance or other action of the owner of the land, so that such land is no longer agricultural and horticultural property, as defined in section 137.016, shall subject the land so separated to reassessment as of the following January first. This shall not impair the right of the remaining land to continuance of valuation and assessment for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021.

**4. The state tax commission shall not promulgate a rule increasing agricultural land productive values more than two percent above the values in effect prior to the rule promulgation or eight percent above the lowest value in effect in any of the ten years prior to the rule promulgation.”; and**

Further amend the title and enacting clause accordingly.

The county commissions of the counties of this state are hereby authorized to issue bonds for and on behalf of their respective counties for the construction, reconstruction, improvement, maintenance and repair of any and all public roads, highways, bridges [and], culverts, **streets, avenues, or alleys** within such county, including the payment of any cost, judgment and expense for property, or rights in property, acquired by purchase or eminent domain, as may be provided by law, in such amount and such manner as may be provided by the general law authorizing the issuance of bonds by counties.

2. The proceeds of all bonds issued under the provisions of this section shall be paid into the county treasury where they shall be kept as a separate fund to be known as “The Road Bond Construction Fund” and such proceeds shall be used only for the purpose mentioned herein. [Such funds may be used in the construction, reconstruction, improvement, maintenance and repair of any street, avenue, road or alley in any incorporated city, town or village if such street, avenue, road or alley or any part thereof shall form a part of a continuous road, highway, bridge or culvert of said county leading into or through such city, town or village.] **The county may contract with any other political subdivision to share the proceeds of such bonds to be used for the purposes authorized.**

137.555. or

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. (1) An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, or through the court granting an expungement of all official records under section 568.040. A certified copy of the court order establishing that such conviction has been reversed, guilty plea has been set aside, or expungement has been granted under section 568.040 shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on **one or more of the following** grounds [that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040]:

**(a) The conviction on which the authority for including that person's DNA record or DNA profile was based on has been reversed;**

**(b) The guilty plea on which the authority for including that person's DNA record or DNA profile was based on has been set aside;**

**(c) The prosecutor has declined prosecution on all alleged offenses which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;**

**(d) The prosecutor has withdrawn all qualifying charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;**

**(e) The case or cases containing all charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile, are dismissed;**

**(f) The court finds at a preliminary hearing that there is no probable cause to try that person for any charge which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;**

**(g) That person is found not guilty of all charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile.**

(3) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction, setting aside the plea, or granting an expungement of all official records under section 568.040, and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

[10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.]; and

2. If the attorney general makes the determination described in subsection 1 of this section, the attorney general shall request written proposals from private attorneys to represent the state, unless the attorney general determines that requesting proposals is not feasible under the circumstances and sets forth the basis for this determination in writing. If a request for proposals is issued, the attorney general shall choose the lowest and best bid or request **that** the office of administration establish an independent panel to evaluate the proposals and choose the lowest and best bid.

#### SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1291, Page 1, Section A, Line 8, by inserting after all of said line the following:

“32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section, and shall be imposed on all transactions on which the Missouri state sales tax is imposed.

3. (1) Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

(2) For all tax years beginning on or after January 1, 2019, the total combined rate of sales taxes under the local sales tax law for any given taxing jurisdiction shall not exceed seven and two hundred seventy-five thousandths percent.

4. The brackets required to be established by the director of revenue under the provisions of section

144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2018, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2018, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection

be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2018, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2019.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November 2018, then the governing body of such taxing jurisdiction may, at any election subsequent to the repeal or after the general election in November 2018, if the jurisdiction failed to present the ballot to the voters, place before the voters the issue of imposing a sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 that were purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) apply and collect the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in an increase of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name), and it will remove a competitive advantage that non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect and be imposed on the first day of the second calendar quarter after the election.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax

law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent

taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.”; and

No penalty or interest imposed under any law shall be charged on any real or personal property tax when the county collector certifies due to system failures or other reason that the statement required by section 52.230 was mailed less than thirty days prior to the delinquent date and the taxpayer paid taxes owed by fifteen days after the delinquent date or fifteen days after the certified date of mailing, whichever is later.

## SECOND REGULAR SESSION

---

**FORTY-THIRD DAY—MONDAY, MARCH 26, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“Let days speak, and many years teach wisdom. But it is in the spirit in man, the breathe of the Almighty, that makes him understand.”  
(Job 32:7-8)

Almighty God, we are so thankful for the time we have had to rest and be able to do the things we deem most important. We return encouraged to take on the work that is before us. We ask for Your spirit to be present with us and guide our hearts and minds so that we have a clear understanding what You deem important for us to accomplish that will lead us to be most helpful for the people we serve. In Your Holy Name we pray. Amen.

4. The petition shall include the following information:

(a) Full name;

(b) Sex;

(c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) It has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed

for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

(2) Any license issued under chapter 313 or permit issued under chapter 571;

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are

granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law."; and

or

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

(6) At the time of registering as a sex offender under sections 589.400 to 589.425.

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The board of probation or parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

4. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA databank system.

5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, and their employees who need to obtain such records to perform their public duties;

(4) The individual whose DNA sample has been collected, or his or her attorney; or

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and

their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. (1) An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, or through the court granting an expungement of all official records under section 568.040. A certified copy of the court order establishing that such conviction has been reversed, guilty plea has been set aside, or expungement has been granted under section 568.040 shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on **one or more of the following** grounds [that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040]:

**(a) The conviction on which the authority for including that person's DNA record or DNA profile was based on has been reversed;**

**(b) The guilty plea on which the authority for including that person's DNA record or DNA profile was based on has been set aside;**

**(c) The prosecutor has declined prosecution on all alleged offenses which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;**

**(d) The prosecutor has withdrawn all qualifying charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;**

**(e) The case or cases containing all charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile, are dismissed;**

**(f) The court finds at a preliminary hearing that there is no probable cause to try that person for any charge which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;**

**(g) That person is found not guilty of all charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile.**

(3) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction, setting aside the plea, or granting an expungement of all official records under section 568.040, and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty

days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

[10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.]”.

SENATE RESOLUTION NO. 1591

Whereas, the members of the Missouri Senate feel it is altogether right and proper to pause from time to time to recognize milestones in the legislative history of this great country; and

Whereas, the members now pause to observe the fiftieth anniversary of the Wild and Scenic Rivers Act, an Act passed by a unanimous vote in the United States Senate and signed by President Lyndon B. Johnson on October 2, 1968; and

Whereas, in the Act, Congress sought to protect outstanding rivers that “shall be preserved in free-flowing condition, and that they and their immediate environments shall be protected for the benefit and enjoyment of present and future generations”; and

Whereas, to implement this objective, the Act created the National Wild and Scenic Rivers System, providing for the designation of wild and scenic rivers; and

Whereas, the Act defines wild and scenic rivers as “certain selected rivers of the Nation which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geological, fish and wildlife, historical, cultural, or other similar values”; and

Whereas, the Eleven Point River in Missouri was one of the eight rivers designated by the original Act in 1968; and

Whereas, in 2018, forty-four miles of the Eleven Point River were included in the National Wild and Scenic Rivers System, providing Missourians with a high quality recreational opportunity and natural resource; and

Whereas, the Eleven Point Wild and Scenic River is administered by the United States Forest Service, with the cooperation and assistance of state and local governments, private groups, and land owners, which have done an outstanding job of protecting the river for the past fifty years; and

Whereas, public awareness of the importance of wild and scenic rivers must be raised and public and private cooperation encouraged to promote the continued protection of these precious river values; and

Whereas, tourism on the Eleven Point River supports many local businesses, including canoe rental liveries, fishing guide services, rental cabins, and restaurants:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, hereby recognize the fiftieth anniversary of the Wild and Scenic Rivers Act and encourage citizens to protect our state’s river resources; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Department of Natural Resources.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 1050, Page 7, Section 227.544, Line 10 of said page, by inserting after all of said line the following:

“263.245. 1. **Subject to voter approval under section 263.247**, all owners of land in:

**(1)** Any county with a township form of government, located north of the Missouri River and having

no portion of the county located east of U.S. Highway 63 [and located in];

(2) Any county of the third classification without a township form of government and with more than four thousand one hundred but fewer than four thousand two hundred inhabitants[.]; or [in]

(3) Any county of the third classification without a township form of government and with more than two thousand three hundred but fewer than two thousand four hundred inhabitants

shall control all brush growing on such owner's property that is designated as the county right-of-way or county maintenance easement part of such owner's property and which is adjacent to any county road. Such brush shall be cut, burned, or otherwise destroyed as often as necessary in order to keep such lands accessible for purposes of maintenance and safety of the county road **and to prevent brush from interfering with any vehicle that may travel the road.**

2. The county commission, either upon its own motion or upon receipt of a written notice requesting the action from any residents of the county in which the county road bordering the lands in question is located or upon written request of any person regularly using the county road, may control such brush so as to allow easy access to the land described in subsection 1 of this section, and for that purpose the county commission, or its agents, servants, or employees shall have authority to enter on such lands without being liable to an action of trespass therefor, and shall keep an accurate account of the expenses incurred in eradicating the brush, and shall verify such statement under seal of the county commission, and transmit the same to the officer whose duty it is or may be to extend state and county taxes on tax books or bills against real estate. Such officer shall extend the aggregate expenses so charged against each tract of land as a special tax, which shall then become [a lien on such lands,] **due on such landowner's real and personal property tax assessment** and be collected as state and county taxes are collected by law and paid to the county commission and credited to the county control fund.

3. Before proceeding to control brush as provided in this section, the county commission of the county in which the land is located shall notify the owner of the land of the requirements of this law [by certified mail, return receipt requested, from a list] **in writing using any mail service with delivery tracking and an address** supplied by the officer who prepares the tax list[,], and shall allow the owner of the land thirty days from [acknowledgment date of return receipt, or] **the** date of [refusal of acceptance of] delivery [as the case may be,] to eradicate all such brush growing on land designated as the county right-of-way or county maintenance easement part of such owner's land and which is adjacent to the county road. In the event that the property owner cannot be located by [certified] mail, notice shall be placed in a newspaper of general circulation in the county in which the land is located at least thirty days before the county commission removes the brush pursuant to subsection 2 of this section. Such property owner shall be granted an automatic thirty-day extension due to hardship by notifying the county commission that such owner cannot comply with the requirements of this section, due to hardship, within the first thirty-day period. The property owner may be granted a second extension by a majority vote of the county commission. There shall be no further extensions. For the purposes of this subsection, "hardship" may be financial, physical or any other condition that the county commission deems to be a valid reason to allow an extension of time to comply with the requirements of this section.

4. County commissions shall not withhold rock, which is provided from funds from the county aid road trust fund, for maintaining county roads due to the abutting property owner's refusal to remove brush located on land designated as the county right-of-way or county maintenance easement part of such owner's

land. County commissions shall use such rock on the county roads, even though the brush is not removed, or county commissions may resort to the procedures in this section to remove the brush.

**5. The county right-of-way or county maintenance easement shall extend fifteen feet from the center of the county road or the distance set forth in the original conveyance, whichever is greater. For purposes of this subsection, the “center of the county road” shall be the point equidistant from both edges of the drivable ground of the road in its current condition.**

**6. In the event a county is required to obtain a land survey to enforce this section, the costs of such survey shall be divided equally between the county and the landowner.”; and**

Further amend the title and enacting clause accordingly.

Senator Hegeman moved that the above amendment be adopted, which motion prevailed.

At the request of Senator Schatz, **SB 1050**, with SCS and SS for SCS (pending), was placed on the Informal Calendar.

“304.015. 1. All vehicles not in motion shall be placed with their right side as near the right-hand side of the highway as practicable, except on streets of municipalities where vehicles are obliged to move in one direction only or parking of motor vehicles is regulated by ordinance.

2. Upon all public roads or highways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(1) When overtaking and passing another vehicle proceeding in the same direction pursuant to the rules governing such movement;

(2) When placing a vehicle in position for and when such vehicle is lawfully making a left turn in compliance with the provisions of sections 304.014 to 304.025 or traffic regulations thereunder or of municipalities;

(3) When the right half of a roadway is closed to traffic while under construction or repair;

(4) Upon a roadway designated by local ordinance as a one-way street and marked or signed for one-way traffic; **and**

**(5) Motorcycles and motortricycles may operate on the shoulder of state limited access highways and interstate highways when traffic has slowed to below thirty miles per hour. Motorcycles and motortricycles operated on a shoulder shall not exceed the lesser of thirty-five miles per hour or ten miles per hour in excess of the flow of traffic. This subdivision shall not be construed to permit operation of a motor vehicle in excess of a posted speed limit.**

3. It is unlawful to drive any vehicle upon any highway or road which has been divided into two or more roadways by means of a physical barrier or by means of a dividing section or delineated by curbs, lines or other markings on the roadway, except to the right of such barrier or dividing section, or to make any left turn or semicircular or U-turn on any such divided highway, except at an intersection or interchange or at any signed location designated by the state highways and transportation commission or the department of transportation. The provisions of this subsection shall not apply to emergency vehicles, law enforcement vehicles or to vehicles owned by the commission or the department.

4. The authorities in charge of any highway or the state highway patrol may erect signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the center line of the highway, and all members of the Missouri highway patrol and other peace officers may direct traffic in conformance with such signs. When authorized signs have been erected designating off-center traffic lanes, no person shall disobey the instructions given by such signs.

5. Whenever any roadway has been divided into three or more clearly marked lanes for traffic, the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety;

(2) Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane, except when overtaking and passing another vehicle where the roadway ahead is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is sign-posted to give notice of such allocation;

(3) Upon all highways any vehicle proceeding at less than the normal speed of traffic thereon shall be driven in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb, except as otherwise provided in sections 304.014 to 304.025;

(4) Official signs may be erected by the highways and transportation commission or the highway patrol may place temporary signs directing slow-moving traffic to use a designated lane or allocating specified

lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign;

(5) Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and except when a roadway has been divided into traffic lanes, each driver shall give to the other at least one-half of the main traveled portion of the roadway whenever possible.

6. All vehicles in motion upon a highway having two or more lanes of traffic proceeding in the same direction shall be driven in the right-hand lane except when overtaking and passing another vehicle or when preparing to make a proper left turn or when otherwise directed by traffic markings, signs or signals.

7. All trucks registered for a gross weight of more than forty-eight thousand pounds shall not be driven in the far left-hand lane upon all interstate highways, freeways, or expressways within urbanized areas of the state having three or more lanes of traffic proceeding in the same direction. This restriction shall not apply when:

(1) It is necessary for the operator of the truck to follow traffic control devices that direct use of a lane other than the right lane; or

(2) The right half of a roadway is closed to traffic while under construction or repair.

8. As used in subsection 7 of this section, “truck” means any vehicle, machine, tractor, trailer, or semitrailer, or any combination thereof, propelled or drawn by mechanical power and designed for or used in the transportation of property upon the highways. The term “truck” also includes a commercial motor vehicle as defined in section 301.010.

9. Violation of this section shall be deemed a class C misdemeanor unless such violation causes an immediate threat of an accident, in which case such violation shall be deemed a class B misdemeanor, or unless an accident results from such violation, in which case such violation shall be deemed a class A misdemeanor.”; and

Senator Nasheed offered SA 2:

#### SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 949, Page 3, Section 167.450, Line 20, by inserting after “2.” the following: **“Except as provided for in section 167.735,”**; and

Further amend said bill and section, page 10, line 13, by inserting after all of said line the following:

**“167.735. 1. Notwithstanding the provisions of section 167.450 to the contrary, beginning July 1, 2019, every public school in the metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, including charter schools, shall incorporate a response-to-intervention tiered approach to reading instruction to focus resources on students who are determined by their school to need additional or changed instruction to make progress as readers. At a minimum, the reading levels of students in kindergarten through tenth grade shall be assessed at the beginning and middle of the school year, and students who score below district benchmarks shall be provided with intensive, systematic reading instruction.**

**2. Beginning January 1, 2019, and every January first thereafter, every public school in the metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, including charter schools, shall prepare a personalized learning plan for any kindergarten or first grade student whose most recent school-wide reading assessment result shows the student is working below grade level unless the student has been determined by other means in the current school year to be working at grade level or above. The provisions of this section shall not apply to students otherwise served under an individualized education program, to students receiving services through a plan prepared under Section 504 of the Rehabilitation Act of 1973 that includes an element addressing reading below grade level, or to students determined to have limited English proficiency.**

**3. For any student in a metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county that is required by this section to have a personalized learning plan, the student’s main teacher shall consult with the student’s parent or guardian during the preparation of the plan and shall consult, as appropriate, any district personnel or department of elementary and secondary education personnel with necessary expertise to develop such a plan. The school shall require the written consent of the parent or guardian to implement the plan; however, if the school is unsuccessful in contacting the parent or guardian by January fifteenth, the school may send a letter by certified mail to the student’s last known address stating its intention to implement the plan by February first.**

**4. After implementing the personalized learning plan through the end of the student’s first grade year, the school shall refer any student who still performs below grade level for assessment to determine if an individualized education program is necessary for the student. A student who is assessed as not needing an individualized education program but who is reading below grade level**

at the end of the first grade shall continue to be required to have a personalized learning plan until the student is reading at grade level.

5. Notwithstanding any provision of law to the contrary, any student in a metropolitan or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county who is not reading at second-grade level by the end of second grade may be promoted to the third grade only under one of the following circumstances:

(1) The school provides additional reading instruction during the summer and demonstrates the student has the abilities and the knowledge to successfully learn in third grade at the end of the summer school;

(2) The school provides a combined classroom in which the student continues with the same teacher, sometimes referred to as “looping”. If the student in such a classroom is not reading at third-grade level by the end of third grade, the student shall be retained in third grade; or

(3) The student’s parents or guardians have signed a notice that they prefer to have their student promoted although the student is reading below grade level. The school shall have the final determination on the issue of retention.

6. The metropolitan school district, any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, and each charter school located in such districts shall provide in its annual report card under section 160.522 the numbers and percentages by grade from first grade to tenth grade in each school of any students at any grade level who have been promoted who have been determined as reading below grade level, except that no reporting shall permit the identification of an individual student.

7. School districts and charter schools under this section may provide for a student promotion and retention program and a reading instruction program that are equivalent to those which are described in this section with the oversight and approval of the department of elementary and secondary education.”; and

Further amend the title and enacting clause accordingly.

“Draw near to God and he will draw near to you.” (James 4:8)

Help us always keep a special time with You so we may recharge and truly hear Your word and understand Your instructions for us and the purpose for which You have given us the talents and skills we possess. The executive director shall determine those judges who indicate their desire to serve as special investigators and to investigate any and all complaints referred to them by the commission. The executive director shall maintain an updated list of those judges qualified and available for appointment to serve as special investigators. Such list shall be updated at least annually. The commission shall refer complaints to such special investigators on that list on a rotating schedule which ensures a random assignment of each special investigator. Each special investigator shall receive only one unrelated investigation at a time and shall not be assigned to a second or subsequent investigation until all other eligible investigators on the list have been assigned to an investigation. In the event that no special investigator is qualified or available to conduct a particular investigation, the commission may appoint a special investigator to conduct such particular investigation.

the state and political subdivisions in carrying out the provisions of sections 105.450 to 105.496 and chapter 130;

(5) Make recommendations to the governor and general assembly or any state agency on the need for further legislation with respect to the ethical conduct of public officials and employees and to advise state and local government in the development of local government codes of ethics and methods of disclosing conflicts of interest as the commission may deem appropriate to promote high ethical standards among all elected and appointed officials or employees of the state or any political subdivision thereof and lobbyists;

Subpoenas duces tecum shall be served and enforced in the same manner provided by section 536.077;

(4) Employ such personnel, including legal counsel, and contract for services including legal counsel, within the limits of its appropriation, as it deems necessary provided such legal counsel, either employed or contracted, represents the Missouri ethics commission before any state agency or before the courts at the request of the Missouri ethics commission. Nothing in this section shall limit the authority of the Missouri ethics commission as provided for in subsection 2 of section 105.961; and

16. (1) Upon written request for an advisory opinion received by the commission, and if the commission determines that the person requesting the opinion would be directly affected by the application of law to the facts presented by the requesting person, the commission shall issue a written opinion advising the person who made the request, in response to the person's particular request, regarding any issue that the commission can receive a complaint on pursuant to section 105.957. Any advisory opinion or portion of an advisory opinion rendered pursuant to this subsection shall be withdrawn by the commission if, after hearing thereon, the joint committee on administrative rules finds that such advisory opinion is beyond or contrary to the statutory authority of the commission or is inconsistent with the legislative intent of any law enacted by the general assembly, and after the general assembly, by concurrent resolution, votes to adopt the findings and conclusions of the joint committee on administrative rules. Any such concurrent resolution adopted by the general assembly shall be published at length by the commission in its publication of advisory opinions of the commission next following the adoption of such resolution, and a copy of such concurrent resolution shall be maintained by the commission, along with the withdrawn advisory opinion, in its public file of advisory opinions. The commission shall also send a copy of such resolution to the person who originally requested the withdrawn advisory opinion. Any advisory opinion issued by the ethics commission shall act as legal direction to any person requesting such opinion and no person shall be liable for relying on the opinion and it shall act as a defense of justification against prosecution. An advisory opinion of the commission shall not be withdrawn unless:

- (a) The authorizing statute is declared unconstitutional;
- (b) The opinion goes beyond the power authorized by statute; or
- (c) The authorizing statute is changed to invalidate the opinion.

(2) Upon request, the attorney general shall give the attorney general's opinion, without fee, to the commission, any elected official of the state or any political subdivision, any member of the general assembly, or any director of any department, division or agency of the state, upon any question of law regarding the effect or application of sections 105.450 to 105.496, or chapter 130. The state auditor and any employee of the state auditor shall not disclose the identity of any person who is or was the subject of an investigation by the commission and whose identity is not public information as provided by law.

18. From time to time but no more frequently than annually the commission may request the officials and entities described in subdivision (6) of section 105.450 to identify for the commission in writing those persons associated with such office or entity which such office or entity has designated as a decision-making public servant. # Journal of the Senate

## SECOND REGULAR SESSION

---

**FIFTIETH DAY—MONDAY, APRIL 9, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“I will lift my eyes unto the hills, from where comes my Help? My help comes from the Lord.” (Psalm 121:1-2)

As we begin a new week, O Lord, we are aware of Your servant David who was often pressed from all sides while dealing with the work of the state. David learned as we are learning that You are our help when we are stressed and perplexed by what is before us. You O Lord provide wisdom and calmness, love and grace to deal with these challenges that call for us to make fair and equitable decisions for all who come before us with legitimate concerns and needs. May we be faithful to Your prompting. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.
